

ST. MARK'S  
EPISCOPAL SCHOOL

# Campus Open: Primary School Impact

*Preschool 2s through Kindergarten*

## CAMPUS OPEN

Ideally, **we will have each student on campus as the 2020-2021 school year begins.** However, in this scenario school still will look somewhat different than what we are accustomed to. For example, students will attend St. Mark's daily as planned, but will be divided into more sections of students to accommodate the social distancing guidelines.

In Primary School, we will build upon our commitment to:

- Smaller class sizes
- Child-centered, active learning within the classroom
- Age-appropriate skill development and personalized differentiation to support each unique child
- Students will participate in the appropriate weekly enrichment classes of Art, Music, Spanish, Religion, and Gross Motor.

Finally, we will ensure the learning environment is safe for the young learners with **additional daily cleaning and sanitizing**, intentional focus on hand washing, and smaller groups in centers.
