

July 8, 2020

Dear Keeneyville District 20 Families,

District 20 is currently in the planning stages for what the return to school this fall will look like for our community. We will follow current guidance from the Illinois Department of Public Health (IDPH) and Illinois State Board of Education (ISBE), which strongly encourages in-person instruction with appropriate health and safety measures. The key components of the State's requirements for schools are outlined in **“What Parents Need to Know”** ([English](#) / [Spanish](#)), including requiring face coverings for students and staff, social distancing, regular symptom and temperature screenings, enhanced sanitation measures, and other accommodations.

While school may look different this fall than what we are all accustomed to, we will continue to focus on providing every student with high-quality learning opportunities, while prioritizing the health and safety of our students, families, and staff.

### **FAMILY BACK-TO-SCHOOL SURVEY**

We are seeking feedback from our Keeneyville D20 Family to make sure that we meet the specific concerns and needs of our students, families, and staff. Your responses are critical to us as we plan to reopen our schools safely this fall. **Please provide us with your feedback in our anonymous online survey by Friday, July 17 so that we can consider your responses during our planning process:**

Thank you for your feedback, we are better together!

Sincerely,

Dr. Omar Castillo  
Superintendent of Schools  
Keeneyville ESD 20
