

After reviewing Rabun County’s Road Map to Reopening Schools and the explanation of Virtual Learning provided below, please use the form linked at the bottom of this document to make a selection for EACH student in grade Kindergarten through 12th Grade.

Virtual Learning Information:

- Students and parents must attend a mandatory Virtual Learning orientation (face-to-face) before school begins.
- Students are making a commitment to remain in either Traditional Learning or Virtual Learning for the entire semester. Students may revisit their decision for the 2nd semester.
- Students must have access to high speed internet.
- Students will be required to follow a specific daily schedule similar to the Traditional Learning setting. Sample schedule included.
- Classes will begin, with attendance being taken, at 8:00am daily.
- Student’s virtual learning experience will be much different than it was during the Spring of 2020. Classroom expectations, deadlines, assignments, accountability, rigor, time, and grading will mirror those of face-to-face instruction.
- Prior to committing to Virtual Learning, it is important to consider that If your child is not a fluent reader, is not comfortable with using technology, and is not comfortable participating in live video conferences, then significant adult assistance will be needed to help facilitate instruction in an online setting.
- It’s important to understand that Virtual Learning requires a special set of skills and could have an adverse effect on a student’s GPA (grades) if they are not committed to the process
- required to experience success.

Sample Schedule for Virtual Learners

Primary School/Elementary School

| | |
|------------|--------------------------------------|
| 8:00 a.m. | Math |
