

# LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Victor Valley Union High  
 CDS Code: 36679340000000  
 Local Control and Accountability Plan (LCAP) Year: 2019-20  
 LEA Contact Information: Dr. Ron Williams | rwilliams@vvuhsd.org | 7609553201

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2019-20 LCAP Year

### Projected Revenue by Fund Source

Source	Funds	Percentage
All Other State Funds	\$7,876,707	6%
All Local Funds	\$3,716,778	3%
All Federal Funds	\$10,779,317	8%
Total LCFF Funds	\$118,993,783	83%

## Breakdown of Total LCFF Funds

Source	Funds	Percentage
LCFF Supplemental & Concentration Grants	\$29,140,112	20%
All Other LCFF Funds	\$89,853,671	63%

*These charts show the total general purpose revenue Victor Valley Union High expects to receive in the coming year from all sources.*

The total revenue projected for Victor Valley Union High is \$141,366,585, of which \$118,993,783 is Local Control Funding Formula (LCFF), \$7,876,707 is other state funds, \$3,716,778 is local funds, and \$10,779,317 is federal funds. Of the \$118,993,783 in LCFF Funds, \$29,140,112 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

## Budgeted Expenditures

Source	Funds
Total Budgeted General Fund Expenditures	\$149,259,765
Total Budgeted Expenditures in LCAP	\$16,251,927

*This chart provides a quick summary of how much Victor Valley Union High plans to spend for 2019-20. It shows how much of the total is tied to planned actions and services in the LCAP.*

Victor Valley Union High plans to spend \$149,259,765 for the 2019-20 school year. Of that amount, \$16,251,927 is tied to actions/services in the LCAP and \$133,007,838 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The remaining \$133,007,838.00 covers salary and benefits for personnel who are not part of the increase or improved services for high need students. The budget also cover many additional expenses in the day to day functioning of the school district including overhead for facilities upkeep, utilities, and various contract for services not directly related to increased or improved services.

## Increase or Improved Services for High Needs Students in 2019-20

In 2019-20, Victor Valley Union High is projecting it will receive \$29,140,112 based on the enrollment of foster youth, English learner, and low-income students. Victor Valley Union High must demonstrate the planned actions and services will increase or improve services for high needs students compared to the services all students receive in proportion to the increased funding it receives for high needs students. In the LCAP Victor Valley Union High plans to spend \$7,637,490 on actions to meet this requirement. The additional improved services described in the LCAP include the following:

The current \$133,007,838 covers salary and benefits for personnel who are not part of the increase or

improved services for high need students. The budget also cover many additional expenses in the day to day functioning of the school district including overhead for facilities upkeep, utilities, and various contract for services not directly related to increased or improved services. This also include Special Education encroachment.

# Update on Increased or Improved Services for High Needs Students in 2018-19

## Current Year Expenditures: Increased or Improved Services for High Needs Students

Source	Funds
Total Budgeted Expenditures for High Needs Students in the LCAP	\$5,927,467
Estimated Actual Expenditures for High Needs Students in LCAP	\$10,872,723

*This chart compares what Victor Valley Union High budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Victor Valley Union High estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.*

In 2018-19, Victor Valley Union High's LCAP budgeted \$5,927,467 for planned actions to increase or improve services for high needs students. Victor Valley Union High estimates that it will actually spend \$10,872,723 for actions to increase or improve services for high needs students in 2018-19.

## 2017-20 Plan Summary

### The Story

Describe the students and community and how the LEA serves them.

Victor Valley Union High School District is located in the High Desert region of San Bernardino County, approximately 97 miles northeast of Los Angeles and 35 miles northwest of San Bernardino. Our district is just north of the San Bernardino mountains, at the edge of the Mojave Desert. Interstate 15 and State Highway 18 intersect near the heart of the city and Victorville is bordered on the west by State Highway 395.

The Victor Valley includes the communities of Adelanto, Apple Valley, Hesperia, Lucerne Valley, Oak Hills, Phelan, Victorville, and Wrightwood. Victorville is the business hub of the area and draws consumers from well beyond its immediate area. It is the largest commercial center between San Bernardino and the Nevada border.

The residential population of Victorville is 121,096 and growing. Estimates suggest that this figure more than doubles during business hours to accommodate the needs of the more than 300,000 people who call the Victor Valley home. Victorville is conveniently close to many mountain communities and within 30-40 minutes of Ontario International Airport.

Currently, VVUHSD is proud to provide students with eight schools for high quality, educational learning environments. There are three comprehensive high schools offering grades 9 through 12, two schools of choice with grades 7 through 12, one middle school with grades 7 through 9, and one middle school with grades 7 and 8. Finally, VVUHSD offers an education center which provides alternative learning choices

including a continuation school, adult education, and county community day school.

Our urban district supports the needs of approximately 10,000 students and their families. The district serves an ethnically diverse student body with the five largest ethnic groups of Hispanic/Latino (62.9%), African American (20.8%), White (8.9%), two or more races (2.4%), and Asian (2.2%). The socioeconomic status of the families living within the district boundaries is lower than many surrounding communities. VVUHSD currently has a socioeconomically disadvantaged rate of 83%. When looking at the socioeconomically disadvantaged rate by school, the range is significant, with the lowest school at 70% and the highest school, 93%.

Our staff is committed to providing all students with the opportunity to perform to their fullest potential while ensuring there are minimal differences between the achievement levels of students by race, gender, or economic levels. This includes giving all students access to a well-rounded, rigorous curriculum that is research-based and data-driven and supported by socio-emotional support initiatives, while effectively and efficiently operating within our fiscal accountability system. Our goal is to provide on-going professional development to enhance each site's capacity to continually adjust their teaching practice in response to student performance data. Our focus reflects the expectations of the California's College and Career-Readiness Standards, the California State Standards, the LCFF 8 State Priorities, the California School Dashboard and our local assessments. Our final commitment to our school community is to provide a safe and clean environment to support student learning. Additional evidence of our progress may be accessed via our School Accountability Report Cards (SARCs) at [www.vvuhsd.org](http://www.vvuhsd.org).

### Mission Statement

As the unifying agent of our community, steeped in more than a century of commitment to student achievement, the Victor Valley Union High School District will provide students a high-quality education in a safe environment, cultivating skills necessary for success through the promotion of integrity, creativity and collaboration, inspiring them to reach their full potential and become productive global citizens.

Our district is guided by a strategic planning process, board policy, and the Local Control & Accountability Plan (LCAP) priority areas.

### Strategic Planning Process

Strategic planning is a process by which an organization determines its core beliefs, leading to the formulation of a mission statement, objectives and strategies. Following are the strategies decided upon by the group.

Victor Valley Union High School District Strategic Plan Strategies:

1. We will consistently implement policies and procedures system-wide.
2. We will expand professional development offerings for all staff to enhance student achievement.
3. We will expand pathways for college and career readiness

## LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

The LCAP Advisory Committee, student, teacher and parent stakeholder groups provided extensive insight into the myriad of state, county and local data presented throughout the course of the 2018-19 school year. The third release of the California School Dashboard in fall of 2018 and the updated platforms in Dataquest, also provided valuable data toward the revision of the current LCAP. The areas in which the stakeholders identified as significant in terms of need are:

- VVUHSD must continue with a focus on the overall academic achievement and acquisition of the English language for all English Learner (EL) Students. The data indicated a continued need for quality teaching of English Learners through the use of professional development districtwide to support English language learners and their teachers with differentiated and structured approaches to engage and accelerate students' academic literacy and content knowledge. There must be a systemic and ongoing system of monitoring and intervention for LongTerm English Learner (LTEL) students who are not progressing academically or in English acquisition as well as continued monitoring and support for our Reclassified Fluent English Learners (RFEP) who are also performing below proficiency expectations. (Goal 1, Action/services 1.5, 1.6, 1.27 and Goal 3, Action/service 3.3)
- VVUHSD must continue with a focus on increased and improved research-based strategies used in conjunction with the implementation of California State Standards in English, Mathematics, Next Generation Science Standards and the new History Social Science framework. The district must continue to provide California State Standards aligned adopted texts and supplementary materials for teachers and students to ensure the successful implementation and learning of the common core expectations of collaboration, communication, creativity and critical thinking through the use of 21st century skills. (Goal 1, Action/service 1.1 & 1.9, Goal 3, Action/service 3.3 and Goal 5, Action/service 5.2 & 5.6)
- VVUHSD must continue to focus on the reduction of student suspensions and expulsions, increase in student attendance and increase of graduation rates through the alignment of all services offered among multiple divisions and district staff. The district Strategic Plan outlines in Strategy 1, a need to consistently implement policies and procedures systemwide, including an effective process to foster student attendance. The data indicates a need to focus and consolidate our efforts in utilizing the SARB process to address chronic absenteeism and collaborate with an outside provider, "Attention2Attendance", to increase communication and notification to parents and guardians about student attendance issues. We also must revise and implement a discipline matrix with clear areas of focus on alternative means of corrective, restorative justice practices, MultiTiered Systems of Support, Positive Behavior Intervention and Support, and mental health support used districtwide to address student behaviors which interfere with learning and instruction. There is a significant need districtwide for further professional development in cultural proficiency and the use of the collaborative partners to continue our growth and understanding of the community we serve. Professional development in engagement strategies will provide increased school connectedness as measured by the Panorama Climate Survey and Student SocioEmotional Survey. This focus will support a reduction in student behaviors that interfere with academic progress, and therefore, increasing the likelihood students will graduate from high school on time and prepared for college and career. Finally, a safe environment is required to achieve the levels of learning we wish our students to attain. (Goal 1, Action/services 1.1, 1.2, 1.23 & Goal 2, Action/service 2.1, 2.2 & 2.9, Goal 3, Action/service 3.3, Goal 4, Action/services 4.2)
- VVUHSD will continue to ensure that technology resources are integrated across the curriculum and will be woven into the fabric of instruction. Teachers will use the new blended approach to instruction that is embedded in many of the new textbook adoptions. Students will use appropriate technology to access worldwide resources in order to become productive learners. They will utilize technology in all of its forms to access content and analyze information for relevance and accuracy, and be able to present that

information in a myriad of formats. To achieve this, our teachers will have the skills and knowledge to deliver quality curriculum and instruction to meet the needs of all students. We want to empower our educators and students to be life-long learners in all areas of technology including: digital content creation, virtual collaboration, and mobile learning. In order to support all of the modern technology choices in education, we will need a robust infrastructure that supports high speed networks, usage of smart devices for mobile learning and classrooms with industry standard equipment and tools including: computers, digital media, smart devices, educational applications, internet safety, and classroom management software. (Goal 1, Action/services 1.1, 1.12, & 1.14)

## Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

## Greatest Progress

The LCAP Advisory Committee as well as additional stakeholder groups have reviewed multiple types of data related to the LCAP goals, LCAP actions/services, state metrics and indicators and have determined the following areas of greatest progress:

- The Career Technical Education (CTE) Program has both surpassed the state average and demonstrated an increase in students who have completed a CTE pathway. According to the LCFF dashboard VVUHSD has a CTE completion rate of 35.1% in comparison to the state rate of 18%; specifically: AHS 41.4%, GWH 100%, SHS 36.8%; and VHS 47.5%. CTE at the middle school level continues to grow with 480 students enrolled in one or more of the 15 sections of CTE at Hook Junior High; and 467 students enrolled in one or more of the 15 CTE sections at Lakeview Leadership Academy. As of Fall 2018, VVUHSD's CTE program proudly announced all high school CTE courses became A-G approved. As CTE programs continue to grow and expand, the CTE department is committed to ensure all new course adoptions become A-G approved. The CTE dual enrollment course offerings increased in the 2018-19 school year with AHS, SHS, and VHS offering dual enrollment CTE courses. Currently AHS offers dual enrollment CTE courses in both Criminal Justice and Construction; SHS offers culinary CTE dual Enrollment courses; and VHS offers dual enrollment courses in both Criminal Justice and Construction. CTE course offerings articulated with Victor Valley College have increased as well as the number of students who completed the bridge process to receive the earned credits. The LCFF dashboard indicates a 53.9% college credit rate in comparison to a state rate of 8.6%. The college credit rate is calculated using both dual enrollment and articulated college credit obtainment; collectively the rate is as follows: AHS 55.5%, SHS 79.8%, and VHS 59.8%
- Victor Valley Union High School District currently has 1,626 students enrolled in AP courses during the 2018-2019 school year which was close to 1655 students enrolled during the 2017-2018 school year. This is a great increase from 2015-2016 where 1,099 students were enrolled in AP courses. The district is ensuring the socioeconomic difficulties of our community are not a barrier for students being able to attempt the AP exam for courses in which they are enrolled by dedicating a significant portion of the College Readiness Block Grant to pay for the AP exam for all students. The number of AP exams taken

in 2016-2017 was 2,374 with 379 receiving a score of 3 or higher. VVUHSD continues to increase the number of students taking AP exams with 2,549, with 471 receiving a 3 or higher, taken in 2017-2018. Of those tests taken, our pass rate (score of 3 or better) slightly increased from 16% in 2016-2017 to 18% in 2017-2018. VVUHSD continues to encourage more students to attempt the exam and gain the valuable experience of participating in a rigorous program of study in high school. VVUHSD and its school sites are focusing on additional professional development for AP teachers to layer in supports for students as we expand our program and open doors.

- The VVUHSD Graduation Rate Indicator is yellow (82.1% an increase of 0.7%). The District Graduation Rate Indicator reported one school in blue (high 99.4%, maintained) and one school in green (86.4% increase of 6.1%), two schools in yellow (one with a slight increase of 0.2% and one with slight decrease of 3.8%) and one school in red (slight increase of 2.8%) for the data reporting year of 2017-2018.

- The VVUHSD Chronic Absenteeism Indicator is at 14.7%, which is a decrease of 0.5%. The Chronic Absenteeism Indicator reported two schools in blue (one school at 0.5%, which is a decrease of 1.2%, and one school at 2.5% which is a slight decrease of 0.3%), one school in yellow (at 17.9% which is a decrease of 4.3%), and one school in red (at 23.3% which is an increase of 1.7%).

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

## Greatest Needs

The LCFF evaluation rubrics and the California School Dashboard have clearly indicated areas of greatest need in the following areas:

1. The VVUHSD Suspension Rate Indicator is orange (at 9.3% is a slight decline of 0.6%), The African American, homeless, and American Indian indicators are still in the red. The Suspension Rate Indicator reported two schools in green (one school at 1.7% which is a decrease of 0.7%, and one school at 5.7% which is a decrease of 1.3%) one school in yellow (one school is at 2.4% which is a slight decrease of 0.1% and one at 16.9% which is a decline of 6.3%), and one at orange (2.6% which is a slight increase of 1.0%), and three in red (one at 10.1% which is a slight decrease of 0.2%, one at 11% which is a slight increase of 0.6%, and one at 19.9% which is a slight increase of 1.1%).

- In response to the data, the LCAP goals and actions/services outlined several initiatives in order to continue the reduction of suspensions for all students. The implementation of a CEIS plan that will include training in MultiTiered Systems of Support will continue to provide the additional training needed for staff to identify at risk student behavior early, intervene and implement the appropriate supports to help students modify and reduce disruptive conduct at school and in the home. The district has employed Family Engagement Liaisons and created parent centers at all school sites in order to support families with finding and accessing the services they need to support the school in the achievement and success of their children. A clear focus is required with continued professional development in cultural proficiency. Schools will continue with the use of PBIS, as well as three schools using a dedicated period of time ranging from 40 minutes to 25 minutes for support time through advisorylike period; for example at Victor Valley High School, they implemented “Jack Rabbit Support Time” (JST) during the 2018-2019 year to layer in more support for student success. (LCAP Goal 5)

2. VVUHSD reclassified 57 EL students during the 2016-2017 school year, and had a huge increase to 149 students reclassified during the 2017-2018 school year. However, the number of reclassified EL students dropped to 70 during the 2018-2019 school year because only a subset of the EL students had a CELDT score. Students who had taken the ELPAC did not have a reported score. It is anticipated that reclassification numbers will be greater in 2019-2020 since all previously enrolled students will have ELPAC scores.

- In response to the data, VVUHSD offered district wide professional development in the area of quality teaching of English Learners (QTEL) in 2017-2018 and small group, intensive group around coaching, lesson design, and in classroom lesson delivery in the 2018-2019 school year. The Coordinator for English learners holds monthly meetings with the school site EL coordinators to ensure the monitoring and intervention of EL students. These meetings will continue with additional work on EL student pathways for support and the development of a new support course for LTELs. A monitoring tool, Ellevation, was developed for both EL students and RFEP students for quarterly use to provide data and feedback on student progress and current interventions. (LCAP Goal 1, Goal 3)

3. Although we have improved from orange to yellow in graduation indicator, in response to the data, VVUHSD is increasing planning the support and training of school site counselors as well as continuing with the employment of dedicated Intervention Counselors. There will be continued professional development in the area of Professional Learning Communities in order to provide site leadership with the tools necessary to support the PLC teams and use the PLC process to increase student achievement through the ongoing and cyclical use of data to inform instruction. There is a focus in the LCAP for improved services in the area of credit recovery with online learning and expanded independent study in order to provide students increased opportunities to meet graduation requirements. The Victor Valley Adult School (VVAS) continued to increase enrollment closing the 2018-2019 school year with 781 students. These 781 students come from various adult school programs to include: High School Diploma, Career Technical Education, English Language Development, Citizenship, and Adult Basic Education programs. Victor Valley Adult School increased the number of students who received a high school diploma from 93 students in 2017-2018 to 117 students in 2018-2019. In addition, this was the first year VVAS had students receive articulated credit from VVC for taking an adult school CTE course. In an effort to increase community resources and partnerships, VVAS partnered with TODEC a non profit legal organization to offer Citizenship courses at both the AHS and VHS adult school branches. In order to meet the diverse needs of the adult student, VVAS expanded its high school diploma course offerings to include online Apex and seat time math courses. (LCAP Goal 1, Goal 3, and Goal 5)

4. The VVUHSD English Language Arts Indicator is orange ( 36.7 points below level 3) and experienced an 11.1 point decrease from the prior year. The English Language Arts Indicator reports one school in green (69.4 points above level 3), one school in yellow (5.6 points above level 3), three schools in orange (one is 69.3 points below level 3, one declined significantly and is 40.1 points below level 3, and one declined significantly and is 42.3 points below level 3) and three schools in red (85.1 points below level three, one declined significantly and is 60.1 points below level 3, and one declined significantly and is 160.9 points below level 3) for the data reporting year of 2017-2018. The LEA currently has 3 target student groups in the very low category as well, white and students with disabilities, African American, English Learners, Foster Youth, and Homeless.

- VVUHSD will continue to provide high quality professional development utilizing lesson study, as the vehicle, for the implementation of the California State Standards around reading comprehension and writing. There will be ongoing support in the implementation of the adopted standards based textbook adoption, MyPerspectives by Pearson. The district and school sites will use data from the state assessments as well as the embedded assessment program in MyPerspectives to provide information to teachers to make informed decisions about instruction and implementation of Rtl. (LCAP Goal 1 and

**Goal 3)**

5. The VVUHSD Mathematics Indicator is orange (104 points below level 3 with a decline of 10.2 points). The district reported one school in blue (34.8 points above level 3) and one school in yellow (51.2 points below level 3 with a decrease of 11.8 points), and six schools in red (three schools decreased, one is 130.3 points below, one is 141 points below, and one is 139 points below, and three that decreased significantly, one is 140.7 below level 3, one is 160 points below level 3, and one is 225.5 points below level 3) for the data reporting year of 2017-2018. The LEA currently has 5 target student groups in the very low category English Learners, Students with Disabilities, African American, Foster Youth, and Homeless.

- VVUHSD will continue to provide high quality professional development in the implementation of the California State Standards and the Eight Mathematical Practices through the use of lesson study in the areas of concepts, procedures, and problem solving. There will be ongoing support in the implementation of the math standards-based textbook adoptions GoMath by Houghton Mifflin Harcourt and Carnegie Learning by Carnegie/ProLearning. Carnegie will providing a reboot for use of the Curriculum. In addition, a new conceptual Integrated I course for ninth graders will be offered for the 2019- 2020 school year. Professional learning will continue to be brought to the classroom level with the support of a middle school math coach and high school math coach. The district and school sites will use data from the state assessments as well as the embedded assessment program in both textbook adoptions to provide information to teachers to make informed decisions about instruction and implementation of Response to Intervention. (LCAP Goal 1 and Goal 3)

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

## Performance Gaps

California School Dashboard provides valuable data regarding districtwide performance for VVUHSD in the following areas:

- Suspensions Rate = Orange, 9.3% and declined 0.6%
- English Learner Progress = 19.4% - Well Developed, 34.6% Moderately Developed, 25.9%, Somewhat Developed, 20%, Beginning Stage
- Graduation Rate = Yellow, Medium Status of 82.1% and maintained 0.7%
- English Language Arts = Orange, Low Status of 36.7 points below level 3 and declined by 11.1 points.
- Mathematics = Orange, Low Status of 104 points below level 3 and declined 10.2 points.

When comparing significant target students groups (30 or more students in a group), against the district-wide population, the following groups were found to be performing below the districtwide performance level:

- The data does highlight a significant performance gap in graduation rate districtwide. There are no student groups in blue, Hispanic and White are in green; Asian, Socioeconomically Disadvantaged Learners, and English Learners are in yellow; African American, homeless, and Two or More Races in orange; and Foster Youth (56% graduating, decline of 5.3%) and Students with Disabilities (55.1% increase of 1.6%) are in red. This indicates a clear need for intervention districtwide for all students in reaching the goal of graduating on time and being college and career ready.
- In English Language Arts, the target groups of Students with Disabilities (145 points below grade level), Homeless (109.6 points below standard), African Americans (82 points below standard), English Learners (62.7 points below standard), and Foster Youth (117.9 points below standard) demonstrated a

significant performance gap by falling into the red category.

- In Mathematics, the target groups of Students with Disabilities (210.7 points below grade level), Homeless (163.3 points below standard), African Americans (155 points below standard), English Learners (122.5 points below standard), and Foster Youth (180.9 points below standard) demonstrated a significant performance gap by falling into the red category.
- In ELA and Mathematics, students who are Filipino or Asian are performing two or more performance standards above all other subgroups. Each school will use their data analysis results as well as school specific goals and objectives (i.e.: WASC areas of identified need, the district Technology Plan, the district CEIS plan, etc.) to adjust their Single Plan for Student Achievement which also aligns to the LCAP. Schools will participate in district wide initiatives that support student learning such as PBIS, PLCs, Professional Development, MTSS, EL/RFEP monitoring, etc. but also create site specific objectives to ensure specific site needs are being addressed.

## Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

### Schools Identified

Identify the schools within the LEA that have been identified for CSI.

Adelanto High School, Goodwill High School, Hook Junior High School

### Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Victor Valley Union High School District supports the three CSI schools by providing them guidance on how to establish a school site CSI team with site administrators, teachers, FELs, parents, and students in reviewing their current Single Plan for Student Achievement. The school sites were given support through the county office of education as well as district staff on how to best conduct a needs assessment to help them identify their area of need and determine which interventions were producing positive results. CSI teams will analyze data from the California School's Dashboard, CAASPP and local indicator data in providing evidence-based interventions as well as identifying needed resources.

The district support team provided data for the CSI identified schools for review regarding student achievement. Data was provided in the following areas: SBAC Achievement data in ELA and Math, California School Dashboard Data, graduation rate data, suspensions data, expulsion rates data, chronic absenteeism data, school-wide attendance data, middle school and high school dropout data, school climate and social-emotional learning data, Advance Placement enrollment and passing rate data, career pathway completion data, dual enrollment data, homeless and foster youth profile data, English Learner progress data (ELPAC), district assessment data, and enrollment data. This abundance of data is used by the CSI site teams, as well as other committees such as School Site Council, Instructional Leaders,

English Learner Advisory Committees and/or African American Parent Advisory Committees, as part of the comprehensive needs assessment. The district supports CSI schools by reaching out to outside providers, if requested, to support them through the needs assessment process. The outside providers requested by teams include WestEd and Solution Tree. These strategies for the comprehensive needs assessment will be addressed in the school plans for submission in October of 2019 and will continue to be supported by the district through training and other support structures.

Through the comprehensive needs assessment, the district helped CSI school teams align the data provided with an examination of current intervention practices in place. They reviewed the current programs and practices, and made a determination if the program or practice was providing the evidence required to support a positive impact on student achievement. Each intervention program was evaluated to determine if there were gaps in achievement, and if other evidence-based interventions may be required to replace existing programs or supplement areas in which little support was found to be in place.

The results of the comprehensive needs assessment conducted at Imogene Hook Junior High School in April and May of 2019 resulted in the continuation of Response to Intervention time embedded in the school day. During the 2018-2019 school year, the intervention period was 30 minutes for dedicated time to support students in a variety of areas. As a result of the needs analysis, the success of the program has prompted an increase. For 2019-2020, every student is provided with 43 minutes of intervention support daily. During this period students are provided support through evidence based programs that meet their specific academic area of need such as English or math. Students are provided time to access online tutorial support for all subjects in APEX through the use of Chromebook carts. In the area of math, students access an online support program called Mathia which is aligned to our common core math program. Mathia is used in the math class period as well to support students who are demonstrating a need for support. In the intervention period, teachers are also using Academic Youth Development through Agile Minds as part of their social-emotional and critical thinking support for students. This program provides students with brain research and activities to strengthen their critical thinking skills, which support their growth in the classroom. Finally, the intervention period also incorporated social emotional learning through "Rachel's Challenge" and organizational skill through AVID strategies such as focused note taking and critical reading strategies. In the area of building capacity for staff, Hook Junior High School's needs assessment also determined they should use CSI funding to continue to support the ongoing development of professional learning communities and PBIS. The feedback created strong support for deepening the PLC strategies and self-reflection as well as additional strategies for teachers reaching students through the PBIS support system. Programs that will continue are READ 180 and MATH 180 in the intervention courses for at-risk students as well as strategies to address chronic absenteeism. A new strategy in the pilot phase is the SSICA (Scan Student Identification Card Authorization) program. This program tracks and monitors student behavior and attendance, and allows staff to communicate quickly to families on emerging at-risk behavior or exemplary positive behaviors to reinforce the PBIS structures. Overall, the comprehensive need assessment process at HJH has provided the staff insight into how they can best meet the needs of their students through CSI support.

The results of the comprehensive needs assessment conducted at Adelanto High School between March and May of 2019 resulted in multiple areas for modification to increase the student achievement rate in English and Math as measured by course passage rate, CAASPP proficiency levels and the 11th grade SAT and decrease the Suspension/Expulsion rate. Adelanto High School was identified as a CSI school due to the student performance areas in English, Math and Suspensions, therefore when the

comprehensive needs assessment was conducted, these areas were the focus of identifying the root cause and solutions. Based on the findings, the school has determined the barrier for the majority of students to their academics is due to social emotional issues that are beyond the scope of teachers to assist and the lack of foundational skills in English/Math. As a result, the school site and district entered into a one year contract with a Licensed Clinical Social Worker to be on campus during the day to support students throughout the day. Their services include crisis management, site liaison to community resources, emergency housing, food, clothing and one-on-one/groups to promote student self-advocacy and coping skills. As evidenced by the CAASPP and teacher feedback, students struggling to be academically successful in English are struggling with reading comprehension, writing, and critical thinking. Thus the site will be continuing with Achieve 3000, a reading program designed to individually increase student lexile levels and Turnitin so that students can get more thorough and timely feedback about their writing and be provided with online support in their literacy skills. These evidence based programs will be used school wide in English, Reading Intervention, and during the the Hi School Prep intervention course for SWD to improve student literacy achievement. Moby Max is an evidence based supplemental program designed to improve SWD English and Math skills in a game like platform, this program is being used in all SDC classes as it offers pre/post tests and is personalized to meet students needs. To increase the 11th graders performance on CAASPP and SAT 11, the site will continue to use Horizon Education as a SAT prep that will be incorporated in all English 11 courses. The 11th grade students who utilized this program during the 2018-19 school year had an average SAT score increase of 111 points. To address the lack of foundational skills in math and increase in the staff's ability to provide students with the First Best Instruction in math, math teachers are working with district math coaches to unpack the standards, create common standard aligned lesson plans, practice evidence based instructional practices such as Vertical Non-Permanent Structures and collaborative projects. The teachers identified a need for additional strategies, scaffolding techniques and a better understanding of CAASPP to ensure students are accessing the curriculum and being successful. The CSI funds will be used to cover the cost of subs for teachers attending the trainings and materials needed to implement new strategies. In an effort to further increase students opportunities to receive FBI and timely intervention, a temporary support math intervention teacher will be hired. Adelanto High School also identified their MTSS and PBIS programs as areas supporting and providing success for their students but need additional professional development in MTSS so that we can provide more Tier I/II interventions to assist in the decline of suspension and expulsion, while increasing students understanding of appropriate behaviors. The CSI funds will be used to cover the cost of the training, subs and materials needed for the site PBIS team to teach the rest of the staff.

The results of the comprehensive needs assessment conducted at Goodwill High School in April and May of 2019 resulted in multiple areas for modification to increase the graduation rate. Goodwill High School was identified as a CSI school due to the graduation rate falling below 67%, therefore when the comprehensive needs assessment was conducted, this was the area for root cause analysis. Based on the findings, the school has determined their response to intervention time called Small Learning Academy (SLA) that is built into the school day was continuing to support students effectively. During the 30 minute SLA period, students are moved from classroom to classroom based on their specific learning needs to ensure they receive support in the areas in which they are struggling. This has proven effective and will be enhanced through the introduction of a new program called Achieve 3000. This evidence base program will be used school wide in classrooms, as well as during SLA time to improve student literacy achievement. A second area targeted with the use of CSI finding is the additional need for professional development in all core subject areas where our at-risk students struggle the most to meet graduation requirements. The teachers identified a need for additional strategies and scaffolding

techniques to ensure students are accessing the curriculum and being successful. The school also identified their MTSS and PBIS programs as areas supporting and providing success for their students. They will continue to enhance and make modifications to their structures through professional development as well. The school also will continue to use GradPoint as an intervention program for credit deficient students to help them meet graduation requirements. An important area also identified through the needs assessment was the high chronic absenteeism of students during first period. This also indirectly impacted their student graduation rate. The school is now considering a new bell schedule structure to ensure students and CSI funding will be used to train teachers in additional supports if the new extended day scheduled is approved by the staff and implemented.

Through the site needs assessment process, the district supported CSI schools by addressing any identified areas of resource inequities. The district allocated additional resources beyond the CSI funding to provide additional resources if the CSI schools identified gaps which required additional interventions or evidence based programs they were unable to fully fund.

## Monitoring and Evaluating Effectiveness

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Victor Valley Union High School District will monitor the implementation and effectiveness of the School Plan for Student Achievement (SPSA) of the three CSI identified schools by ensuring the collection and examination of all types of data to look for evidence of effectiveness. The primary sources of school-wide, long term, summative data will be collected through the California School Dashboard and Dataquest through the California Department of Education. This data will provide growth over time in the areas of academic achievement in English Language Arts and Math, Chronic Absenteeism, Graduation Rate, Suspension Rate, College/Career and, soon to be released, English Learner Progress. The district will also provide data for teacher effectiveness through educator equity analysis (credentialing/experience), and student success rates through classroom grade analysis and credits earned (A-F grades issued affecting credits towards graduation). Local data will be provided and examined regarding the following areas for all schools to review: expulsion rates data school-wide attendance data, middle school and high school dropout data, school climate and social-emotional learning data, Advance Placement enrollment and passing rate data, career pathway completion data, dual enrollment data, homeless and foster youth profile data, English Language Proficiency Assessment for California (ELPAC) Data, district assessment data, and enrollment data. Our ability to provide all school sites the right types of data, long term and immediate data, as well as training in a structure to align and examine the data (District specific process "Plan, Do, Study and Refine" for continuous improvement) will allow CSI teams to effectively evaluate the implementation and effectiveness of the school CSI plans.

## Action 1

### Planned Actions/Services

Continue to fund additional counselors through LCFF to reduce student to counselor ratios. Continue to provide 6 dedicated intervention counselors at specific school sites to support PBIS implementation, improve behavior and promote social emotional development for at-risk students, Low Income, and Foster Youth in primarily grades 7 and 9 as outlined in the district Strategic Plan. Grade 7 and 9 counselors will provide support academically and socio-emotionally in order to increase student performance and reduce number of dropouts. Counselors will meet with all students in grades 7 and 9 to establish goals to plan for college and career. The job description for intervention counselors will be

### Actual Actions/Services

VVUHSD employed 4 Intervention counselors at Victor Valley High School, Silverado High School, Adelanto High School, Hook Junior High School. The intervention counselor position at Lakeview Leadership Academy was changed to an FTE position but will continue to provide intervention counseling services to the students at LLA as well as create equity with the two smaller schools of choice who have the same enrollment and was funded two LCFFSCG counselors for the 2018-2019 school year.

Provide foster youth, low income students and homeless youth with increased services as they are identified and enrolled in the district. Increase services to positively impact school connectedness through funding for involvement in co-curricular as well as school supplies to ensure they are equipped for success in classroom. Ensure all students have materials and supplies to participate in school programs that impact academic achievement and college/career preparation.

All schools were provided an open purchase order to provide Foster Youth and Homeless students with basic school supplies to ensure they had equitable access. Counselors monitored who received the items, and under what expectations the items were provided. The school sites were able to secure most required school supplies through their site funding and therefore district funding was not used. The district will continue to set aside this funding for future use for our homeless and foster students.

Opportunities may include but not be limited to the use of online credit recovery programs, independent study options, after school tutoring and dual or concurrent enrollment with the local community colleges.

The school sites provided credit recovery through two online programs, APEX and GradPoint. AtPromise students were identified by counselors and provided the opportunity to enroll in the online program for credit recovery. The online program APEX was expanded to include tutorial curriculum and preparation courses for college readiness exams such as SAT, and Advanced Placement. The tutorial programs through APEX were expanded for use in the middle schools as well.

The district offered master schedule training to school sites in order to actively involve more stakeholders in the master scheduling process. The outcome is to create a more equitable master schedule with student need as the priority for the design and implementation, was the forefront of the process for the 18-19 school year.

Employ a Coordinator of English Learner Programs and Interventions. The coordinator will monitor EL student and RFEP student progress through a district-wide system and use the data to implement program and curricular changes to increase their achievement. The coordinator will set goals with school sites to increase the number of students earning the State Seal of Biliteracy

VVUUHSD employed a Coordinator of English Learner Programs during the 2018-2019 school year. The result of the full time coordinator included a new RFEP and EL monitoring program which will be expanded for the new school year. The district also issued the bilingual seal of literacy through the organization and support of the coordinator and site counselor. A new EL pathway program was designed to help counselors and EL teachers ensure EL students are appropriately placed in their coursework. The coordinator redesigned curriculum for the ELD III middle school program and coordinated QTEL training for General education teachers.

The reclassification criteria was brought back to the governing board to ensure we had ample areas of academic monitoring in order to help reclassify qualifying students. The funding set aside in LCFF SCG Low Income was provided to allow teachers to be trained the administer the ELPAC. The district chose to utilize instructional assistants for the ELPAC and therefore this funding was not used. The district also set aside funding for stipends for each school site t have a site EL coordinator but the schools chose to pay their site EL coordinators an hourly rate for documented services rather than a stipend. Therefore the LCFF SCG English Learner set aside was not utilized in 2018-2019.

Extra duty compensation will also be provided for teachers to serve on district Curriculum Advisory Boards in all subject areas to support curricular decision making.

**Actual Actions/Services**

VVUHSD successfully designed and implemented five Curriculum Advisory Boards (CABs ELA, Math, HSS, Sci and CTE) to ensure teacher input and support for curricular decisionmaking and course offerings. Integrated Math I, II, and III continue work on creating and revising RCD pacing guides and units during the school day. Science teachers met in RCD groups to begin the redesign of the middle school integrate science curriculum and high school three-course pathway curriculum. In addition, special education math teachers redesigned Integrated Math courses for our moderate to severe student program.

Increase student participation in career pathways to reach completer status, especially for students who may not be immediately college bound.

Due to the reduction of ROP funding for career technical education, VVUHSD has committed full funding through LCFF to continue with a robust and growing program. The funding will continue to support the materials and teaching staff for the entire program as well as possible expansion for the 2019-2020 school year. Funding for the personnel required to maintain the CTE program was originally included in the budget but was not coded correctly for the reporting purposes.

**Actual Actions/Services**

The district fully implemented the new English Language Arts program MyPerspectives. The district continued to provide the consumable materials for Carnegie Math this school year for Integrated I, II, and III. Middle school teachers continue to use their program, GoMath! and students were provided additional consumable materials for this program as well. The district used funding to continue with new textbook adoptions in German, Statistics and AP English. The district has begun the process of adopting new History/Social Science materials for the 2018-2019 school year as well as continue to purchase materials to align with NGSS. The district will employ the use of the National Student Clearinghouse to track district student enrollment in colleges and universities across the nation.

**Actual Actions/Services**

Schools employed a variety of activities and programs to focus efforts on raising awareness of attending college and the requirements to apply to college. AVID strategy training was provided at four school sites to all teachers are were employed in nearly all classes. Victor Valley High School implemented the Peer Leaders Uniting Students program to increase the college going atmosphere on campus. The school sites implemented programs based on professional development training and additional expenses were not incurred. The TechEd division will continue implement the district technology plan. Through the use of LCFF-SCG funds and E-Rate, the district will continue to improve technology infrastructure and replacement of aging equipment such as desktop computers, wifi equipment, etc. at school sites to stay current and meet the needs of staff and students for college readiness and 21st century skills. Increase access to technology and district programs for targeted students to provide them with dedicated equipment in intervention classrooms and English learner support classrooms.

TechEd, through the use of eRate and LCFF funds, has made significant purchases to upgrade and improve the technology infrastructure at several school sites. School sites had equipment replaced such as wifi hardware, site servers, and staff and student computers. The site computer media specialists expanded their role with support to teachers for use of technology in the classroom with smart boards and other technology.

Working with the TechEd division, school sites will adjust their site plans to focus on the use of categorical funds to purchase devices for student use in the classroom for instruction and assessment reducing the device to student ratio to 1 to 1 (1:1). These devices will support the large number of at-risk students by providing them increased access to technology, they may not otherwise be able to use, on a daily basis. The Director of TechEd will support all school sites with technology implementation, data disaggregation and professional learning opportunities with a focus on target student groups to increase academic achievement.

VVUHSD has made significant progress in providing devices to students for use with the blending learning programs that have been recently adopted. School are working towards establishing a one to one ratio through the purchase of Smart Boards, Chromebook carts, laptop carts and Thinkpads. The challenge continue to be replacing aging equipment that is no longer supported by Google (Chromebooks) or various operating systems. This action will remain in place as the district TechEd division establishes a refresh cycle program to ensure the action is met in the upcoming years.

 Continue to support the Bridge Program aligned with Victor Valley College by identifying a counselor at each campus who will help identify and recruit students. Students will earn priority enrollment and the bridge counselor will support them with the process. Bridge counselor will be provided extra duty pay for activities and job duties related to the Bridge Program that extend beyond the contractual day.

**Actual Actions/Services**

Each comprehensive high school designates a counselor as a "Bridge Counselor" in order to facilitate the Bridge Program. This program is designed to increase the number of students who receive priority enrollment at Victor Valley College. As of the drafting of this document, approximately 345 students have been linked to Victor Valley Community College for enrollment in the fall. The funding was not utilized because VVC offered a stipend to the bridge counselors.

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Actions and Services for Goal 1 were generally implemented as planned with a few exceptions. The change of an intervention counselor to the general fund in action/service 1 and the lack of need to purchase materials for the SH program in action 13 and the increased amount of transition day activities and materials for action 25. In general, all other actions/services were implemented as planned. School sites are aligning the SPSAs with the LCAP an ensuring the implementation of goal 1 district wide.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

When in engaging in a comprehensive overview of Goal 1 actions and services, the district must continue to focus on supports for African American students and students with disabilities. The data provided by the California School Dashboard demonstrates a significant gap between the expected and actual performance of other target groups of students and these two specific groups. The target groups are performing below the district average as well as other target groups in areas including academic achievement, graduation rate and dropout rate. The district still must provide a stronger focus on students with disabilities and will add this to the 2019-2020 plan.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

This LCAP year experience very few materials differences. Material differences in estimated actual and budgeted expenditures were primarily due to staff salary schedules which, based on the particular employees filling specific positions significantly increased or decreased expenditure over original estimates. Many of the actions and services were allotted funding from Title I in the area of professional development and training, but the district set aside significant funding in Title II which was used primarily to accomplish training objectives. School sites also aligned their SPSAs and therefore used sites funds for many similar actions.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

The majority of the actions and services original to Goal 1 remain in place with minor modifications:

- Action 7 was modified slightly to change the language to include higher expectations for department chairperson involvement in RCD and CAB.
- Action 21 was modified to include a different funding source for college readiness exams due to the fact the College Readiness Block Grant has been depleted.
- Action 22 was modified to remove some of the repetitive verbiage regard Rtl.
- Action 24 was modified to remove the GED program due to the fact the adult ed program will apply for WASC accreditation in 2019-202. GEDs are not considered a diploma and will not support the graduation rate indicator.
- Action 20, 26 and 29 will be removed from the 2019-2020 LCAP due to the fact these are considered completed actions and have been institutionalized.
- A new action will replace action 20 to account for an increase in instructional time for student as part of the teacher contract negotiation process this year. SCG funding will be used to provide additional instructional time for the teacher and student to increase achievement.
- A new action will replace action 26 to reflect the increase services provided by our transportation department for the 91% of homeless, at-risk, and foster students who require a method to get to school due to boundaries beyond the mileage required by ed code.

Continue to assess district and school climate as well as parent/guardian feedback on satisfaction in areas measured by the state indicators and California School Dashboard. Climate assessments will be completed at the beginning of the year and be accessible by staff. Climate surveys will dis-aggregate data for at-risk groups such as foster youth and English Learners.

The district evaluated the student, family and staff surveys by Panorama Education, which provides the same climate and safety surveys as WestEd, but also helps the district identify the most needed socioemotional skills our students may lack or need support in by our staff. The district provided school site teacher training to pilot cohorts of teachers to begin use of panorama data at a classroom level. The wrong account code was charged but the service still occurred as planned.

Provide additional funding for school sites to offer additional resources (conferences, guest speakers, parent education programs, cultural proficiency, etc.) to parents/guardians to increase attendance at school site meetings and events. Support parents/guardian in their understanding of educational initiatives when they are serving as members of a committee such as DAC, SSC, ELAC or DELAC by offering conferences and training opportunities. Allow for refreshments and child care when needed.

Three schools offered the Parent Quality Institute of Education in an effort to engage and educate parents about the school system and empower them to be a support system for the school and the students. Parents and guardians were also provided an opportunity to attend CAFE as well as other conferences.

(SP, Strat.3, Spec.Rslt.2,II.A) Schools will ensure focus on target groups of student such Special Education, EL, Low Income, and Foster Youth.

Many school sites invited parents to attend college trips but transportation for many of our families is an issue. Many schools used their site Title I funds to arrange transportation and therefore the district funds were not utilized. Schools offered to pay for entry fees and provide materials for parents interested in college trips. Many school sites accessed site Title I funding through their SPSA. Each school site hosted an evening FAFSA application workshop and college application workshops in the career centers to ensure parent and student support during college application season. District funding was not required and the school sites will continue to support parent involvement activities through their Parent Engagement Centers.

Hold annual meetings, led by counselors, teachers or administrative staff, with parents to educate/update parents on their child(ren)'s progress towards graduation and/or college & career readiness. Ensure the events for parents/guardians of targeted EL students are bilingual. The district will continue to employ a district translator to support all school and district events and meetings when needed to ensure communication with bilingual families.

Individual school sites held annual meetings with parents to educate / update parents on their child(ren)'s progress towards graduation and/ or college & career readiness. Students are monitored by teachers, counselors, and administration. Meetings are held with students and parents when students have multiple academic warnings. Family Engagement Liaisons also supported this action/service by providing parents with information and evening events in this area. The district interpreter provided bilingual support to school sites for family counseling events and district family meetings.

This position is important to help increase attendance and parent participation, particularly with our low income families. Victor Valley is 100% low income as a district and the need for a variety of communication of services for our target families is vital to student success.

The district continued to employ a Public Engagement Information Manager for the 2018-2019 school year.

Ensure that ALL high schools/school of choice have a dedicated career/college guidance technician who is highly trained to support all students' needs.

The district increased Career Guidance Technicians from three to four for the 2018-2019 school year. Each of the three comprehensive high schools has a dedicated tech and the two schools of choice (UP and CIMS) share one tech weekly. The tech at Victor Valley High School supports Goodwill High School as well. There was personnel changes which resulted in less salary encumbrance required for the positions at SHS and CIMS/UP.

Parent Center increased from six to seven schools sites and each school employed a Family Engagement Liaison (FEL). The FELs supported the school sites with family outreach and held events for families such as "family Paint Night", "Eat Lunch with your Student Day" and "New Parent Orientation High School 101". The newest activity was a foster parent luncheon for all foster parents in the district and community.

- Establish a school site crisis team led by a site administrator with essential personnel to support students and staff in a crisis.
- Schedule and coordinate training for the team and establish crisis protocols, mental health issues and socio-emotional support skills which staff is informed about annually.
- Establish and coordinate training for staff on emergency response procedures.
- Provide revisions to the school site safety plan.

**Actual Actions/Services**

VVUHSD revised multiple board policies in regards to student crisis and suicide protocol. The district PBIS coordinator helped each school site establish a hard copy protocol on how to handle student crises and a list of resources to support the counseling staff. Professional development was provided to staff in the area student mental health issues in the classroom during a week-long wellness symposium conducted in March 2019. The district also revised SST protocols. The district did receive a Title IV SSAE Grant and used this funding to compensate staff for attending the March symposium.

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Actions and Services for Goal 2 were implemented as planned with a few exceptions. VVUHSD successfully hired another Career Guidance Technician and increase their services from three to four staff. One major area that was impacted was the increase in staff professional learning in the area of student wellness and safety. VVUHSD received the SSAE Title IV competitive grant and were able to expand the professional learning to ALL staff in the district.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

When in engaging in a comprehensive overview of Goal 2 actions and services, the district has demonstrated an increase in parent involvement through the new parent centers and the Family Engagement Liaisons. The district has a strong focus on socioemotional learning for all staff in order to support our most fragile and at-risk students in the district. The district also has deepened the use of the Panorama surveys by engaging teacher in professional development on the use of student SEL survey (there are two surveys for student, climate and SEL) at a classroom level at select school sites as a pilot cohort.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The major material difference is in action #9 with the use of the SSAE Title IV grant to hold a week long wellness symposium for all staff during spring in which the district spent funds to compensate staff for attendance. In addition, action #3 did not use district funding for parent involvement on college trip or career exploration events due to the fact the school sites preferred to utilize their PARE Title I funds to offer these opportunities to their parents. The district will continue to set aside funding for this area to support school sites and parents.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

In goal 2 only two action/services were modified for the 2019-2020 LCAP. Action #11 was modified to add the verbiage "all schools" when conducting annual reviews of campus safety officers. Action #12 is a new action that the stakeholders felt was an area of need for our district and that is the tentative employment of a Behavior Analyst to support or students with special needs as well as our trauma informed students. All other action/services remained the same.

# Goal 3

VVUHSD will ensure all students learn in a supportive environment with highly qualified teachers, who are provided opportunities for meaningful professional learning, and who participate in a collaborative culture of continuous improvement for student achievement.

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Actions and Services for Goal 3 were implemented as planned. Through our action/services, Victor Valley Union High School District has experienced success in in the expected annual measurable outcome for increasing the opportunities for our students to develop skills and knowledge in career fields through our CTE program. We have experienced an increase the number of students enrolling in, and completing, CTE classes at all comprehensive high schools. Next steps include supporting the increase in career pathways completers as well as increased articulation for CTE related courses at the local community colleges. All CTE courses have been redesigned and are A-G approved for UCOP. The dual enrollment program has increased and all high schools will provide students an opportunity to take a dual enrollment class on campus.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

When in engaging in a comprehensive overview of Goal 3 actions and services, the district made great strides in the college and career indicator and over 55% of Muensters are prepared. District local data indicates students are still below county and state average for completing the A-G requirements in order to enroll directly into a college or university of their choice after graduation. In there area of professional development, the counselors are actively engaged in professional learning each month at the Counselor Collaboration Meeting as well attending many college and FAFSA workshops. As a district we have provided professional development for certificated and classified staff through conference and workshops, as well as the week long district wellness symposium in March 2019 and the two-day teacher professional learning days in August 2018.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Material differences in estimated actual and budgeted expenditures were primarily due to school sites utilizing Title I and other funding to complete the actions/services. Many of the actions and services did not require funding for implementation.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and

analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

All action/services have remained the same for the 2019-2020 school year except for action/service #4. This action/service was modified to remove the word "two" because feedback from stakeholders indicated they would like to have additional coordinators hired to support areas such and student wellness and student intervention. This will be an area of exploration for the next 3-year LCAP cycle.

# Goal 4

VVUHSD will establish district-wide uniformity in procedures, policies, and materials to ensure effective implementation of district initiatives designed to increase student achievement.

- Investigate programs to support customer service expectations and continue to use climate data to guide the direction of classified professional development in customer service expectations.
- Provide annual training for all staff on district policies and procedures.

VVUHSD strives to promote the expectations for staff, students and parents through the use of many resources. The district website is the primary source of communication along with school websites. Every school has a parent/student handbook that outlines the expectations at each school site. This is an area for continued growth, but the district is committed to making this area a priority in the district Strategic Plan.

 Student Support Services and the Central Enrollment Center will collaborate with outside agencies to provide a collaborative network with referral resources for housing, food, clothing and health services. Student services and health services will begin exploration of clinical counseling services, psychologist interns, counseling interns or other programs to provide additional services. Expand the availability of resources or on-site support utilizing local counseling agencies and community support services including Desert Mountain SELPA and County Mental Health for students and their families.

This action was not fully implemented for the 2018-2019. A Homeless and Foster "Hope Chest" pilot has been started at one school and if the resources are accessed and the families find it valuable, we will continue with them at each school site. Our central enrollment center is our foster and homeless youth primary location for support. We provide backpacks and referral to free counseling and support services in the community. The funding allocated to this action will be budgeted in the 2019--2020 plan.

Implement / maintain district and/or site supported student recognition programs such as: Renaissance, Honor Roll, National Honor Society, Student of the Week, It's a Gas to go to Class.

The district has supported several student recognition programs including the District Science & Engineering Fair, National History Day, Skills USA, Student of the Quarter and It's a Gas to go to Class. The school sites held additional recognition celebrations ranging from honor roll to perfect attendance. The money was set aside out of LCFF SCG but was charged ot a different account code.

Each school site and district division will establish the following: (strategic plan)

- Organization flow chart
- Division of responsibilities
- Commonly used forms on the district website
- Flowcharts to help navigate specific commonly requested processes
- Protocols and timelines for common/annual processes, procedures and events
- Quarterly calendar of required safety drills (Fire, Earthquake, Intruders)

The district is continuing work in this area. The most process has been made in safety and safety drills. Title IV funding was used to create safety bins for every teacher and every office are in the district with emergency supplies. There have been district wide safety drill scheduled with local police and fire involved. The remaining area are under way and this action will be continued in the 2019-202 LCAP.

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Actions and Services for Goal 4 were partially implemented and will continue to be an area of focus in the new LCAP plan. Action/service 2, and 4 were only partially implemented due to staffing changes and the focus if the district shifted in the area of foster and homeless youth. The "Hope Chest" is still a viable concept but our central enrollment center is playing a more prominent role in providing needed to support to our foster and homeless youth because parents are familiar with the location and staff. Each school will continue to provide additional school supplies, materials, etc. for these target groups. We hired three new Assistant Superintendents for the 2018-2019 school year and this will greatly impact action/service 4. Action/service 7 has remained in the plan but the district has not made progress in changing the the graduation requirements. As we progress in the new three course model for science, this will remain a future action for the next 3 year cycle.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

When in engaging in a comprehensive overview of Goal 4 actions and services, the district must continue to focus on effective communication of expectations by staff, students and parents to support the culture of learning and college/career readiness which VVUHSD is attempting to establish through the district Strategic Plan. The district must continue to focus on the training of all staff in the areas of customer service and their ability to ensure all district policies and procedures are followed with fidelity. The district must continue to work toward a college going culture by revisiting the objective of aligning graduation requirement with A-G requirements.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Material differences in estimated actual and budgeted expenditures were minimal. The budgets for action 2 was underutilized and there are plans to include the Desert Mountain Selpa services to help provide increased mental health services and community resources for our families in need of this type of support. The local selpa often doe not require a fee for services unless it include resources beyond their scope. The budget allocations will remain the same for the 2019-2020 LCAP for the actions/services in Goal 4.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

The actions/services for goal remained the same for the 2019-2020 LCAP with the except of action/service 7. The wording was modified to add the phrase "on a diploma track" and removed the phrase "and/or a district approved alternative pathway beginning with the class of 2021". The stakeholders felt strongly that the A-G requirement should be the expectation for every student in our district regardless of their capabilities.

# Goal 5

VVUHSD will focus on student and staff wellness to promote student academic success through the design and support of programs in attendance, responsible behavior, positive attitudes, and social-emotional learning.

 District divisions and schools sites will establish committees and conduct committee meetings to review and update protocols and procedures on an annual basis. Stakeholders will provide input to ensure equity and compliance for all federal, state and district policies.

To help increase district-wide knowledge of and implementation of protocols and procedures, the management team planned quarterly meetings to ensure the stakeholders were able to provide input on changes and updates for district customer service practices. Unfortunately with the staffing change over at the district level these meetings were not held. The district Strategic Plan 2020 still emphasizes safety and this will continue to be a focus.

Our District link called Institutional Effectiveness Dashboards, which provides information to the public in four areas; academics, discipline, student enrollment, and expenditures by school site. This feature was discontinued as VVUHSD became a pilot district with SBCSS and the implementation of an Early Warning System called Student Success through BrightBytes. During this year, the county of San Bernardino pulled out of the pilot with Bright Bytes and VVUHSD stopped all pilot setup with the early warning system. The district is still committed to exploring another type of early warning system, possibly with Illuminate for the 2019-2020 school year. The newest early warning program implemented is for the English Learner program and is called Ellevation. This will provide real time monitoring of the students using all available

The district liaison will continue with professional development on homeless and foster youth as well as support/organize professional development for all district staff. The district liaison will maintain a database for foster youth and homeless youth contact information and coordinate with school site homeless liaisons.

The Foster Youth District Liaison attended training and explored resources to carry out responsibilities to reduce the effects of mobility on our foster youth. The assistant to the Foster Youth liaison also engaged in professional development. The Foster Youth Liaison supported our first school site with the creation of a "Hope Chest" at Lakeview Leadership Academy to begin purchasing new basic need items for homeless students. The Central Enrollment Center plays a pivotal role in supporting our homeless and foster students. District Title I money can no longer be used to buy personal items or incentive for students therefore, the funding was not utilized this year.

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The actions and services for Goal 5 were generally implemented as planned with the exception of action/service 1. This action/service was not implemented due to the change in staffing. The position responsible for the meetings was unfilled for a number of months. This area was addressed at the district annual management retreat in June.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

When in engaging in a comprehensive overview of Goal 5 actions/services, the district must continue to have a strong focus on programs that support student alternatives to suspension as well and approaches to support staff when dealing with negative student behaviors. The district focus for the majority of the district -wide professional development this year was on socioemotional learning and student behaviors. Certificated and classified staff were being trained on how to respond to, and support students with trauma backgrounds. The dashboard also indicated we must continue on working toward increased student attendance and reducing chronic absenteeism.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Material differences in estimated actual and budgeted expenditures were primarily due to lack of implementation of and action. In some instances, such as action #5, the funding will be allocated again in the 2019-2020 plan. Action/service #2 had a material difference due to to the fact the district was unable to move forward with the Bright Bytes Early Warning System and instead chose to implement an English Learner software to track and support the EL population. Ellevation will increase monitoring of EL academic progress and reclassification potential at school sites and provide early intervention opportunities.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

The original 6 actions/services will remain the same for the 2019-2020 LCAP with modifications to actions/service #2 and #6. Action/service #2 had the verbiage removed "partnership with SBCSS to institute BrightBytes as an" and added the phrase "Explore the use of an Early warning system to provide real time data on at-risk students to counselors, teachers and site administration". The stakeholders also added "students with disabilities" to the target groups for closer monitoring and support. Action/service #6 was modified to to remove the wording "five" in order to accommodate the fluctuation in the number of intervention teachers based the school plan for student achievement at each school site. Goal 5 did have two new actions/services added to the 2019-2020 LCAP. Action/service #7 was in previous LCAP plans and VVUHSD is again considering hiring a Director of Comprehensive Student Support (CSS) and Child Welfare and Attendance (CWA). Action/service #8 is based on stakeholder input to target school sites with high suspension rates the option of utilizing finding to hire a Licensed Family & Marriage Therapist to provide supplementary services to the school counseling programs at the school sites.

# Stakeholder Engagement

LCAP Year: 2019-20

## Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

The Victor Valley Union High School District is committed to the involvement of all stakeholders in the development of the Local Control and Accountability Plan. The LCAP, as well as the district Strategic Plan, reflect creativity, diversity and commitment to raise levels of student achievement. Both plans prepare our district's students for college and career. The Victor Valley Union High School District used a variety of activities during meetings to involve stakeholders in the LCAP process, including discussion and review of goals, district data and the proposed action and services.

Parent, Staff and Community Engagement:

1. The Victor Valley Union High School District has established a Local Control & Accountability Plan (LCAP) Advisory Committee that is held in an open forum format. The group consisted of community members, board members, parents, students, teachers, counselors, classified staff, and administration. The district had several parents attend the LCAP Advisory committee consistently, representing English Learner, Foster youth, Advanced Placement, African Americans and socioeconomically disadvantaged. The LCAP Advisory Committee attendance ranged from 15 to 30 people every meeting. The LCAP Advisory Committee met 12 times on the following dates:

- September 18, 2018
- October 1, 2018
- October 23, 2018
- November 27, 2018
- January 22, 2019
- February 5, 2019
- February 26, 2019
- March 12, 2019

- April 2, 2019
- April 16, 2019
- April 30, 2019
- May 14, 2019

The agenda for every meeting included a team building activity as well as data review. Presentations to the committee were provided by district staff including the Coordinator of Career Technical Education, the district foster youth liaison, and the Coordinator of English Learners on topics such as CTE student enrollment, career pathways, foster youth enrollment, low income student needs, and English Learner Progress. The LCAP Advisory committee meetings from April through May focused on data review and the review of the district goals and proposed actions and services. The final LCAP Goals and Action/Services were presented to the LCAP Advisory Committee on May 14, 2018.

1. Community Forum meetings regarding the Local Control Funding Formula and the district LCAP process was presented to the school sites and community on May 8th and May 22nd, 2018. The plan goals were presented to the attendees and information was provided on how to provide comments, suggestions and general feedback on the plan through the posting of the plan on the district website. The comments will be collected and provided to the Superintendent for written response if applicable prior to the June 20th Public Hearing of the LCAP.

2. School site review of the LCAP goals, actions and services took place at specific School Site Council Meetings and ELAC meetings throughout the year. Each school site presented LCAP information in the month of October and November and provided the LCAP Advisory Committee meeting dates if they would like to further participate in the process. Lakeview Leadership Academy requires LCAP to be a standing agenda item on their Monthly School Site Council meeting the 2nd Tuesday of every month. Adelanto High School integrated the LCAP Goals, Actions and Services into 5 SSC meetings and how the district LCAP aligns with the school site Single Plan for Student Achievement.

3. District parent meetings were held and the LCFF and LCAP were presented at the District English Learner Advisory Committee (DELAC) on August 22nd and September 19th, 2018 and March 13th, 2019. The parents in attendance were engaged in conversation about their specific thoughts and ideas about proposed services they felt should be in the new plan that would benefit their students and schools.

#### Student Engagement:

The student voice in the LCAP is a priority for our district. The students participated in the Panorama Student Climate Survey and Student Socio-Emotional Learning Survey (SEL) in 2018-2019. In an effort to elicit feedback from students, eight student forums were held which included over 160 students from diverse backgrounds and varying grade levels. In addition, the third annual food tasting student forum was held to provide nutrition services with information about which breakfast and lunch selections they felt would improve student response to food quality and taste districtwide.

The forums were held on the following dates:

- May 3rd, 2019 – University Preparatory School
- May 1st, 2019 – Lakeview Leadership Academy
- April 24th, 2019 – Victor Valley High School
- April 30th, 2019 – Silverado High School
- April 26th, 2019 – Adelanto High School
- May 6th, 2019 – Goodwill High School
- April 24th, 2019 – Cobalt Institute of Math & Science
- April 24th, 2019 – Hook Junior High School
- November 27th, 2018 – Fourth Annual Student Food Tasting Event

During school site student forums, students were presented data from the Panorama Climate Survey and LCAP goals (actions and services) and engaged in an activity in which they provided feedback on topics such as school connectedness, safety, adult support, and mental health. The overall well-being of our students is important to ensure they are able to engage and learn in a supportive, safe school environment.

Governing Board:

As an integral part of the district governance team providing local accountability, the School Board has been involved in the LCAP development and approval process. The district LCAP Advisory Committee meetings were attended by a board representative who actively engaged with the committee members in the data analysis and group work.

- An LCAP update was presented in October 25th, which presented information on the local indicators, the current progress of the actions and services as well as the progress the LCAP Advisory Committee was making on the plan revisions for 2019-20.
- A Public Hearing on the LCAP was held on June 20th, 2019.
- The School Board adopted the LCAP on June 27th, 2019.

LCAP Climate Surveys:

The district partnered with Panorama to administer surveys this year to students (two surveys), staff and families. The first student survey is about climate and the second survey measures socioemotional learning. The survey results were shared with the LCAP Advisory Committee on May 14th, 2019. The survey participation is below:

Parent Respondents- 351

## Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

The LCAP Advisory Committee and other stakeholder groups conducted an in-depth study of the annual update for the 2017-2018 plan as well as the data related to the progress being made for the 2017-2018 plan. The impact on the draft of the plan for the 2019-2020 was minor but the voice of the stakeholders is clearly heard in the recommended changes and explanation.

The LCAP advisory committee, using feedback from other stakeholder groups, are still agreement regarding the five current goals for the district and have determined the goals align with the district strategic plan. The actions and service remained relatively the same but was recommendation for shifting in the funding and the addition of staff to meet the needs of our students. In general the this LCAP year was generally successful and informed our decision making for the 2019-2020 plan.

## Goal 1

VVUHSD will increase the number of students who will graduate on time, prepared for college and career, through career exploration opportunities, academic guidance and a comprehensive academic program aligned with the California State Standards.

**State and/or Local Priorities addressed by this goal:**

**State Priorities:** 1, 4, 5, 6, 7, 8

**Local Priorities:** N/A

**Identified Need:**

1. California School Dashboard data indicates graduation rate is below state levels and there is a need to increase the number of students graduating on time.
  - VVUHSD will increase the graduation rate for all students by 5% (2018-2019)
  - Maintain and/or Increase CTE and Career pathway options for students to prepare for college & career.
2. Graduation rates for target group are below district average.
  - VVUHSD will works towards a 2% increase in graduation rate for the following target groups: Hispanic, African American, White, English Learners, Special Education, and Low Income/Foster Youth (2018-2019)
  - Reduction in the Dropout rate by 1% for all target groups
  - Increase in A-G Completion rate by 5% or meet/exceed state average of 41.4%
3. District Attendance rates are below target of 98%.
  - Increase pupil attendance by .5%
4. California School Dashboard Suspension Data indicates the district is in the “very high - orange” category according to the rubric and there is disproportionality with target groups.
  - Reduce the number of suspensions by 2% district-wide and for all target groups.
5. The number of students enrolling in Advanced Placement and passing an Advanced Placement Exam is below state levels.
  - Increase enrollment in AP Courses by 2%
  - Increase AP pass rate by 2%
6. The college and career indicator is not available but the district qualitative data supports the fact that fewer student are entering directly into a college after high school.
  - School sites will begin to develop a process to monitor the rate of college bound pupils

- 7. California School Dashboard data indicates students are performing below level 3 in ELA by 36.7 points and by 104 in math.
  - VVUHSD will increase by 3% the pupils attaining proficiency (level 3) as measured by CAASPP in grades 7, 8, and 11 in ELA and Math
- 8. California School Dashboard Data indicates English Learners are performing below district-wide levels in ELA, Math and Graduation rate indicators.
  - Increase English Learner progress towards proficiency in English and math.
  - Increase acquisition of English proficiency for EL students.
  - Increase the number of students reaching reclassification by 2% annually.

New materials will specifically align with the needs of at-risk Learners, as well as English Learners, to ensure universal access to the core curriculum with support materials as needed. In addition, in order to increase diverse and inclusive use of the district libraries, VVUHSD is planning a Genrefication organization and additions of flexible seating and maker-spaces. Overall, the Genrefication organization (organizing by subject instead of just the Dewey decimal system) increases comfort and use of the library, especially in students not accustomed to using the library. Flexible seating and maker-spaces increase comfort thereby decreasing stress and providing students the ability to engage their minds in a more productive manner.

Action/Service 1.29 was not included in the 2017-18 LCAP.

Implement an independent study program for all levels of student's grade 7-12 and standardize the independent study curriculum while maintaining curriculum at the district level. (strategic plan) The district will apply for a CDS code for Goodwill Independent Academy as a separate school and expand the grades from 9-12 to 7-12.

Action has been removed from the LCAP for the 2019-2020 year.

## Goal 2

VVUHSD will provide a safe learning environment for students and staff, with comprehensive safety standards, conducted in clean facilities that supports a positive school climate with family engagement.

### State and/or Local Priorities addressed by this goal:

**State Priorities:** 3, 4, 5, 6, 7, 8

**Local Priorities:** N/A

### Identified Need:

1. VVUHSD needs to increase parent/guardian participation at both the site and district level in order to increase student achievement and student attendance rates. Attendance rates at parent events are low as marked by attendance logs.
  - VVUHSD will increase the graduation rate for all students by 5% (2018-2019)
  - Increase CTE and Career pathway options for students to prepare for college & career.
  - VVUHSD will works towards a 2% increase in graduation rate for the following target groups: Hispanic, African American, White, English Learners, Special Education, and Low Income/Foster Youth (2018-2019)
  - Reduction in the Dropout rate by 2% for all target groups
  - Increase pupil attendance by .5%
2. California School Dashboard data indicates students are performing below level 3 in ELA by 36.7 points and by 104 in math.
  - VVUHSD will increase by 3% the pupils attaining proficiency (level 3) as measured by CAASPP in grades 7, 8, and 11 in ELA and Math
  - Decrease by 3% the number of pupils receiving a letter grade lower than C- in both ELA and Math

3. Educating parents/guardians about college entrance requirements and applying to college will impact student college and career success.

- Increase AP enrollment by 2%
- Increase AP pass rate by 2%
- Increase the number of student meeting A-G requirements by 5 % or meet/exceed state average of 45.5%
- Increase the number of students in the "Prepared" and "Approaching Prepared" categories on the College/Career Indicator on the California School Dashboard by 2% annually.

Students communicated through the Student Forums a desire to increase safety. In order to strengthen site disaster plans, VVUHSD sees the need to increase preventative procedures.

- Increased sense of safety and well-being
- Increase/maintain high levels of practice for safety drills and practices

## Goal 3

VVUHSD will ensure all students learn in a supportive environment with highly qualified teachers, who are provided opportunities for meaningful professional learning, and who participate in a collaborative culture of continuous improvement for student achievement.

### State and/or Local Priorities addressed by this goal:

**State Priorities:** 1, 4, 7, 8

**Local Priorities:** N/A

### Identified Need:

Provide high quality professional development for all staff to ensure safety, quality first instruction, common core instructional shifts, increased student access to California State Standards and frameworks, and improved career and college counseling for our students. VVUHSD's online PD survey indicates a desire by stakeholders to continue to experience professional development opportunities in the area of rigor, technology and EL support strategies. Certificated and classified staff require training to stay current and facilitate student achievement.

- Increase by 3% of pupils attaining proficiency as measured by CAASPP in grades 7, 8, and 11 in ELA and Math
- Decrease by 3% the number of pupils receiving a letter grade lower than C- in both ELA and Math
- Increase pupils enrolled in A-G classes by 2%
- Increase enrollment in AP Courses by 2%
- Increase AP pass rate by 2%
- Reduction in the Dropout rate by 2% for all student groups

## Goal 4

VVUHSD will establish district-wide uniformity in procedures, policies, and materials to ensure effective implementation of district initiatives designed to increase student achievement.

### State and/or Local Priorities addressed by this goal:

**State Priorities:** 1, 3, 6

**Local Priorities:** N/A

### Identified Need:

The District Strategic Planning Committee have identified the need to streamline district procedures and to facilitate employee and parent ease in accessing information and training to better serve our stakeholders and in turn, foster greater student achievement.

- Reduction in staff and public concerns through the Uniform Complaint Procedure Process
- Reporting of an increase in climate by students, parents and staff based on the climate surveys administered for staff and families.
- Williams quarterly report on instructional material, facilities and teacher assignment.

## Goal 5

VVUHSD will focus on student and staff wellness to promote student academic success through the design and support of programs in attendance, responsible behavior, positive attitudes, and social-emotional learning.

### State and/or Local Priorities addressed by this goal:

**State Priorities:** 5, 6, 7

**Local Priorities:** N/A

### Identified Need:

Bush Foundation research shows that students who successfully complete high school should be in attendance at least 97% of the days. District data indicates that we have not met the 97% threshold at all sites. Survey data and committee discussions indicate a focus on student wellness and safety while fostering positive student / adult relationships on all campuses in an area of need. (SP) Student Forums and the California Healthy Kids Survey indicate a need to foster increased student / adult relationships. District self-evaluation also indicates a streamlining of student services programs such as expulsions, SARB, PBIS, and other CWA related job functions to address concerns about disproportionality and cultural proficiency.

- Increase PBIS participation at all sites
- Foster Positive student /adult relationships and an increased sense of well-being for students based on climate surveys
- Increase pupil attendance by .5% annually
- Reduce chronic absenteeism by 2% annually
- Reduce the number of suspensions by 3% annually

- Reduce the number of expulsions by 3% annually
- Increase of graduation rate by 3% annually
- Reduction in the Dropout rate by 2% for high school annually
- Reduction in the Dropout rate by .5% for high school annually

Based on potential funding resources, VVUHSD will explore hiring a Director of Comprehensive Student Support and Child Welfare & Attendance to review student suspension and expulsion data, administer all expulsion procedures, review inter and intra district transfers, coordinate/conduct attendance and suspension interventions, coordinate independent study programs, assist with GED program development, assist with foster youth support programs, McKinney Vento support programs, District Liaison for County Probation, 504 LEA Coordinator, student Title IX issues, supervise and provide support for district-

wide PBIS implementation, support a district parent engagement center, address OCR and disproportionality issues with targeted groups and collect/review a variety of data related to LCAP. The Director of Comprehensive Student Support (CWA) will review all district-wide data monthly, with a focus identifying the highest number of Ed Code infractions for the purpose creating and monitoring appropriate interventions. During the implementation of PBIS, data will be used to modify and employ behavior expectation standards at each school site as well as maintain an updated district-wide discipline matrix outlining interventions and restorative justice practices.

# Demonstration of Increased or Improved Services for Unduplicated Pupils

## LCAP Year: 2017-18

Estimated Supplemental and Concentration Grant Funds

\$15,421,787.00

Percentage to Increase or Improve Services

17.65%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds.

The percentage by which, increased or improved services must increase, is estimated at 17.65% over the LCAP year. The Victor Valley Union High School District LCAP Goals, Action and Services recognizes the needs of these at-risk students that comprise approximately 83% of our student population based on socioeconomically disadvantaged data. The school sites support the LCAP goals by establishing their Single Plans for Student Achievement to align with the action and services and provide direct services. The district uses LCFF, and titled funds through the LCAP to support the school sites when implementing the actions and services such as supplemental instructional materials, career support staff, intervention teachers, intervention counselors, technology, contract college and career readiness support, parent engagement activities, support services targeting English Learners and Foster Youth, professional development, increased/extended learning opportunities (APEX online learning, Independent Study, summer school, etc) and academic enrichment such as college entrance exams prep, study trips and advanced placement tutorials. In addition, the district has allocated additional funding to continue the expansion of technology, increase targeted professional development for English Learners in instructional strategies and expanded student support for success through socio-emotional focus on PBIS, and other student wellness programs. All targeted

actions/services are geared to increase student academic achievement and school connectedness.

## LCAP Year: 2018-19

Estimated Supplemental and Concentration Grant Funds

\$26,746,701.00

Percentage to Increase or Improve Services

31.29%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds.

The percentage, by which services must be increased or improved, is estimated at 31.29% over the 2018-2019 LCAP year. Currently, the 2018-2019 LCAP reflects \$5,449,505.00 of the district's LCFF-SCG which is 20% of the total grant. The Victor Valley Union High School District LCAP Goals, Action and Services recognize the need to support all unduplicated students with increased and improved services through all district services. The revision of the LCAP goals for 2018-19 plan and consolidate the types of services provided to unduplicated students.

-In Goal 1, the focus is on a comprehensive academic program with student achievement as the emphasis. The increased and improved services for unduplicated pupils are found in 11 of the 29 actions and services. The actions/services that directly impact academic achievement include:

- Supplementary intervention instructional materials (6,13)
- Revisions to instructional program materials to increase access for targeted students (7)
- Increased access to standards based adoptions and materials (9)
- Increased programs in CTE to ensure career readiness for all levels of learners (8)
- Improved use of technology with dedicated devices/equipment for intervention (11)
- Additional educational technology staff to support the increasing number for students needing learning technology support (14)

As for the support provided beyond classroom instruction, action and services include:

- The addition of intervention counselors and expanded support programs (1)
- An English learner Coordinator to ensure EL student support district wide (5)

- A focus on college and career readiness with increased college visits and career fair attendance (10)
- Increased focus on transition programs for our at-risk students (25)
- The training in, and use of, an attendance monitoring program to help reduce chronic absenteeism (23)

Action/Service 18 is an area identified specifically for special education students, but funding for the reinstatement of a workability counselor is funded by the supplementary and concentration grant money, due to the fact that prior to the S/C funding, this position was left unfilled. In total, the district has dedicated \$4,294,506.00 in supplementary/concentration funding to accomplishing actions and services specifically targeting unduplicated pupils.

-In Goal 2, the focus is on safe learning environments with family engagement as the emphasis. The increased and improved services for unduplicated pupils are found in five of the eleven actions and services. The actions/services that directly impact parent and student engagement of targeted students include:

- A dedicated college and career guidance technician to help parents support students with college and career exploration (6)
- Parent centers with Family Engagement Liaisons to reach out to families of targeted students (7)
- Increased professional development to help staff serve our low income, foster youth, and homeless families and ensure they are receiving supplementary services (10)
- The employment of a Public Engagement Information Manager to increase district communication to our families about services available to them, to ensure we target our most fragile learners (5).

There are two action/services that are very specific to safety and were increased based on climate needs assessments provided during the 2017-2018 LCAP year.

- The district responded to the data by reconsidering the funding of probation officers on school campuses, and school resource officers, in order to provide on campus supports for at-risk students in areas including anger management, drug/alcohol abuse, and other social-emotional programs. Probation Officers and SROs conduct home visits for students who are chronically absent including homeless and foster youth.

- VVUHSD is addressing climate, student safety and student socioemotional areas of need, by implementing the use of Panorama. Panorama is a comprehensive support service that not only allows the district to collect data on SEL and safety, but allows teachers to use the data to address student needs at a classroom level. Action/service 1 provides a budget for the use of Panorama, and is paid for out of special education disproportionality funding, which was mandatory to be set aside by the district from S/C grant money, although the resource is labeled as special education. This data collection platform is for all families to ensure equity of services and support.

In total, the district has dedicated \$992,609.00 in supplementary/concentration funding to accomplishing actions and services specifically targeting unduplicated pupils in goal 2.

-In Goal 4, the focus is on an effective implementation of district initiatives with increased student achievement as the emphasis. There is one

action/service that targets unduplicated students. Action/service 3 has dedicated \$6,000.00 to increase school connectedness and to celebrate the achievements of our targeted students. This effort is to ensure students recognize the importance of personal growth and educational success as a contributor to increased academic achievement.

-In Goal 5, the focus is on student and wellness with support programs addressing student socioemotional needs as the emphasis. The increased and improved services for unduplicated pupils are found in three of the six actions and services. The actions/services that directly impact academic achievement include:

- Implementation of an early warning system to provide real time data on at-risk students to counselors, teachers and site administration. Student groups will be dis-aggregated to monitor foster youth, homeless youth and English learners (2)
- Identification and training of district and school site homeless and foster youth liaisons (5)
- Employment of school site intervention teachers to target student social-emotional well-being and reduce behavior incidents on campus of target groups (6)

In total, the district has dedicated \$48,406.00 in supplementary/concentration funding to accomplishing actions and services specifically targeting unduplicated pupils in goal 5.

Additional information which is directly impacting the supplementary and concentration grant funding includes action and programs not directly listed as action/services in the 2018-2019 LCAP. Understanding our community and their unique needs, the supplementary and concentration grant money is being widely used to fund the following services:

-VVUHSD applied for, and received the approval, to provide all students in our district with free breakfast and lunch through the USDA Food and Nutrition Service Community Eligibility Program (CEP). This program will establish the unduplicated pupils for the 2018-2019 school year, in the area of low income, now identified as 100% of our student population. The achievement is anticipated to impact student achievement in a variety of areas such as college readiness and attendance rates.

- The District will provide transportation to all students who live within the district boundaries, but outside the district walking limitation, McKinney-Vento Students and Homeless students, and foster youth or other low income students who are unable to secure transportation to school. The district school bussing services, as well and public transportation, are funded by the district LCFF-SCG. The amount the district supplements the transportation program is approximately \$3,842,021.00. This is not a current action/service for the 2018-2019 LCAP but is funded from SCG and comprises an additional 21% of the SCG. This service is extremely important to decrease chronic absenteeism and increase the attendance of homeless youth, foster youth and low income students, therefore increasing their academic achievement, by attending consistently and increasing their opportunity to graduate.

- The district supplements the nutritional services program for low income students by providing support staff and other resources which encourage

them to participate in the breakfast and lunch programs, helping to focus on learning rather than immediate needs, such as hunger. The supplementary LCFF-SCG funds include approximately \$3,830.00 This is not a current action/service for the 2018-2019 LCAP but is funded from SCG.

- Instructional materials and supplies, beyond the \$5,000.00 in the 2018-19 LCAP, for our low income students are purchased from LCFF-SCG in order to make sure every student has the tools needed to perform in class. Backpack, notebooks, paper, writing supplies, and more, are provided to target groups such as homeless and foster youth to help them succeed. Approximately \$33,095.00 was spent on target groups in 2017-2018 and will be set aside again for the 2018-19 school year. This is not a specific action/service for the 2018-2019 LCAP but is funded from SCG. In addition, every new textbook adoption must include the appropriate materials to provide universal access for our at-risk/underperforming population and have supplemental materials for our English Learner population. This will require purchasing curriculum that has specialized components and may increase the cost of the materials beyond a traditionally base program. The district has committed SCG funding to ensure we meet the needs of the unduplicated students for access to standards based materials that meet their learning needs.

- LCFF-SCG is used to provide services to English Learners above Title III allocations. Specialized support courses are designed to increase EL student reclassification and academic achievement. Supplementary materials are purchased to ensure student access to core curriculum and well as provide targeted curriculum the special courses. In addition to the \$154,747.00 in the current 2018-19 plan, LCFF-SCG funds are also allocated to support English Learners in the amount of \$561,291.00 as salaries for an increased number of bilingual instructional assistants, stipends for site EL Coordinators at select school sites, contracted services such as Rosetta Stone, special transportation for EL student events, materials and supplies for the EL program office and EL classrooms.

- VVUHSD fully funds a robust and growing Career Technical Education program at six of the eight schools in the district though LCFF-SCG. This includes staff and supplies that are not covered by Perkins Funding or other CTE grants. The 2018-19 LCAP includes \$815,688.00 to cover the costs of offering this supplementary program to ensure our low income and at-risk students have an opportunity to establish career goals, and even earn certification in a career, that will support them after high school.

The school sites support the LCAP goals by establishing Single Plans for Student Achievement, which align with the actions and services, and provide direct services. The school site SPSAs include similar actions and services utilizing site discretionary as well as categorical funding to provide increased and improved services such as: study trip transportation services, teacher credentialing support for middle school and high school CTE program expansion, supplemental instructional materials, career centers with support materials, intervention teachers, intervention counselors, technology, college and career readiness support for at-risk and Advanced Placement students, parent engagement activities, support services targeting English Learners and Foster Youth, professional development, increased/extended learning opportunities (APEX online learning, Independent Study, summer school, etc) and academic enrichment such as college entrance exam prep and advanced placement tutorials.

In addition, the school sites and district have allocated additional funding to continue the expansion of technology, increase targeted professional development for English Learners in instructional strategies, and expanded student support for success through socioemotional focus on PBIS, and other student wellness programs. All targeted actions/services are geared to increase student academic achievement and school connectedness.

## LCAP Year: 2019-20

Estimated Supplemental and Concentration Grant Funds

\$29,140,112.00

Percentage to Increase or Improve Services

31.78%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

The percentage, by which services must be increased or improved, is estimated at 31.78 over the 2019-2020 LCAP year. Currently, the 2019-2020 LCAP reflects \$7,637,490.00 of the district's LCFFSCG which is 26% of the total SCG. The Victor Valley Union High School District LCAP Goals, Action and Services recognize the need to support all unduplicated students with increased and improved services through all district services. The revision of the LCAP goals for 2019-2020 plan and consolidate the types of services provided to unduplicated students.

In Goal 1, the focus is on a comprehensive academic program with student achievement as the emphasis. The increased and improved services for unduplicated pupils are found in 14 of the 29 actions and services. The actions/services that directly impact academic achievement include:

- Supplementary intervention instructional materials (6,13)
- Revisions to instructional program materials to increase access for targeted student populations (7)
- Increased access to standards based adoptions and materials (9)
- Increased programs in CTE to ensure career readiness for all levels of learners (8)

As for the support provided beyond classroom instruction, action and services include:

- The addition of intervention counselors and expanded support programs (1, 20)
- An English learner Coordinator to ensure EL student support district wide (5)
- A focus on college and career readiness with increased college visits and career fair attendance (10)

- Increased focus on transition programs for our at risk students (25)
  - The training in, and use of, an attendance monitoring program to help reduce chronic absenteeism (23)
  - Provide transportation for at risk student populations to help reduce chronic absenteeism and increase graduation rates. This service is extremely important to decrease chronic absenteeism and increase the attendance of homeless youth, foster youth and low income students, therefore increasing their academic achievement, by attending consistently and increasing their opportunity to graduate (29)
  - Action/Service 18 is an area identified specifically for special education students, but funding for the reinstatement of a workability counselor is funded by the supplementary and concentration grant money, due to the fact that prior to the S/C funding, this position was left unfilled.
- In total, the district has dedicated \$5,849,433.00 in supplementary/concentration funding to accomplishing actions and services specifically targeting unduplicated pupils.

In Goal 2, the focus is on safe learning environments with family engagement as the emphasis. The increased and improved services for unduplicated pupils are found in 7 of the 12 actions and services. The actions/services that directly impact parent and student engagement of targeted students include:

- A dedicated college and career guidance technician to help parents support students with college and career exploration (6)
- Parent centers with Family Engagement Liaisons to reach out to families of targeted students (7)

There are two action/services that are very specific to safety and were increased based on climate needs assessments provided during the 2018-2019 LCAP year.

- The district responded to the data by reconsidering the funding of probation officers on school campuses, and school resource officers, in order to provide on campus supports for at risk students in areas including anger management, drug/alcohol abuse, and other socioemotional programs. Probation Officers and SROs conduct home visits for students who are chronically absent including homeless and foster youth (11).
- VVUHSD is addressing climate, student safety and student socioemotional areas of need, by implementing the use of Panorama. Panorama is a comprehensive support service that not only allows the district to collect data on SEL and safety, but allows teachers to use the data to address student needs at a classroom level. Action/service 1 provides a budget for the use of Panorama, and is paid for out of special education disproportionality funding, which was mandatory to be set aside by the district from S/C grant money, although the resource is labeled as special education. This data collection platform is for all families to ensure equity of services and support (1).

- Employ a board certified behavioral analyst to support students with disabilities at at-risk students in providing interventions and support (12)

In total, the district has dedicated \$416,789.00 in supplementary/concentration funding to accomplishing actions and services specifically targeting unduplicated pupils in Goal 2.

In Goal 4, the focus is on an effective implementation of district initiatives with increased student achievement as the emphasis. There is one action/service that targets unduplicated students. Action/service 3 has dedicated \$8,000.00 to increase school connectedness and to celebrate the achievements of our targeted students. This effort is to ensure students recognize the importance of personal growth and educational success as a contributor to increased academic achievement.

In Goal 5, the focus is on student and wellness with support programs addressing student socioemotional needs as the emphasis. The increased and improved services for unduplicated pupils are found in 4 of the 6 actions and services. The actions/services that directly impact academic achievement include:

- Implementation of an early warning system to provide real time data on at risk students to counselors, teachers and site administration. Student groups will be disaggregated to monitor foster youth, homeless youth and English learners (2)
- Identification and training of district and school site homeless and foster youth liaisons (5)
- Employment of school site intervention teachers to target student socioemotional well-being and reduce behavior incidents on campus of target groups (6)
- Employment of Director of Comprehensive Student Support and Child Welfare & Attendance to monitor, manage, and review all suspensions, expulsions, transfers, independent study programs, and foster youth support programs, and act as the District Liaison for County Probation and 504 LEA Coordinator (7) with the funding pending.

In total, until the district makes a decision regarding the Director of CSS/CWA, the district has dedicated \$20,000.00 in supplementary/concentration funding to accomplishing actions and services specifically targeting unduplicated pupils in Goal 5.

Additional information which is directly impacting the supplementary and concentration grant funding includes action and programs not directly listed as action/services in the 2019-2020 LCAP. Understanding our community and their unique needs, the supplementary and concentration grant money is being widely used to fund the following services:

-VVUHSD applied for, and received the approval, to provide all students in our district with free breakfast and lunch through the USDA Food and Nutrition Service Community Eligibility Program (CEP). This program will establish the unduplicated pupils for the 2019-2020 school year, in the area of low income, now identified as 100% of our student population. The achievement is anticipated to impact student achievement in a variety of areas such as college readiness and attendance rates.

- Instructional materials and supplies, beyond the \$44,806.00 in the 2019-2020 LCAP, for our homeless, foster and low income students are purchased from LCFFSCG in order to make sure every student has the tools needed to perform in class. Backpacks, notebooks, paper, writing supplies, and more, are provided to target groups such as homeless and foster youth to help them succeed. Approximately \$43,501.00 was spent on target groups in 2018-2019 and will be set aside again for the 2019-2020 school year. This is not a specific action/service for the 2019-2020 LCAP but is funded from SCG. In addition, every new textbook adoption must include the appropriate materials to provide universal access for our at-risk/underperforming population and have supplemental materials for our English Learner population. This will require purchasing curriculum that has specialized components and may increase the cost of the materials beyond a traditionally base program. The district has committed SCG funding to ensure we meet the needs of the unduplicated students for access to standards based materials that meet their learning needs.
- LCFFSCG is used to provide services to English Learners above Title III allocations. Specialized support courses are designed to increase EL student reclassification and academic achievement. Supplementary materials are purchased to ensure student access to core curriculum and well as provide targeted curriculum the special courses. LCFFSCG funds are also allocated to support English Learners in the amount of \$233,174.00 as salaries for an increased number of bilingual instructional assistants, stipends for site EL Coordinators at select school sites, contracted services such as Rosetta Stone, special transportation for EL student events, materials and supplies for the EL program office and EL classrooms.
- VVUHSD fully funds a robust and growing Career Technical Education program at all of the eight schools in the district though LCFFSCG. This includes staff and supplies that are not covered by Perkins Funding or other CTE grants. The 2019-2020 LCAP includes \$814,688.00 to cover the costs of offering this supplementary program to ensure our low income and at-risk students have an opportunity to establish career goals, and even earn certification in a career, that will support them after high school.

Beyond the LCAP goals, actions and services, the supplementary and concentration grant (SCG) funding is used to continue to provide students a robust and well-rounded educational program. VVUHSD invests \$1,511,480.00 in the increased instructional time through the use of targeted Rtl through a variety of structures, including a support period at Hook Junior High and Victor Valley High built into the master schedule, that involves all teachers and students at the school site. Rtl support structures exist at all school sites in the form of math and English support classes which equate to \$544,826.00 of SCG funding. SCG funding in the amount of \$2,282,432.00 is provided to continue to fund supplementary program staff, class periods, and materials for the AVID program and the Advanced Placement program. SCG funding has been used to expand supplementary programs such as CTE and visual and performing arts accounting for \$6,483,083.00 to revive these programs which had experienced a reduction in offerings prior to LCFF. Project Lead the Way is a supplementary career technical program, offered specifically at Cobalt Institute of Math and Science, whose base program funding is from SCG in the amount of \$21,493.

SCG Funding has also allowed VVUHSD to explore new educational settings for students to provide for a smaller, personalized setting with specific educational goals. The first of these was a ground-breaking, themed school of choice called University Preparatory School. The district has invested

\$3,946,942.00 to sustain this unique school of choice setting for students and families, to provide them a unique educational experience beyond the traditional secondary setting, serving grades seven through twelve. The success of University Preparatory School led to the investment of \$3,431,064.00 of SCG funding to expand Cobalt Middle School to a school of choice as well, becoming Cobalt Institute of Math & Science and Lakeview Middle School expanding to Lakeview leadership Academy. Currently Cobalt Institute of Math & Science serves grades seven through twelve, and Lakeview Leadership academy serves grades seven through eleven, with grade 12 coming on board during 2020-2021. The use of SCG funding has provided additional staffing and base program materials to continue to support and expand the schools of choice in VVUHSD.

Personnel is also a method to increase and improve services. Since the introduce of the LCFF, VVUHSD has expanded staffing to provide four additional counselors to increase the number of general education counselors at Silverado High School, University Preparatory School, Cobalt Institute of Math & Science and Lakeview Leadership Academy. This accounts for \$432,856.00 of SCG funding. Library technicians have been rehired at all school sites through SCG funding in the amount of \$587,037.00. The district established a Central Enrollment program which includes extensive support services for foster youth and homeless youth. This center includes a manger who conducts specific outreach to the homeless liaisons at the school sites to identify homeless youth and ensure they receive the services they need to provide them with the tools to be successful in school. The district invests \$253,615.00 in personnel and support services to meet the needs of this identified target group.

VVUHSD also invests \$618,669.00 in SCG funding to continue to provide a robust and targeted support program for the English Learners. The program includes support classes and beyond the school day tutoring, and other services beyond what Title III funding provides. A secondary target group that encroaches significantly beyond state and federal funding is the supplemental transportation of special education students for work experience/life experience community based trips, as well as some home to school transportation. The encroachment amounts to \$687,988.00 dollars.

The final area in which VVUHSD has invested supplemental and concentration grant funding is in the number of instructional minutes provided to our students during the school day. For the new instructional year, VVUHSD will invest in 5 additional student contact minutes by teachers, which will result in the cost of \$701,137.00.

The school sites support the LCAP goals by establishing a Single Plan for Student Achievement, which aligns with the actions and services and provides direct services to students. The school site SPSAs include similar actions and services utilizing site discretionary as well as categorical funding to provide increased and improved services such as: study trip transportation services, teacher credentialing support for middle school and high school CTE program expansion, supplemental instructional materials, career centers with support materials, intervention teachers, intervention counselors, technology, college and career readiness support for at risk and Advanced Placement students, parent engagement activities, support services targeting English Learners and Foster Youth, professional development, increased/extended learning opportunities (APEX online learning,

Independent Study, summer school, etc) and academic enrichment such as college entrance exam prep and advanced placement tutorials. In addition, the school sites and district have allocated additional funding to continue the expansion of technology, increase targeted professional development for English Learners in instructional strategies, and expanded student support for success through socioemotional focus on PBIS, and other student wellness programs. All targeted actions/services are geared to increase student academic achievement and school connectedness.

In general, VVUHSD has identified \$7,637,490.00 in supplemental and concentration grant funding in the goals, actions and services for the 2019-2020 LCAP, as well as invested \$21,502,622.00 in supplemental programs, personnel and services as identified above.
