

Introduction:

LEA: VICTOR VALLEY Contact (Name, Title, Email, Phone Number): Ron Williams, Superintendent, 760-955-3201 ext.: 10202

LCAP Year: 2016-2019

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: *degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)*

Implementation of State Standards: *implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)*

Course access: *pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)*

Expelled pupils (for county offices of education only): *coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)*

Foster youth (for county offices of education only): *coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)*

B. Pupil Outcomes:

Pupil achievement: *performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)*

Other pupil outcomes: *pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)*

C. Engagement:

Parental involvement: *efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)*

Pupil engagement: *school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)*

School climate: *pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)*

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community

organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?

- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

and were reviewed for the purpose of monitoring the implementation of California State Standards (CCSS) and checking for levels of student engagement.

Student Forums

Student Forums took place in the fall of 2015 and the spring of 2016. Approximately four hundred students from all eight campuses participated. The forums had the sole purpose of capturing student voices. Students were randomly selected, but included the voices of our Special Education students, Foster Youth and English Learners. Students participated in a carousel activity that focused on specific themes: campus cleanliness, student safety, students' academic experiences, student engagement and students' general wellness. Results of the carousel activity were shared with site administration and with the LCAP Stakeholder Committee in December 2015 and January 2016. Adelanto High and Silverado included the resulting data in their WASC reviews. In addition, students took an online survey related to the same topics as above. The survey results were also considered.

After the California Healthy Kids Survey results were discussed with the LCAP Committee, it was suggested that the spring Student Forums probe deeper into concerns raised in the survey. The spring Forums tapped into understanding better the adult / student relationships. This concern is reflected in the strategic plan as well as the 2016-17 LCAP that create new actions designed to address student wellness issues. Additionally, students expressed a desire to have more safety drills on their campuses. This is also reflected in the 2016-17 LCAP.

Board Presentations and Action

The Board of Trustees was provided a LCAP update regarding implementation progress in January and March. The Board was informed about the progress of the district Strategic Planning efforts and how the initiative paralleled the LCAP actions and goals.

The district Strategic Plan was formally approved at the June 1, 2016 Board of Trustees' meeting. The public meeting for the LCAP was held on June 22, 2016 and the Board of Trustees took action to approve the 2016-17 LCAP on June 24, 2016.

Strategic Planning

February 5-6, 2016 the district began the strategic planning process. Twenty-five participants selected to represent all stakeholders convened to set in motion a new direction for the district. Participants included classified and certificated Association representation, district and site administration, community members, parents and students. For two days, the team identified a set of beliefs, a new mission statement, new strategies and a set of parameters. This information was then submitted to newly formed Actions Teams to formulate strategic results or outcomes for the five year plan and delineate new sets of actions to implement to reach the desired outcomes for our students.

Strategic Planning members received the suggested strategic results and actions from the three Action Teams. March 18-19, 2016 the team worked to affirm the plans submitted and assure their alignment with the mission and beliefs of the district. The result of the two days was the district Strategic Plan with timelines and priorities identified.

Action Teams

February 19, 2016 Six district employees representing classified and certificated employees were trained in leadership skills in how to conduct strategic planning efforts with action team members.

Three action teams were formed. These teams of approximately 13- 17 members represented certificated and classified staff, district and site level administration, community members and parents. Fifty participants meet four times over a two week period to draft the strategic results, or outcomes of the plan and the actions needed to accomplish those outcomes. As a result, the first draft of the district Strategic Plan was put forward for consideration

	by the Strategic Planning Committee. The 2016-17 LCAP incorporated the work of the Action Teams.
<p>Annual Update:</p> <p>Integrated Math I, II and III Instructional Materials Adoption was completed this year after a fruitful pilot and highly valued discourse. New materials are ready for teachers and students for the start of the academic year.</p> <p>VVUHD moved forward on the adoption of textbook for all grade levels in English Language Arts. August 2016 will see a pilot of two publishers' materials in Twenty-one classrooms. The decision regarding adoption will be made in January of 2017 so as to ensure that the materials will get into the hands of the teachers prior to the start of the 2017-2018 school year.</p> <p>In addition, VVUHSD was able to adopt materials that better align to new Advance Placement assessments for both AP European History and United States History. AP European History Teachers were also afforded a collaboration day and professional development is planned in August for the teachers to continue the dialogue in order for VVUHSD to better serve our AP students and promote greater collaboration amongst teachers. An increase of 2,000 students in 2015-16 in the seats in AP classes intensifies our desire to support teachers and students as they strive to achieve.</p> <p>The district expanded the role of the Instructional Advisory Boards. Currently, VVUHSD Math and English Language Arts boards convened to promote teacher leadership and voice in the selection of materials, approval of course and general consultation regarding instruction and materials. It has been very successful and the district plans to expand the number of boards to include Science and Social Science for the coming year.</p> <p>Our Math and English Language Art teachers completed the process of writing units of study this year and the units will be shared before the teachers leave for summer. The concept of RCD has been embraced by Social Science and Science teachers. Plans to move forward with these disciplines penning units will begin in September 2016.</p> <p>VVUHSD monitored the number of D and F grades for our students. At the first semester approx. 26% of our students received non-UC/CSU credit grades (a slight reduction from the previous year). The fourth quarter reporting indicates that the fewer numbers of students are on track to receive approx. the same percentage of D and F grades at the end of the year. Each site is working to develop an intervention plan funded dually by the district and sites to promote this positive trend.</p> <p>Sites utilized the skills of an intervention counselor on five of our campuses found success, but substantial data is not available. We will define the scope of their work to more closely assist struggling students and determine targeted academic interventions.</p>	<p>Annual Update:</p> <p>The strategic planning process has been transformative for the district.</p> <p>So many voices and such thoughtful participation by all concerned stakeholders has served as a catalyst to drive VVUHSD to craft a new LCAP and to a renewed commitment to serve and embrace our community more deeply. Readers will note the changes and policies that VVUHSD will embrace over the course of the next five years.</p>

As detailed in the Annual Update section, VVUHSD has experienced a significant reduction on the number of suspensions. CWA provided several workshops to assist the district and sites to identify major and minor infractions. Increased awareness and consistent monitoring has made a difference and the practices will be extended into the coming year.

The district experienced a 1.3% increase in student attendance. A district and board goal is to attract and retain students, thus placing great emphasis on attendance. This focus will continue in the coming year.

With the detailed work of our Strategic Planning and Action Planning teams, the district will move forward with a new set of goals and actions that VVUHSD believes will reflect the voice of our community and all stakeholders. The new direction is reflected in the 2016-19 LCAP. We are invigorated by the strategic planning process and the ability of the district to coalesce around core values, a new mission statement and parameters to define our work. The strategic results, noted as goals in the LCAP and the actions detailed therein, will drive our desire to better serve our students, parent and community as we embrace OPENING DOORS 2020.

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions

an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA’s goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Actions/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement" (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schools/sites been evaluated to inform the development of meaningful district and/or individual schools/site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

GOAL: *Increase the number of students who graduate, on time, with viable college and career options.*

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Expected Annual Measurable Outcomes:	1. Increase the number of pupils who are on track to graduate from VVUHSD college and career ready <i>Metric: Student Achievement/ Performance on SBAC, Graduation Rate, Graduates completing UC/CSU Required Courses, AP Enrollment, AP pass rates, EAP results</i> <i>Metric: Course Access/ Aeries data on course enrollment</i> <i>Local Metric: Student Achievement/ Semester grades</i> <i>Metric: Other Student Outcome/ National Merit Scholars, CSF members. Provide for a 2% increase in graduation for the following sub-groups: Hispanic, Asians, Filipino, African American, White, English Learners, Special Ed Low Income and Foster Youth	Actual Annual Measurable Outcomes:	1. 2014-15 Academic year provided the baseline for achievement for VVUHSD as measured by the CAASPP. In addition, the EAP results were incorporated into the CAASPP results, thus establishing the baseline for EAP as well CAASPP proficiency data is as follows: <table border="1" data-bbox="1272 914 2003 1044"> <thead> <tr> <th></th> <th>ELA</th> <th>Math</th> </tr> </thead> <tbody> <tr> <td>Grade 7</td> <td>30%</td> <td>13%</td> </tr> <tr> <td>Grade 8</td> <td>32%</td> <td>16%</td> </tr> <tr> <td>Grade 11</td> <td>47%</td> <td>21%</td> </tr> </tbody> </table> Semester grades were monitored, specifically the number of students receiving D and F grades in core classes. From 2014-15 to 2015-16 there was A 7.2% reduction noted in the number of students receiving these grades. 2,000 more students gained access to A-G courses in the 15-16 school year. AP Course offerings and enrollment at each of the high and parent choice school sites increased (exception: UP with 52 fewer students enrolled). VVHS saw an increase of 278 students enrolled in AP classes. Overall, 278 more students enrolled and 30 more students received a score of 3 or higher in 2014-15. 6. At the time of the LCAP drafting last year, CAHSEE pass rate was still in play as a viable measure. Subsequently, the state has suspended the administration of the CAHSEE and therefore, we are unable to report any data.

7. More students enrolled in A-G course from the previous year.

8. Pupil enrollment in AP course increased by the following: 1,087 Students enrolled in AP classes in 2015-16. This represents an increase of 278 students.

9. Data from CollegeBoard indicates an increase of 30 students receiving a score of 3 or higher.

10. The number of students completing UC/ CSU required course was 23.3% in 2014-15. For the 2015-16 academic year the number of students UC/ CSU accomplished is currently not available.

11. Campuses partnering with Destination College included Adelanto High School, Silverado High School, University

		<p>Prep, and Cobalt Institute of Math and Science. Victor Valley High decided not to pursue the partnership for 2015-16. All graduates of CIMS were admitted to college.</p> <p>12. Each form was pre-filled with the student's information including performance and progress data, SBAC interim and summative scores, and reclassification date. Recommendations were made for appropriate intervention for each R-FEP student who had one of more failing grade in a core class. For R-FEP students failing 3 or more core courses, an SST meeting was recommended as well. Sites documented the interventions implemented for each reclassified student being monitored and uploaded the form into Aeries student documents. Follow-up RFEP Monitoring Forms went out to sites again in March. VVUHSD monitored 31 R-FEPs at Hook, 30 at Lakeview, 28 at University Prep, 42 at CIMS, 64	\$0

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?		Victor Valley Union High School District began the Strategic Planning process in February 2016. More than seventy-five persons participated in the effort. They represented management, certificated and classified personnel, community members, as well as parents and students from our district. The process evolved over three months culminating in the district Strategic Plan, Opening Doors 2016. The changes that will be made in 2016-17 reflect the integration of the strategic plan with the LCAP. Specific actions that were deemed completed or accomplished, not necessary, or that by survey results and the LCAP Stakeholder Committee's consent, in need of change are reflected below. 1.05.16 was removed from the LCAP 1.08.16 was removed from the LCAP

1.41.16 was removed from the LCAP
1.42.16 was removed from the LCAP

Additionally, the following actions were subsumed into the 2016-17 LCAP and are reflected in the new goals listed below.

1.01.16 Professional development for teachers is evident in the new district goals.

1.06.16 Professional development for counselors is contained within the new goals.

1.10.16 is reflected in the new goals for students in AP classes and training for teachers of Advanced Placement classes.

1.13.16 is absorbed into the new goals.

1.32.16 is embodied in the new goals for the creation of parent centers at each site.

1.37.16 is an integral part of the new action of using the district webpage as a better resource for all parents and guardians, including those of Foster Youth.

1.43.16 ROP / CTE courses are clearly evident in the new goals and actions set forth in the 2016-17 LCAP.

Please note that all actions now are viewed through the lens of the district Strategic Plan and in accordance with our beliefs and new mission statement.

Our original goal, *Increase the number of pupils who are on track to graduate from VVUHSD college and career ready*, has been changed to reflect the specific results identified through the strategic planning process. The four goals that are closely related to the previous goal are:

1. Increase the number of students who graduate, on time, with viable college and career options.
2. Develop a family engagement and support program to educate parents and guardians about students' post-graduation options.
3. Provide and encourage extensive career exploration opportunities through increased elective offerings and academic guidance.

4. Expand interventions to graduate students, on time, prepared for college and career.

The following actions are to be added to the plan to align our district actions closely with our beliefs and mission statement commencing in the **2016-17** academic year:

New Goal 1: Increase the number of students who graduate, on time, with viable college and career options.

Align course offerings to provide all students the opportunity to complete the UC/CSU and CCC entrance requirements for graduation and / or a district approved alternative career pathway beginning with the class of 2011.

Provide specific professional development to support equitable access to UC/CSU/CCC entrance for all counselors and career support staff.

Provide every site with resources necessary to build a college-going environment at all schools with a focus on identified sub-groups.

Form committees to explore career pathway options within the fifteen industry sectors as identified by CDE.

New Goal 2: Develop a family engagement and support program to educate parents and guardians about students' post-graduation options.

Invite parents to participate in college field trips with their students at both the middle and high school level.

Host bilingual presentations on high school planning and/ or college & career planning.

Hold annual meetings, led by certificated staff, with parents to educate / update parents on their child(ren)'s progress towards graduation and/ or college & career readiness.

Offer College & Career events that involve parents, such as: College Application Workshops (Grades 11-12), College Information Workshops (Grades 9-12), Financial Aid Workshops (Grades 11-12), FAFSA Workshops (Grade 12), Scholarship Workshops (Grades 10-12) and K-16 Bridge Information Evenings.

Employ career technicians at all campuses.

New Goal 3: Provide and encourage extensive career exploration opportunities through increased elective offerings and academic guidance.

Assure, through the Bridge Program, aligned with Victor Valley College, the priority registration for our students in the fall following their senior year.

Increase career and/ or college oriented counseling.

New goal 4: Expand interventions to graduate students, on time, prepared for college and career.

Continue and expand programs to encourage and reward positive attendance as well as focus on chronic absenteeism with parent meetings, SARB, and home visits.

Student access to our student information system to begin in Grade 7 to foster buy-in and responsibility for their own student performance.

Provide a transition day for incoming students (elementary to middle and middle to high).

Create 7th / 0 period SAT and ACT Prep classes at the high school level.

Provide bus transportation for students to attend 7th and 0 period classes.

Offer mock SAT and ACT exams at the high school level.

Support / Encourage students to exceed the minimum A-G requirements and take addition years of core classes.

Staff a highly qualified Math TOA at all sites.

Videotape and share exemplary math teachers demonstrating best practices.

Expand summer school to offer enrichment classes.

Expand credit recovery options for students to include, but not limited to: paper/ online providers for identified sub-groups.

Provide EAP remediation through ERWC course work.

Transition non-graduation early as possible into Adult Ed through involuntary transfers, if necessary.

The following actions are to be added to the plan to align our district actions closely with our beliefs and mission statement commencing in the **2017-18** academic year:

New goal 1: Increase the number of students who graduate, on time, with viable college and career options.

Hire additional counselors and career support staff for the high schools.

Establish specific pathways, based on research and conclusions, around the fifteen industry sectors, at each of the high schools.

New Goal 2: Develop a family engagement and support program to educate parents and guardians about students' post-graduation options.

Form partnerships with local colleges, allowing students to earn dual credit.

Offer college and career events that provide parents information regarding, A-G Information, High School Course Planning, and College and Career Fair.

Establish a comprehensive family engagement center at all sites that includes district funding for staff and for parent workshops.

Hold annual parent meetings, led by certificated personnel, to educate / update them on their child(ren)'s progress towards graduation and college and or career readiness.

New Goal 3: Provide and encourage extensive career exploration opportunities through increased elective offerings and academic guidance.

Offer district and or site celebrations to include, but not limited to: National College Signing Day, Pathway Completion or Certificate Achievement.

Middle schools offer elective wheel courses to foster career interests.

New goal 4: Expand interventions to graduate students, on time, prepared for college and career.

Provide 7th and 9th grade students access to a dedicated intervention counselor.

Implement incentive programs for student improvement and achievement.

All students meet with their intervention counselors in grades 7 and 9 to establish tentative goals to plan for college and career readiness.

7th and 9th grade students who at the end of first quarter are receiving D and or F's will meet regularly with their intervention counselor to support their achievement of college and career readiness.

Hire additional staff, as needed, to ensure that all high schools and parent choice schools have a dedicated, highly trained career/ college technician.

Provide study materials on our libraries for students to check out for SAT and ACT prep.

Embed post-high school testing preparation and signing up for fee waivers school-wide by grade level.

Provide Rtl support before and / or after school.

Explore breaking math into semesters and offer remediation of first semester during the same year.

Provide 0 and / or 7th grader period for credit recovery at the comprehensive high school sites.

Offer students the ability to take chapters or units of study with another teacher (0/ 7th period) and receive credit for their learning.

Expand the Adult Ed program to encompass more non-graduating students.

The following actions are to be added to the plan to align our district actions closely with our beliefs and mission statement commencing in the **2018-19** academic year:

New goal 1: Increase the number of students who graduate, on time, with viable college and career options.

Implement pathways and hire CTE content specific teachers to coordinate pathways at each high school site.

New Goal 2: Develop a family engagement and support program to educate parents and guardians about students' post-graduation options.

District will provide financial resources for the cost of fingerprinting and conducting background clearances for parent volunteers.

New Goal 3: Provide and encourage extensive career exploration opportunities through increased elective offerings and academic guidance.

Counseling and administration will work with local community colleges (specifically Victor Valley) to establish/ maintain a concurrent enrollment program with a possible outcome of students receiving an AA or AS degree upon completion from high school.

Counselors, through orientation s and registration materials, will promote all available pathways for optimal student choice regarding college and career focus.

The schools will establish apprenticeships and internships with local businesses, which will support a particular pathway, for on-the-job training and experience.

Provide opportunities for students to job shadowing in areas of career interest one day per semester.

VVUHSD will provide certification opportunities within JPA/ROP/CTE courses to include, but not limited to :

1. Food Handler Certificate, CPR Certification, software knowledge and certification (i.e.; Microsoft Office and Google Docs)
2. Advanced pathways (i.e.: technology, Green energy/ solar
3. Apprenticeships and internships with local businesses

New goal 4: Expand interventions to graduate students, on time, prepared for college and career.

Ensure that all middle schools and alternative education schools have access to a career / college highly trained technician.

Establish a yearly parent meeting, with language translation, with the intervention counselors for the purpose of explaining college and career paths and interventions and supports available.

Provide articulation and collaboration between middle and high schools (Bridge program from 8th to 9th grade)

Employ such programs as Youth Build and AmeriCorps initiatives within our district to invest in non-college bound students.

Partner with local businesses to create apprenticeships within different industries.

Partner with trade or vocational schools, the City of Victorville or Adelanto to train students with essentials skills or provide for volunteer hours

Continue and expand CTE Perkins programs at all high school sites through alignment of the programs to meet the current labor market and collaboration and partnerships between post-secondary institutions.

Introduce SAT and ACT concepts beginning in the 8th grade.

All changes are reflected in the 2016-17 LCAP.

13. Reduce district paperwork and streamline processes for staff
Metric: School Climate / Staff surveys

Materials will be available at the start of 2016-17. The district began the adoption process for English Language Arts materials aligned to CCSS. The district will implement a pilot at all sites for grades 7-12 in 2016-17.

4. Discussion has taken place with teacher groups, such as AP teachers to explore the use of supplemental instructional materials.

5. Project-based learning was not explored district-wide this year. Professional development for teachers in project-based learning is planned for August 9-10, 2016.

6. AVID sites provided the same number of trips for students at the Comprehensive High Schools. Destination College sites also sponsored numerous field trips. Middle schools did not participate in university visits. Suspension rates have decreased as mentioned above in bullet 2.

7. The Strategic Planning Action Groups were not adequately satisfied that sites are appropriately staffed with counselors. The additions of goals to address counseling are numerous in the new actions in the 2016-17 LCAP.

2014-15 Academic year provided the baseline for achievement for VVUHSD as measured by the CAASPP. In addition, the EAP results were incorporated into the CAASPP results, thus establishing the baseline for EAP as well CAASPP proficiency data is as follows:

	ELA	Math
Grade 7	30%	13%
Grade 8	32%	16%
Grade 11	47%	21%

2014-15 UC /CSU students completing A-G courses is 23.3%.

8. The district did not reach this goal, however progress has been made. We are approaching the 1:1 ratio at approximately 1:1.4.

			<p>9. 100 % of teachers have classroom access to devices for instruction. 155 teachers now have Chrome books for instructional use. The sites made a decision not to pursue this action in 2015-16.</p> <p>10. 80% of the students, on a five point scale ranked cleanliness of their campuses at 3 or greater. SHS students in particular, recognized the efforts the school had made to improve the cleanliness of the campus. Student complaints regarding bathroom access were noticeable at five of the eight campuses.</p> <p>11. While student responses in the online Student forum survey indicated that food quality can be improved, it was a reduced area of focus from the previous year. A Student Nutrition Advisory Committee was established at one site and a district Food Tasting Event was offered for students to assist in the selection of food for service in school cafeterias.</p> <p>12. VVUHSD currently uses the online communication software, Let's Talk. VVUHSD received 409 correspondences from parents and community members. The usage of the software indicates that it is not a truly effective means of communication. VVUHD will discontinue use of the software in 2016-17.</p> <p>13. Staff surveys were not conducted as the district embraced the Strategic Planning Process. A new goal in the 2016-17 LCAP, <i>Established district-wide uniformity in procedures and materials to ensure effective implementation</i>, has been added to increase school climate and employee satisfaction.</p>

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?		Victor Valley Union High School District began the Strategic Planning process in February 2016. More than seventy-five persons participated in the effort. They represented management, certificated and classified personnel as well as parents and students from our district. The process evolved over three months culminating in the district Strategic Plan, Opening Doors 2016. The changes that will be made reflect the integration of the strategic plan with the LCAP. In particular, the strategic results of the plan are reflected in this document. Please note that all actions now are viewed through the lens of the district Strategic Plan and in accordance with our beliefs and new mission statement.

The original goal 2 of our district LCAP was *Promote pupil engagement and achievement in a safe, respectful, well-maintained and equipped school learning environment.*

It has been changed to reflect the specific results identified through the strategic planning process. The four additional goals and actions that are closely related to the previous goals and actions.

For the 2016-17 LCAP, the following goals and actions were include:

Establish district-wide uniformity in procedures, policies and materials to ensure effective implementation of district initiatives designed to increase student achievement.

For Define and promote VVUHSD expectations for staff, students and parents.

Maximize use of the district webpage as an essential tool to communicate and provide resources to all stakeholders

Provide annual training for all staff on district policies and procedures, as well as customer service

Solicit staff feedback via annual survey and ongoing suggestions for continuous improvement

Establish a committee to review and update protocols and procedures on an annual basis

Increase student academic success through attendance, responsible behavior, positive attitudes, increased graduation rates and preparation for college and career.

Implement / maintain district and / or site student recognition programs

Modify and employ behavior expectation standards per site and district-wide descriptive matrix

Continue and expand Positive Behavioral Intervention and Supports (PBIS) at all sites

Expand and maintain after-school supper programs for students who remain at school for sports, clubs, tutoring and other activities

- Implement a district-wide safety plan for all sites and departments
- Implement quarterly calendar of required safety drills in compliance with California Education Code
- Establish a district-wide safety committee to perform site assessments to determine potential liabilities and create timelines to address both correction and prevention
- Include fire, police, corrections, probation, SROs, Neighborhood Watch and emergency responders in collaboration with district safety committee and corresponding policies

Establish district-wide uniformity in procedures, policies and materials to ensure effective implementation of district initiatives designed to increase student achievement.

Implement handbooks for each school site and departments district-wide to include: chain of command, division of responsibilities, commonly used forms, flow charts, protocols and timelines for processes and procedures

Provide a dedicated manager for the Student Attendance Review Board (SARB) process

Collectively, we appreciate that our efforts focused on parent engagement need to increase. To that end, the Strategic Plan reflects an ambitious effort to embrace our community through an improved website, Parent centers at all sites, parental involvement at sites through field trips and also the assumption of the fingerprinting costs to promote greater engagement. Attendance rate of students has increased as noted in Goal 1. As also noted, <i>Let's Talk</i> has not proved an effective means for parents to communicate with site and district administration regarding concerns and questions as noted in Goal 1. As of the drafting of the LCAP, we do not have CAASPP results to report. As previously noted, API has been suspended; therefore, API data cannot be evaluated.</p> <p>2. A presentation in February to District Advisory Committee (DAC) parents was held to update them on the progress of LCAP and to invite them to join the Strategic Planning process. Two presentations in the fall and spring were provided to include District English Learners Advisory Committee (DELAC) parents in the monitoring of the implementation of the LCAP and to invite them to join in the process of Strategic Planning. As also noted, <i>Let's Talk</i> has not proved an effective means for parents to communicate with site and district administration regarding concerns and questions as noted in Goal 1.</p> <p>3. Parental input regarding the district Strategic Planning process was very positive and productive. Two parents were part of the twenty-five member team and four additional parents participated in the Action Teams as part of the Strategic Planning. Regularly scheduled meetings were conducted for both DAC and DELAC and input from both committees drove future meetings. WASC data from SHS indicated a positive parent sentiment regarding school operations. Parent attendance exceeded expectations at the Reclassification Ceremony in May.</p>

			4. The district has reported no Uniform Complaint Procedure items to the County, per the Williams settlement, for the academic year 2015-16. <i>Let's Talk</i> has not proved an effective means for parents to communicate with site and district administration (yearly total of 409 contacts) regarding concerns and questions as noted in Goal 1. The contract with the company will not be renewed for the coming year. The district did move to a new website that promises to be more user friendly for staff, parents and community members.

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?

As a district, we moved forward with Strategic Planning that dramatically altered how we will approach parent engagement. Parents were personally invited to be involved to engage in the strategic planning process and their voices are reflected in the 2016-17 LCAP.

Victor Valley Union High School District began the Strategic Planning process in February 2016. More than seventy-five persons participated in the effort. They represented management, certificated and classified personnel, as well as community members, parents and students from our district. The process evolved over three months culminating in the district Strategic Plan, Opening Doors 2016. The changes that will be made in 2016-17 reflect the integration of the strategic plan with the LCAP.

Specific actions that were deemed completed or accomplished, not necessary, or that by survey results and the LCAP Stakeholder Committee's consent, in need of change are reflected below:

3.03.16 Removed from the LCAP

3.04.16 Remove from the LCAP

3.05.16 Remove from the LCAP

Additionally, the following actions were under consideration:

3.03.16 has been absorbed into the 2106-17 LCAP

For the 2016-17 LCAP, the following goals and actions were include:

Establish district-wide uniformity in procedures, policies and materials to ensure effective implementation of district initiatives designed to increase student achievement.

Define and promote VVUHSD expectations for staff, students and parents.

Maximize use of the district webpage as an essential tool to communicate and provide resources to all stakeholders

Develop a family engagement and support program to educate parents and guardians about students' post-graduation options.

16-17 Invite parents to participate in college field trips with their students at both the middle and high school level.

Host bilingual presentations on high school planning and/ or college & career planning.

Hold annual meetings, led by certificated staff, with parents to educate / update parents on their child(ren)'s progress towards graduation and/ or college & career readiness.

7-18 Offer College & Career events that involve parents, such as: College Application Workshops (Grades 11-12), College Information Workshops (Grades 9-12), Financial Aid Workshops (Grades 11-12), FAFSA Workshops (Grade 12), Scholarship Workshops (Grades 10-12) and K-16 Bridge Information Evenings.

Offer college and career events that provide parents information regarding, A-G Information, High School Course Planning, and College and Career Fair.

Expand interventions to graduate students, on time, prepared for college and career.

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charter wide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a school site in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	\$ _____
. These funds are calculated based on Base Grant, Grade Span Adjustment and our unduplicated counts (NEED PERCENT) of English Learners, low income students, and foster youth. Supplemental and Concentration Grant funds are budgeted for expenditures to improve and/or increase services for low income, foster youth and English Language Learners. This affords VVUHSD a significant opportunity to improve the educational outcomes of these students by improving and/or increasing instructional programs and student support programs that	

increase access to services and reduce and eliminate barriers to student achievement.. Such services include include additional support for English Language Learners, intervention programs, intervention coordinators, intervention teachers and counselors, college and career counseling services, and more, Districtwide investments include the commitment to provide support for struggling students at the secondary level through credit recovery. Foster Youth are being supported with funding to gain access to educational and social activities at the site level. Expenditures were a combination of services, programs and additional personnel. School wide implementation of these practices will not only impact the learning environment and climate of the schools as a whole, but will also have a positive impact on the targeted subgroups.

- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.
