

ELL Mission Statement:

To help prepare the district’s limited English proficient students to live successfully in an English-speaking culture and in a multilingual, multicultural world.

This preparation includes providing developmentally appropriate instruction in the English language, maintaining a respect for the student’s native culture and heritage, and developing a sense of self-worth and pride in the student. It will also include active parent involvement and vigorous staff development activities.

Director: Minh-Anh Hodge, EdD - ESL Office: 253-571-1415

Percentage of ELL Students in the District by Native Language October 2016
