## Lower School Upper Elementary – Spanish

### *Scope and Sequence*

#### ***Vision:***

Students at CHCA, through the study of world languages, will appreciate the unlimited capabilities that God has given all people for glorifying and serving Him through language. They will recognize that “the body of Christ is made up of people of faith, of all nations, all languages, all races.” Consequently, the inherent desire to know and serve His people by putting into practice Christian values, like empathy, brotherhood and peace will ultimately reveal itself to students as a lifelong, self-motivated quest for knowledge of and service to God for communicating eternal Truth through the target language. By engaging in intercultural God-centered interaction and inquiry, students of Modern Languages will gain greater self-awareness, a critical perspective on their own culture in relation to other cultures, and the ability to discern universal truth. Students comprehend, analyze, and critique texts and media of excellence and demonstrate competence in listening, speaking, reading, and writing performances in Modern Languages, embracing many disciplines. Modern Language students will be encouraged to exercise initiative and leadership as well as to participate in cooperative learning and research. Students will be provided with educational opportunities beyond the school setting and will receive meaningful instruction, academic challenge and support.
