About the Course

The ACT Prep Course is an online, intensive course devoted to covering all aspects of the ACT test, including test-taking skills, reading comprehension skills, grammar/vocabulary, and a review of concepts needed for content.

Full-length practice exams will be given for the ACT test, which will be analyzed to indicate specific areas of strengths and weaknesses for each student individually and for the class as a whole. The course includes over twenty hours of online instruction. The fee for this year's course is \$425.00. **Your cancelled check will serve as your receipt.** Classes will close when filled; please register early to reserve your place.

About the Materials

The materials used in the course are the ACT tests sanctioned by the makers of the ACT test. The experience of this course has shown that other preparation books and computer programs do not adequately represent the true content of these tests. Students should obtain the book **The Official ACT Prep Guide 2020-2021** (ISBN-10: 1119685761, ISBN-13: 978-1119685760) by the first day of class.
