St. Anthony-New Brighton School District News with Community Activities & Classes

Dear Community Members

Earlier this year, I was watching the funeral of George H.W. Bush, the 41st president of the United States with my son. And no matter which side of the political spectrum you find yourself, his funeral was touching. His son, the 43rd president, provided his eulogy. During the eulogy, I was taken back by both the intimacy and power of the words shared by George W. (43rd) about his dad George H. W. (41st). I also found connections to the work we are aiming to do here at St. Anthony-New Brighton Schools.

"We cannot hope only to leave our children a bigger car, a bigger bank account. We must hope to give them a sense of what it means to be a loyal friend, a loving parent, a citizen who leaves his home, his neighborhood and town better than he found it."

These words were spoken by President George H. W. Bush in his inaugural address; yet, these words are also reflected in our schools.

As part of my entry plan as a new superintendent, staff created a random sample of (anonymous) parents and requested their time in taking a survey. I also asked key leaders in our school to take this survey, along with the entire staff at St. Anthony-New Brighton School District. Question three asked participants to describe what success would look like for a graduating senior from St. Anthony Village High School (SAVHS). This question generated the most similar responses. Many parents, staff, and leaders outlined a SAVHS graduate as not only knowledgeable, but also one who is kind and ready to become a citizen of the world. I just know, if any school, any community, any group of people can embody those ideas set forth for our country by our 41st president, it is St. Anthony-New Brighton Schools.

I know this is possible, because the first question from this same survey asked participants to identify what about St. Anthony-New Brighton schools makes them the most proud. One of the most stated responses was: the staff.

We have a staff who is not only willing to develop rigorous lessons with relevant content, but also go out of their way to build caring relationships with students. In addition, this staff is willing to put others' needs ahead of their own. What I see in the hallways of Wilshire Park, St. Anthony Middle School, St. Anthony Village High School, and the Community Center are adults who are willing to, in the words President George H. W. Bush, "stop and ask if a sick child had gotten better, and stayed a moment there to trade a word of friendship". There can be no better role modeling than adults in the lives of children showing kindness, friendship, and love to each other. I think this is why many are most proud of our staff.

We believe the well-being of children is our primary responsibility in the St. Anthony-New Brighton School

District. In addition to school, we also believe every adult in our community has a responsibility to our children. This is why we love living in our small community.

Thank you for partnering with us and for your commitment to all of our children.

What is Early Childhood Family Education?

Early Childhood Family Education (ECFE) is a program for all Minnesota families with children between the ages of birth to five years (before kindergarten entrance).

Family provides a child's first and most significant learning environment and parents are a child's first and most important teachers. The goal of ECFE is to enhance the ability of all parents to provide the best possible environment for their child's growth and learning. ECFE classes are a fun, informal way to meet and learn with other parents.

Early Childhood Family Education

Separating Classes MONDAY AND TUESDAY MORNINGS For parents & children birth to age 5

The Monday and Tuesday morning classes are for all families and especially helpful for those with more than one child. Siblings play with new friends while feeling the security of being with a brother or sister during the separation time. Separating classes follow this format:

Parent and Child Learning Time (45 minutes)— After arriving at 9:30 a.m., parents and children join in a gathering circle to welcome friends and hear about the learning goals and parent-child activities scheduled for class that day. Parents and children then explore the learning activities in the children's classroom which are facilitated by Anne-Marie, our Early Childhood Family Education teacher.

Parent Education Time (75 minutes of separation)— While parents transition into the parent education classroom, children enjoy play time in the gym, story time, learning activities, and a healthy snack in the children's classroom. Parents gain support and wisdom from group discussions about family relationships, child development, and parenthood facilitated by our Parent and Family Educator.

Non-Separating Classes TUESDAY EVENINGS AND THURSDAY MORNINGS For parents and children, birth to 5 years old

On Tuesday evenings, parents and children begin class with dinner, which is served by our staff. Parents and children then enjoy play time in the gym and transition into the children's classroom to explore the learning activities which are facilitated by Anne-Marie, our Early Childhood Family Education teacher.

On Thursday mornings, parents and children join in a gathering circle to welcome friends and hear about the learning goals and parent-child activities scheduled for class that day. Parents and children explore the learning activities in the children's classroom, which are facilitated by Anne-Marie, our Early Childhood Family Education teacher.

Terrific Twos and Early Threes WEDNESDAY MORNINGS For parents & children 2 to 3 years old

This fun and structured learning environment will help your child prepare for preschool! Your child will practice separating from mom and dad, engage in learning activities in the classroom and gym, and develop social skills through interacting with peers.

Parent and Child Learning Time (45 minutes) – After

arriving at 9:30 a.m., parents and children join in a gathering circle to welcome friends and hear about the STEM learning goals and parent-child activities scheduled for class that day. Parent Education Time (75 minutes of separation)— While parents transition into the parent education classroom, children enjoy play time in the gym, story time, learning activities, and a healthy snack in the children's classroom. Parents gain support and new perspectives from group discussions about parenting two- and three-year-olds facilitated by our Parent and Family Educator.

"ECFE has been the thing that connected me to my community, really, for the first time since we moved here 3 years ago."

Saturday Drop-In Class SATURDAY MORNINGS For parents and children, birth to 5 years old

Anne-Marie, our Early Childhood Family Education (ECFE) teacher, will have parent and child activities available in the gym and in the ECFE classroom--dramatic play, sensory experiences, science, art projects, and more.

Each week will be filled with creative and engaging learning activities for the whole family! Come when you can, registration is not required.

What is Help Me Grow?

Help Me Grow provides resources for families of children birth to age 5 to understand developmental milestones and learn if there are concerns. This helps families take the lead in seeking additional support or referring their child for a comprehensive, confidential screening or evaluation at no cost.

Why is Developmental Screening Important?

While every child is unique, children develop in certain, predictable ways, called developmental milestones. Your child's health care provider and early childhood experts will use screening information to keep tabs on how your child is progressing and determine if he/she is reaching the milestones.

How to Schedule an Early Childhood Screening

To schedule a screening for your child, Residents of St. Anthony-New Brighton School District call St. Anthony Community Services at 612-706-1166. Residents of Minneapolis should call 612-668-0860.

Preschool for the 2019-2020 School Year

As young families move into the St. Anthony-New Brighton School District, our population of children birth to age 5 is increasing. As a result, our Early Childhood programs have created registration timelines to ensure our resident families have priority when enrolling their children in Early Childhood Family

Education classes, Half Day and All Day Preschool. Our goal is to ensure all students are ready for Kindergarten at Wilshire Park Elementary School.

The preschool programs at St. Anthony Community Services were awarded a Four Star Rating by Parent Aware in 2013. To receive a Four Star Rating—the highest possible—St. Anthony Community Services demonstrated its quality early education programs and use of best practices to support school readiness.

All Day Preschool Ages: 3-5 Years

All Day Preschool offers full-time care. Preschool operates year round. Children must be three to five years of age and toilet trained to attend All Day Preschool.

Celebrate America 5th Grade Writing Contest

Boyana Nikolova, a fifth grade student at Wilshire Park Elementary School, was recognized for her creative writing at the 2019 Upper Midwest Immigration Law Conference. Fifth grade writers used the theme "Why I Am Glad America is a Nation of Immigrants" to discuss their personal immigration experiences, learn about and share family histories, or write about the broader questions of the challenges facing immigrants in a new land. Sponsored by the American Immigration Council, the annual Celebrate America Fifth Grade Creative Writing Contest inspires educators to bring U.S. immigration history and lessons into their

classrooms and gives fifth graders the opportunity to explore America as a nation of immigrants. Nikolova's writing was submitted by Ms. Tushar, her teacher at Wilshire Park, and will advance to a national competition.

Read to Achieve Program

Emily Sandquist, a second grader, and **Elliot Stahl**, a first grader, were recognized by the Timberwolves FastBreak Foundation for being the top first and second grade readers in the 2018-19 Read to Achieve Program. Stock Market Game

Congratulations to St. Anthony Middle School students **Eva Bove**, **Miranda Chance**, and **Natalie Peterson** for securing 3rd place in the Fall Session of The Stock Market Game™ (SMG).

The SMG is a national, interactive learning program for students in grades 4-12. Students work in teams to invest a virtual \$100,000 over a 14-week period, competing with other Minnesota students for the highest-valued portfolio. The team from St. Anthony Middle School participated in the Junior High Division in Minnesota and were supported by teachers Kirsten Donohue and Julie North.

Kirsten Donohue, teacher at St. Anthony Middle School, shared, "I really enjoyed watching these three students discuss their investments. They seemed to have so much fun developing consensus with their investment strategy. They were highly engaged with managing their portfolio, so much so that they often monitored their portfolio outside of class. I was so pleased they won third place in the Stock Market Game. Participation in the game allowed them to learn a lot about investing, especially in a volatile market. They will make wonderful future investors."

Dan Wenkel and Chris Weihe, who are teachers at St. Anthony Middle School, were featured on the front page of the St. Anthony Bulletin in a story detailing their travels to Haiti. During Spring Break in March, Wenkel, a 7th grade Science teacher, and Weihe, an art teacher, traveled with Wenkel's wife, who is also a science teacher, to Haiti

KOREAN KIM BHOP AND BULGOGI

Kim Bhop, also known as rice rolls, looks much like sushi. Traditional fillings include mostly vegetables (cucumber, radish, spinach, carrot) with egg, some meat, and imitation crab. Koreans enjoy Kim Bhop as their equivalent to a sandwich. Kim means seaweed (dried) while Bop means rice. This dish is adjustable to any

diet! Bulgogi is a delectable Korean dish that has a hint of sweet and salty mixed together. The beef is sliced paper thin, marinated with onions and spices, and grilled to perfection and served over rice. It's a palate pleaser without being spicy.

Community Engagement

SANBE

Thank you for your contributions to the St Anthony New Brighton Education Foundation. Your support created better educational experiences for all children within Independent School District 282.

The foundation's mission is to provide additional resources that enhance the quality of educational programs in the Independent School District 282. Funds raised by the foundation are used to support a grant program that award money to teachers and staff within the district. These grants support innovative learning opportunities for all district students.

Here are a few of the grants that we funded for the 2018-19 school year:

Margie Jones, Anne-Marie Fischer and Erika Hudson – Preschool and ECFE Create an outdoor classroom and learning environment.

The goal of this outdoor classroom is to engage children, families and the community. This outdoor classroom, modeled on a nature center, enables children and their families to explore, experience and discover the wonders of nature. This is an important initiative as some families in the community have limited options for children to play outdoors at home. Funded in partnership with other funding sources within the district.

Mr. Rademacher - SAMS Language Arts 8th Grade Language Arts Library Expansion. This grant was used to fill in the gaps in the current classroom library. These books help with a project involving analyzing novels through the lens of individual and cultural identity. Specifically, books purchased include diversity and groups that are less represented today. Additionally, Mr. Rademacher received a smaller grant earlier in the school year to provide high-interest books to fill out the current classroom library.

Renee Nettleton - SAMS Partnership with 1000 Petals to bring a five-week program for 6th graders enhancing social and emotional skills. Students will practice social and emotional skills through yoga, guided relaxation, breathing and mindfulness. School staff will also be trained. Funded in partnership with other funding sources within the district.

Jill Westermeyer and Chris Ravndal - Partner with a composer to write a piece of music for St. Anthony Middle School students. A collaboration between students and composer in the songwriting process. After participating, students will perform the work at a concert.

> **Do you know about the St. Anthony Community Fund?** The SANBE Community Fund is designed to support ALL kids so they can participate fully in all things school. Everything from bus passes to a nice shirt for the school dance. 100% of donations is given directly to kids and families.
