The hilliest, most demanding course
in St. Louis

DATE: Saturday, Sept. 15

VARSDITY

(This meet is different than most cross-country meets. In the Varsity division, there were seven different "heats". In the first "heat" only the #1 runners from each team were entered; in the second "heat" only the #2 runners from each team were entered, etc. The team score was computed by adding the places in which each runner finished in his heat for six of the seven races.)
