P R O V I D E N C E

## US/MS Computer Science & Robotics Teacher

Lincoln School, founded in 1884, is an independent K-12 Quaker girls' school in Providence, Rhode Island. We are currently seeking a full-time, Middle/Upper School Computer Science and Robotics teacher for the 2020-21 school year.

The position will involve teaching a wide range of technology-focused courses including: Introduction to Computer Science, Engineering and Design, Robotics, and related discipline-specific courses in application and website design. Qualified candidates will have a working knowledge of Python, Java, C, C++, FTC robotics software platform, Tetrax Hardware, and Lego Mindstorm.

Candidates should have experience with student-centered teaching, together with confidence and experience teaching Computer Science at the middle and high school levels. A bachelor's degree is required and a master's degree is preferred. The ideal candidate for this position is enthusiastic about educating girls and young women, and eager to contribute to curricular choices which will help advance Lincoln STEAM initiatives.

Applicants should have exemplary pedagogical skills, a passion for teaching and learning from young people, and a love for working with adolescents in all facets of their school experience; in addition to teaching 4 classes at various grade levels, 9-12, responsibilities include serving as an advisor, supporting students outside of the classroom, and upholding and advancing Lincoln's values of community, equity, and inclusion. Teachers at Lincoln maintain a reflective practice that involves collaboration and critical dialogue with colleagues and division leadership about their teaching.

### How to Apply:

Interested candidates should send a resume, statement of educational philosophy, and a list of 3-5 references with contact information to [careers@lincolnschool.org](mailto:careers@lincolnschool.org). It is important to reference **ComputerScience/Robotics** in the subject line of the email.
