March 18, 2020

Dear Los Alamitos Unified School District Families,

It is our goal to keep our students connected to school and engage them in high-quality learning opportunities while schools are closed. Over the past few days, we have created an online portal to deliver enriching content and learning resources from our staff to students and their families. We are excited to launch the [Los Alamitos Unified School District Learning Connection](#).

The District's [Learning Connection](#) portal will allow our students to access school-site, grade-level content that will serve as a learning enrichment opportunity during school closure. District teachers will use Google Classroom as the platform from which to deliver announcements, enrichment assignments, learning resources and a daily link to connect students and families to virtual office hours hosted by teachers beginning Monday, March 23, through Google Meet.

VIRTUAL OFFICE HOURS	
8:30AM – 9:30AM	(6-12) World Language, ROP, Fine Arts, Applied Arts, Physical Education, Middle School Electives
9:30AM – 10:30AM	(6-12) English & Social Science
10:30AM – 11:30AM	(6-12) Mathematics & Science
12:30PM – 1:30PM	(PK-5) Classrooms, (6-12) Special Education & LAHS Skills Lab

We also encourage you to explore the resources that are included within the four site categories: School Closure Resources, Family Resources, Special Education, and Coronavirus Update.

If you or your student has any difficulty accessing Google Classroom, please access our [HELP](#) documents or contact your student's teacher or school principal.

We will be updating the [Family Resource](#) section of the Learning Connection weekly to best serve our school community and add as much educational benefit as possible into your home learning environment.

In addition, during the school closures, LAEF is excited to bring you one enrichment lesson on each weekday at approximately 2:30pm. Yesterday's Episode, featured LAEF STEM Teacher, Mrs. Baluyot. The videos will provide fun activities that can be done at home with limited supplies. [Check out LAEF's YouTube channel and subscribe.](#)

Schools remain closed to students, but if you need to pick up textbooks, supplies or personal belongings, please contact your school office and make arrangements to do so ASAP. Our school and District Offices will be closed for public access beginning Thursday March 19. However, we will have staff available to support families remotely.

We know how much our community values learning and a strong bond with school. We hope the Learning Connection will provide for both you and your students. Thank you for your amazing support during these challenging times.

Sincerely,

Andrew Pulver, Ed.D.
Superintendent
