### Dear Community Members,

Thank you for supporting our schools and our mission to educate, prepare, and inspire our community of lifelong learners. To accommodate our increasing number of resident students at Wilshire Park Elementary School, the St. Anthony-New Brighton School District held a special election on September 7, 2017. The voters approved a ballot question to expand Wilshire Park Elementary, with a 67% approval rate (Yes: 1315 and No: 635). The additions will include classrooms, gymnasium, expanded cafeteria, bathrooms, larger media center, and a secured entrance.

The September special election allowed our school district to attract competitive bids for the project, begin construction earlier, and purchase bonds at a lower interest rate. The lower interest rate of 3.17% resulted in \$2,151,000 in taxpayer savings over 20 years. A groundbreaking ceremony, pictured above, was held on October 30 and the construction at Wilshire Park Elementary began on November 20, 2017. The addition is scheduled to be completed by September 2018.

Recently, our commitment to the success of all learners was highlighted when Wilshire Park Elementary School was selected as a 2017 National Blue Ribbon School. Wilshire Park was one of eight schools in Minnesota to receive this recognition. Congratulations to the students, parents, staff, and our community on this extraordinary recognition.

Sincerely,  
*Robert Laney, Superintendent*

*St. Anthony Village High School's Chamber Choir performed at the world premiere of The Lost Melody on November 5, 2017 which celebrated the 30 year relationship of St. Anthony Village and Salo, Finland, its Sister City. Based on the children's story "The Lost Melody" by Eeva Tikka, the concert included music performed by St. Anthony Civic Orchestra and spoken narration.*

## Superintendent to Retire June 30, 2018

After 39 years in education, Superintendent Robert Laney announced his plan to retire on June 30, 2018. The School Board formally accepted Mr. Laney's retirement letter at the Board meeting on November 15, 2017. Mr. Laney has served as Superintendent of St. Anthony-New Brighton School District since 2012.

Superintendent Laney describes his six years in St. Anthony as interesting and enjoyable. In an email to district staff, Mr. Laney shared, "During my time here, I have had the pleasure and honor of working with wonderful people who are also excellent professionals. I want to take this opportunity to thank each of you for the great work you do with our young people every day." Under the leadership of Mr. Laney, our District successfully passed a levy referendum in 2014, which renewed the operating levy and initiated a capital projects levy for curriculum and technology, and a bond referendum in 2017 to expand Wilshire Park Elementary School.

Mr. Laney has spent his career as a leader who champions the success of all students. Mr. Laney mentored several students at St. Anthony Village High School, encouraging them to pursue post secondary education, and writing letters of recommendation for colleges. Mr. Laney also developed relationships with preschoolers in the district and serves as a monthly guest reader. The only students in the district who refer to Mr. Laney as 'Bob' are our preschoolers who often announce Bob as "the President" or, at other times, "a grandpa in training."

Before accepting the superintendency in St. Anthony, Mr. Laney spent 22 years in St. Louis Park as a building and district level administrator. In his tenure as Principal at St. Louis Park High School, Mr. Laney was instrumental in developing BARR (Building Assets Reducing Risks) to support the development of 9th graders to increase the retention of students in high school and their likelihood to graduate. The BARR Program has since been implemented nationwide, in 80 school districts in 13 states. In retirement, Mr. Laney plans to spend more time with his wife Susan, their two children Molly and Drew, and granddaughter Peyton Marie.

## Superintendent Search Process

Superintendent Robert Laney announced his plan to retire on June 30, 2018, and the School Board formally accepted Mr. Laney's retirement letter at the meeting on November 15, 2017. The School Board contracted with School Exec Connect, a superintendent search firm, to conduct the search for a new superintendent.

School Exec Connect consultants Dr. Kenneth (Ken) Dragseth and Dr. Antoinette (Toni) Johns have been meeting with board members, school staff, parents, students and community members individually and in groups to determine the challenges, strengths, goals of our district and preferred characteristics or skills in a superintendent. Additionally, staff and community members shared confidential, written feedback to the consultants at meetings or through an online survey.

Using this information, the consultants will develop a profile of the desired skills and characteristics in the next superintendent and engage in the following timeline for the search process.

- December to February: The position will be advertised and candidates will be recruited nationally.
- February 20, 2018: The Board and consultants will meet to review and select candidates to be initially interviewed.
- February 21-22, 2018: The Board will interview five or six recommended candidates and narrow to finalists.
- February 26-28, 2018: The finalists will be invited for an all day interview process including open forums available to staff, students and community members and a final formal Board interview.

The Board will ask staff, students and community to provide input into the selection by participating in an open question and answer session with each candidate and completing a feedback sheet to be shared with the Board.

## Soccer Returns to St. Anthony Village High School

St. Anthony Village High School hosted its inaugural girls and boys soccer season. After a 25-year partnership with Spring Lake Park, the School Board of St. Anthony-New Brighton School District approved a resolution in

November 2016 to dissolve the co-op program and host a girls and boys high school soccer program beginning in the 2017 season. Student interest in the inaugural season outpaced expectations. In September 2017, 122 students in grades 7-12 were participating in soccer compared to 69 students in September 2016.

St. Anthony-New Brighton School District is in the process of converting all school buildings to LEDs, as current lights burn out. The LED produces light in a fundamentally different way so it uses significantly less energy and lasts twenty times longer than traditional bulbs. The High School Key Club will be selling LED bulbs to replace a standard 60 watt bulb and proceeds will go directly to the district's LED light replacement project. Our schools will save more than 60 percent on lighting costs once this project is completed. To order, contact Josh Dumas, High School Science Teacher and Key Club Advisor, at [jdumas@stanthony.k12.mn.us](mailto:jdumas@stanthony.k12.mn.us)

## Authentic Learning in a Caring Environment at SAMS

St. Anthony Middle School has a mission of authentic learning in a caring environment and a vision that all kids will learn and contribute. In a message to parents, Principal Dr. Renee Corneille shared what makes St. Anthony Middle School (SAMS) a special place for kids. "There is something special about my SAMS family. The adults at SAMS make a choice every day to come to SAMS to live out a vision for all our kids. A vision that drives us to see each kid as our own. I get to do this with adults

who dedicate their lives to the lives of the children at SAMS. Adults who, even when things are hard, do the right thing, adults who work way too hard and for way too many hours - to make sure every kid feels not only loved, but has the best opportunity to learn. . . We know collectively, we can make this world a better place, because we get to do it together. And furthermore, we do it with humor, humility, and hard work. Thank you St. Anthony Middle School Staff - thank you for giving of yourself to make this school a place for all kids to feel loved and to excel academically."

This session he will provide instruction on preparing Pad Thai, the stir-fried rice noodle dish commonly served as a street food and at casual local eateries in Thailand, as well as appetizer/salad Chicken Larb (chopped chicken, mint, basil, and onions dressed with lime juice and ground chilies). His love and joy of cooking has been an essential skill reserved for only women in his culture. However, since his mother didn't have an older daughter, she taught Pheng these skills. There still remains a stigma in his culture which believes that men shouldn't be in the kitchen. Pheng has fought to remain in the kitchen and can be found there at family events (the only man), watching and learning from the experienced women in his culture. Through them, he has learned the traditional techniques, dishes, how to improvise and taste. He is excited to share the foods of the Thai culture with you. ## Wilshire Park is a 2017 National Blue Ribbon School

Wilshire Park Elementary School was one of eight Minnesota schools selected as a 2017 National Blue Ribbon School. In a video message to students, Principal Kari Page explained, "The reason why you deserve this award is because you work hard every day. Way to go Wilshire Park students! You are the best and you really deserve this award." In 2016, St. Anthony Village High School was selected as a National Blue Ribbon School.
