

## **Application drop day is Sept. 30, 2020**

Lunch status for free, reduced, or paid will roll over from the end of one school year to the beginning of the next school year. The previous status will be effective for the first few weeks of the new school year or until a new application is processed. *A new application may change the status - it does not guarantee any days of the previous status*. Some parents may get a little upset when this does not happen, however if they were to change from paid to free they would want it to happen immediately and not wait for a few weeks.
