## A Day

## B Day

# UL Continuous Learning

for students who opt to stay home

Video streaming will be done via Zoom. Students who learn from home will participate in class, advisory, tutorial, and any other school activities, following the same schedule and timelines as in-person students. This will be important for them to build community and to build relationships with their classmates since it will be the beginning of the school year. In most cases, technology such as Zoom, OWL Pros, and Canvas will be used to facilitate their participation. Adaptation of instruction and activities will be used when necessary.
