2. Regular access to a computer with a reliable high-speed Internet connection is required to complete the coursework.
3. Online courses contain a similar amount of work as an in-person course.
4. "Attendance" in an online class is measured by student logins. Students are expected to maintain "attendance" by regularly accessing their course, similar to the way they would be expected to attend an in-person course.
5. Students are expected to establish and maintain a regular study schedule and complete all assignments by the posted due dates to ensure successful completion of the course.
6. In general, courses are taken by quarters or terms (apart from some summer full-year courses and 7/8th grade elective semester courses).
7. All coursework should be completed by the end of the term in which the student is enrolled.
8. Communication between student, parent, instructor, and district administrator will be made primarily through the Canvas inbox.
9. Students are responsible to initiate communication with their instructor or district administrator about any difficulties while completing the course.
10. All courses are taken for a letter grade based on the final percentage earned at the end of the term in which the student is enrolled.
11. Grades earned in an online class, including failing grades, will have the same impact on a student's GPA as if taken in-person at the school
12. Course content is arranged in modules.
13. To ensure successful completion of all course content, students should access content through the modules page. This serves as a list of items that must be completed in order, from top to bottom.
14. Students must complete previous modules before subsequent modules become available.
15. Assignments in courses have suggested due dates to help students pace themselves through the course.
16. To successfully complete the course, students are encouraged to turn in all assignments by the assigned due date.
17. All coursework should be submitted prior to the last day of the term.
18. I understand after I am registered, the **NONREFUNDABLE \$20** student enrollment fee will be assessed to the student and payable through myDSD.

NOTE: An email will be sent to the student and parent with instructions for paying the fee, the expectations of the online program, and information about starting the online course.
