### **Modified Competency Determination for Class of 2020**

Superintendent Thomas invited Dr. Murray and Dr. Cancell to give an update about the modified competency determination.

Dr. Murray discussed steps that are required to gather for the Department of Education of any senior that has not successfully completed one of the three MCAS exams. Transcripts are being reviewed to see if a student meets the criteria established by the state, that would be successfully completing a course that would cover the competency in the specific MCAS ELA, math or science exam. There is a small amount of seniors that this will apply to. The Department of Education will give further information and instructions of what is required to submit for a waiver on June 1<sup>st</sup>.

Superintendent Thomas thanked Brockton High School Deans, Assistant Deans, Department Heads and Teachers for their efforts and support to the seniors.

### **Remote Learning Update**

Superintendent Thomas invited June Saba-Maguire to discuss the remote learning plan. He thanked the Principals, Administrators, teachers and staff for their outreach and support to parents and students.

Ms. Saba-Maguire reiterated what Superintendent Thomas spoke about on ways that our teachers, principals, administrators and adjustment counselors can connect with our families. Resources are provided on the BPS website every week. As a district we are fortunate to have a talented curriculum team that includes district coordinators and instructional coaches that put together resources for our teachers and students, our content leads, associate principals and department heads. She recognized our teachers and

the excellent job they have done to support our students with resources and to supplement through enrichment and other learning activities.

She presented an overview of how we've approached this phase of our remote learning based upon what the Department of Education pre-requisition standards are and how the district has mapped out the standards. As we begin to plan for re-entry we can look at the standards that we have focused on since March 12, 2020. As we identify the standards that were covered we can provide extra support to students who may have missed or may have not had enough time to engage with them.

Thank you, School Committee members your support is always appreciated.

Thank you, Dr. Murray, Dr. Cobbs and Tobias Cowans in assisting with the learning printed packets that are available to students and parents without internet access.

#### Questions/Answers

- Do we have any information on the students that were not engaged? Attendance officers are contacting parents and students reconnecting them to their schools. The NAACP and other community partners are assisting in making calls and connecting with families/students to become engaged with their school and teachers. Families are reaching directly to their child's school on their own. The City Champion Mentors are going door to door to reach out to the remaining students, speaking with students in the community hanging out to re-engage them to their school and teachers to access their work that we're providing while school is in session. More information will be given at the next school committee meeting.

#### Internet Access

Superintendent Thomas invited Karen McCarthy Director of Title One to discuss internet access for families that are in need.

Ms. McCarthy discussed a conversation that she had with Comcast today. Title One is able to purchase 500 access codes that will help 500 students access the internet. The bilingual office has reached out to families and principals to identify families in need. We have 92 families signed up to receive codes with internet access for six months upon sign up. We as a district will need to decide how long to keep the enrollment open, other districts are opening enrollment until June 30<sup>th</sup>. A decision we will need to make is, do we have Comcast send out letters to parents or do we have principals, teachers and administrators call the families. Ms. McCarthy feels it would be more effective if we reach out to the families and give the access codes and translate to families that need assistance in their language.

Superintendent Thomas thanked Ms. McCarthy for her assistance with Comcast. We will have Chief Public Relations Officer Jess Hodges send a message to families and direct them to contact their child's principal directly if they need internet access to engage with their teachers. Principal's will continue to reach out to families that teachers have identified as non-engagement and connect them directly to Karen where she can provide internet access code.

#### Laptop Donation Campaign

Superintendent Thomas invited Dr. Soraya deBarros Director of Community Schools and Ms. Michele Bolton Communication Director to give an update on funds raised for the laptop donation campaign.

Ms. Bolton discussed the laptop donation campaign and reported funds raised in a week totaled \$38,527.75 Superintendent Thomas asked to do this fundraiser because so many laptops have been handed out to families and we have families in the district that are not able to afford devices. The goal is to get devices for families that will help students to succeed in remote learning.

The campaign was launched two weeks ago with a goal of \$10,000 and within an hour Dan Vigeant Director of Tech Services received a pledge of \$10,000 from Ockers Company, a local vendor the district purchases from. We are able to get 30 laptops from this kind donation. The goal was then raised to \$20,000 and within a few hours we met that goal and raised it to \$30,000 and higher. In this short period of time we have gained momentum to raise \$40,000.

Dr. deBarros discussed how they are contacting personal businesses. This week they are working on mailing letters to 700 local businesses in Brockton and emailing people they know asking to share with their contacts.

Ms. Bolton has posted information on five social media platforms along with providing the link to the donations and asked everyone to share with their platforms as well. The link is currently on Brockton Public Schools, Brockton High School Athletics, Brockton High School Alumni Community Schools and Brockton Community and Family Center. This is an effort being hosted by Community Schools and Brockton Educational Foundation. The donation form is set up where you can contribute in a variety of choices, for example you can donate in memory of a graduate, teacher or family member. Staff was asked to share the link resulting in many staff members donating of their own choice, and many have shared with their own network. Director of Advancement Mary Kelly from Stonehill College also reached out to help.

Dr. deBarros and Ms. Bolton thanked everyone that has helped support this campaign, Superintendent Thomas, Jess Hodges, Dan Vigeant and Principals.

#### Questions/Answers

Yes, larger companies have been reached out to for donations.

Superintendent Thomas thanked both Dr. deBarros and Michele Bolton for their hard work and effort.

**New Business**

Mr. D’Agostino shared an email regarding Principal Rogan and teacher Ms. Lavigne at the Kennedy School, and how they took the time to reach out to their student who was having medical challenges, and how it meant so much speaking to them telling her to remain “Cougar Strong”. The mother commented that she was surprised and didn’t expect Principal Rogan to take the time out and call her daughter but went on to say, “we all know how he cares for his students”, and Kennedy School is amazing.

Superintendent Thomas discussed the Finance Subcommittee meeting held earlier this evening, a vote was taken to return excess transportation funding on the non-net spending back to the city.

Mayor Sullivan shared information of phone calls that he has with the Governor, Mayors, Senators, House Speakers, State Delegation, Superintendent Thomas, Chief Financial Officer Aldo Petronio, City Chief Financial Officer Troy Clarkson and Council President Shirley Asack letting us know that we need to be on the same page, the financial status for Brockton is not looking good. Some Mayors are projecting a 20% cut in local aid which would be Chapter 70 and UGGA (Unrestricted General Government Aid). If we have a 20% cut that would be \$40 million dollars, if we have a 10% cut that would be \$20 million dollars. What Superintendent Thomas, Chief Financial Officer Aldo Petronio, City Chief Financial Officer Troy Clarkson and the Mayor are doing is pleading our case and asking for guidance from Beacon Hill. They are having conversations with Representative Claire Cronin, Representative Michelle DuBois, Representative Gerard Cassidy and Senator Michael Brady and are working to get that information. The speaker is saying perhaps a 1/12 budget and the senate president is saying probably not, however the Mayor feels it will be drastic for the City of Brockton. Once the Mayor receives information from Beacon Hill he will share it with us.

Superintendent Thomas thanked Mayor Sullivan for allowing him to be on the calls and is hopeful we get Chapter 70 funding sooner rather than later to know where we stand. He also mentioned BEA President Kim Gibson and MTA are pushing for Chapter 70 funding as well.

Mr. Rodrigues asked if the school side could provide support services to the Board of Health to help input data information and a graph. Superintendent Thomas replied Ms. Linda Cahill and BPS nurses are inputting data. City Council Jeff Thompson emailed help with creating a graph and the Math Department Head at Brockton High School Mr. Daniel Corbett along with math teachers are able to help. If information needs to be displayed on the message board at Brockton High school, please contact Jess Hodges.

Mayor Sullivan mentioned School Committee members Cynthia Mendes and Tony Rodrigues are on the Health Equity Taskforce, if anyone wants to join the Mayor welcomes all. He had a conversation with Attorney General Maura Healy yesterday, Mayor Walsh, Mayor Kim Driscoll, Mayor Tom McGee, Mayor Yvonne Spicer, and other Mayors as they are looking for data; age, race and gender that DPH is no longer giving. Any data that Brockton receives will help map out the second surge. Mayor Sullivan thanked BEA President Kim Gibson and Superintendent Thomas for their help of nurse Linda Cahill and 8 BPS nurses to assist with nurse Evelyn Labraun. Linda Cahill will work through the summer and return to the school side in September. The Board of Health will hire a permanent Executive Health Officer.

Ms. Asack asked if schools and other programs that occur during the summer are cancelled. Superintendent Thomas replied yes, all rentals were canceled on March 12<sup>th</sup> for the summer. The Task Force Committee is working on what the re-opening of school will look like, updates and presentations will be provided in June.

Ms. Asack asked will Chartwell's provide food during the summer. Superintendent Thomas is awaiting confirmation to see if the 10 locations will operate. Chief Financial Officer Aldo Petronio confirmed we are receiving documents to allow us to go from the regular school year and into the summer program. In the past children would have to go to the park to eat, however the rules will change this summer due to social distancing students will be allowed to come to the site for pick up.

Ms. Asack thanked everyone for their continued support to our students making the best to an unforeseen situation.

Mayor Sullivan thanked United Way as he negotiated the Brockton Together Fund is in conjunction with Plymouth County and Mass Bay, \$10,000 was donated from National Grid and \$20,000 was donated as seed money from United Way raising money that will help Brocktonians. The money will be paid out and distributed to non-profit social service agencies that then will give it to Brockton residents.
