What is the Housing Rehabilitation Grant/Loan Program?

The purpose of the Housing Rehabilitation Program is to provide financial and technical assistance to eligible West Hartford homeowners.

A financial assistance package includes a combination of grant (10 year term) and low interest loan (lifetime mortgage deed)*.

Technical assistance is provided to homeowners to reduce lead hazards, correct housing code violations and remove architectural barriers which restrict the mobility and accessibility of handicapped household members. The owner may also obtain funding assistance from Connecticut Housing Investment Fund (CHIF) to improve energy efficiency in the structure.

**Lifetime mortgage deed does not require monthly payments. This low interest loan is due and payable in a lump sum upon sale or transfer of any interest in the property.*

NOTE: Should the owner sell or transfer any portion of the property within a 10 year period, the owner(s) will be required to repay all or a portion of the funding.
