

# Careers E-Bulletin

## Issue 2 - 12 May 2020

I hope you enjoyed looking at the many opportunities offered in our first Careers E-Bulletin last week. I'm delighted now to bring you some more...

### Y7 – Y13 Quiz Time!

Have a go at the Apprenticeship Employer Logo quiz to see how many you can identify. Good luck!

### Y9 – Y13 Virtual Careers Festival

The Virtual Careers Festival is going live on Tuesday 19<sup>th</sup> May at 11am until Friday. Take a look and register on [Learn Live website](#). Try and watch a few of the 5 minute Day in a Life videos to see what it is like to work in a range of fields, e.g. finance, law, creative, media, construction and engineering. If you can't join on the day, the resources and activities will be stored on the website so do take a look when you can.

### Y7 – Y13 Webinar on the health professions

The University of Liverpool are offering a webinar for pupils in Y7 – Y13 to find out more about the Allied Health Professions, e.g. Physiotherapist, Osteopath, Diagnostic Radiographer.

There is also a webinar on Creating a Backup to Medicine for Y12 and Y13.

Sign up here - [I See The Difference](#).

**Y12 Medicine applicants** -The Medical Schools Council has produced the [Medical Schools Council guide](#) for Y12 medicine applicants who are concerned about work experience. It contains volunteering and virtual work experience ideas.

## Y10 – Y12 University of Oxford Science event

Corpus Christie College, University of Oxford are running the North West Science Network Remote Summer School 2020 for Y10 – Y12 pupils who are thinking of studying a STEM subject at university. There will be one scheduled event every day between June 22nd – June 26th including a lecture, tutorials, Q and As, remote science outreach sessions and group work to complete a poster. You will also be able to e-meet current undergraduate students studying STEM subjects at Oxford and ask them questions. You can apply by 24 May at <https://oxford.onlinesurveys.ac.uk/nwsn-summer-school-application>

## Y11 - transition course for pupils who plan to study A-Level physics

The University of Liverpool Maths School is running an A-Level physics transition course for Y11 students who will be studying A-Level physics in Y12. You can sign up here - [A level Transition course](#)

## Y11 – Y13 Short Course in Economics

The University of Warwick are offering a free short course on Economics in the Real World. There will be four taster lectures on Thursdays at 10am. It is aimed at 16-18 year olds with a passion for learning new subjects - you do not need to be studying Economics. Please sign up on this [webpage](#).

## Y7 – Y13 Hearing from employers

The Pledge Learn Live virtual careers sessions are available online every Tuesday and Thursday at 11am. This week you can hear from Apprentify (specialists in digital apprenticeships) and Franklyn Financial Management (personal financial planning) and ask questions via the chat facility. If you are unable make the live sessions, all videos are stored on the Pledge page for 12 months and the chat function remains open for a few weeks. <https://learnliveuk.com/partner/cheshire-and-warrington-lep/>

Springpod have launched Learn Lounge with live and interactive free careers talks. <https://www.springpod.co.uk/learn-lounge/> Pupils can hear careers stories from industry leaders like British Engineer Richard Browning (inventor of the world's fastest jet suit), employability talks with practical advice from industry insiders like Dan Doherty (recruitment manager at Gag Gemini) and motivational and entrepreneurial speakers like Mark Warburton (manager at QPR football club).
