**THIS FORM TO BE COMPLETED BY PARENT/GUARDIAN**

\_\_\_\_\_ Student Name

\_\_\_\_\_ Current Grade

Name of Parent/Guardian completing form: \_\_\_\_\_ Applying for Grade: \_\_\_\_\_

At The Mead School, we foster profound learning by guiding students along several paths toward knowledge and discovery; paths that encourage them to evaluate the importance of what they've learned and then apply it to their own lives.

**The Mead School Mission:** To inspire and challenge students to achieve deep learning and become independent, creative thinkers.

**The Mead School Philosophy:** The Mead School cultivates the skills and values needed for emotionally, socially, and intellectually fulfilling lives. We believe that each child possesses innate curiosity and passion for learning, and that when these are sparked, children learn eagerly and joyously.

**We know that children are constantly growing, developing, and changing in many areas. Please share your insights and observations on your child with us. Your responses will enable us to know more about your child and provide us with a better sense of how you view your child at this stage of development.**

**How does the Mission and Philosophy of Mead resonate with you and your family?**
