

Family Education Rights and Privacy Act (FERPA): Request to Prevent Disclosure of Directory Information

The Family Education Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student educational records. Your student's educational records are private. Schools may release them only to the student's parents/guardians or to students 18 and older, or to designated school officials.

However, FERPA allows school districts to release students' "directory information" to anyone. FERPA defines "directory information" as information in a student's education record that generally would not be considered harmful or invasive to privacy if disclosed. Parents have the option to ask the school district to keep that information private.

Lake Washington School District defines student directory information as:

- full name
- address
- email addresses (parent and school-assigned)
- phone number
- photograph/image
- schools attended
- grade level
- parent/guardian names
- participation in school activities and sports
- weight and height of members of athletic teams
- dates of school attendance
- enrollment status
- diplomas and awards received
- date and place of birth

Under FERPA, if you do NOT want Lake Washington School District to release this directory information about your student, **you must notify us by September 15 each year.** Instructions for how to opt out of the release of directory information are listed below. *Note: You can complete the process at any time, but in order to ensure your information will not be released, we request that you complete it prior to September 15.*

To make a request to withhold your child's directory information from release, you must complete one of the following processes:

- 1) Complete the request as part of the Online Student Information Verification process. (See instructions on reverse.)
- 2) Complete an online request through Skyward Family Access – after Online Student Information Verification process ends. (See instructions on reverse.)
- 3) Write a letter to your school's principal letting them know that you would like to opt out of the release of Directory Information under FERPA.

What happens if you complete and turn in the FERPA opt-out letter or opt-out through the online student information verification process? Lake Washington School District and its schools will **not** release your students' directory information in any way that could reach beyond the schoolhouse or to any outside organization. For example, your student will **not** be included in the school yearbook. They would not be mentioned in school or PTSA newsletters, or school/PTSA directories. No photos or videos of your student would be posted on district websites or social media. Your student would not be included in event programs. They would not be included in award listings in local media or school newspapers. The district will **not** provide your student's identity to others, except with consent or in accordance with FERPA or other applicable laws. It will not confirm enrollment in its schools.

Please note: District employees will exercise their best judgment when releasing directory information. They will seek parent/guardian permission for situations outside of the typical school-related activities or news. Also, the district cannot control the release of certain directory information such as photographs or names when students participate in school events open to the public.
