St. Anthony Village High School Celebrates 50 Years

The St. Anthony Village High School Alumni Association is organizing a year-long celebration to commemorate the 50th anniversary of the opening of St. Anthony Village High School. "This celebration is a culmination of the last five years of planning," said Superintendent Dr. Rod Thompson.

Alumni Eric Brever and Barb McIntyre presented information to the St. Anthony-New Brighton School Board at its meeting on April 5. "We are trying to coordinate a fun year of events," said Brever. St. Anthony Village High School opened in September 1961; however, the Class of 1963 was the first class to graduate from the school in May 1963.

Events will begin during Homecoming week, September 26-30, 2011. On Friday, September 30, 2011, the celebration will include the Homecoming football game and the opening ceremony for the 50th anniversary of the opening of the high school.

"It's a great opportunity for us to find the alumni, celebrate something unique, something that will never happen again, and use that uniqueness to build the school's history and an organization (the Alumni Association) which will foster the school/alumni connection in the future," said Brever. Graduates of St. Anthony Village High School are invited to attend the All School Reunion on October 6, 2012.

Visit www.stanthony.k12.mn.us for more details and if you would like to assist with event planning.

Greetings Community Members

As your school board members, we would like to update you on the latest news in our school district.

Audit Confirms Accountable Use of Referendum Funds

At our School Board meeting on January 18, representatives from Minnesota's Office of the State Auditor reported positive results of a recent audit which concluded that the school district used referendum funds in a responsible and accountable manner. During the past 20 months, our community invested \$21 million into our school facilities for the purpose of renovating learning environments and improving indoor air quality. Our school district is grateful for our community's continued support and is committed to utilizing public dollars accountably and responsibly to provide the best education for our students. St. Anthony-New Brighton School District is one of only 10 districts in the seven-county metro area to receive the Minnesota Department of Education's School Finance Award in 2008, 2009 and 2010.

Capital Projects Scheduled for Summer 2011

As part of our regular summer maintenance schedule, a few projects will occur at the Middle/High School building and Wilshire Park. At the secondary building, flooring, paint, and new instrument storage lockers will be installed in the music area and new paint and lights will be installed in the physical education locker rooms. In addition, both buildings are scheduled to have work finalized in the bathrooms.

Visit with Board Members

We invite you to meet with your School Board members at 6:30 p.m. on the first Tuesday of every month, before our 7:00 p.m. meeting. These conversations provide an opportunity for anyone with an interest in our schools to come ask questions, share ideas, or just get to know board members and district leaders in an informal setting. Please join us on Tuesday, June 7 at 6:30 p.m. in the Council Chambers at the St. Anthony Community Center.

As your school board members, we welcome your questions, concerns, and comments. While not everyone will agree with every policy or decision we make, rest assured that we, as your neighbors and friends, give our best efforts to make our school district and community better.

Thank you for your continued support of St. Anthony-New Brighton School District!

St. Anthony New Brighton Endowment Foundation Accepting Donations for Mondati Match

The St. Anthony New Brighton Endowment Foundation is eagerly seeking donors to help match a generous pledge of \$100,000 from the estate of John Mondati, an active community member and supporter of St. Anthony-New Brighton School District. To secure the Mondati pledge, the Endowment Foundation has a limited time to raise \$100,000 in matching donations. Mondati wanted to ensure that high quality education provided by our school district would not be compromised or diminished by the lack of state funding. He believed an endowment fund could help protect and enhance valuable programs in our school district.

The purpose of the Endowment Foundation is to support St. Anthony-New Brighton School District's continuing commitment to academic excellence and opportunity by providing a long-range funding source. Contributions will be invested and the income will be used to prevent programming cuts during difficult economic times. To contribute to this match or to learn more about the Endowment Foundation, contact Leah Slye, Foundation Chair, at 612-781-3982 or visit www.stanthony.k12.mn.us/foundation.

Qualified Charitable Distributions in 2011 Can Help the Endowment Foundation

Do you have an IRA distribution coming this year? In 2011, an individual over age 70 ½ can exclude from income up to \$100,000 a year of distributions paid directly from his/her IRA to a qualified public charitable organization. A qualified charitable distribution from an IRA counts towards the annual required minimum distributions. Contact a tax professional for details.

Plans Underway for International Youth Summit

Students from St. Anthony Village High School's Jazz Band and Chamber Choir recently returned from their spring concert tour in Salo, Finland and Nagykanizsa, Hungary. For ten days over their Spring Break, students served as ambassadors of our community, performed music for the host schools and citizens, visited historical and cultural sites, and experienced home stays with host families in both countries.

This tour was a precursor to the inaugural International Youth Summit, which will be held September 26-30, 2011 in the St. Anthony-New Brighton School District. The Summit expects to host thirty-five to forty students and eight staff from our Sister City Salo, Finland; Puchheim, Germany; Nagykanizsa, Hungary; and Rhjev, Russia.

A group of district staff and residents have been meeting to: outline the educational and cultural activities for the week, establish partnerships with local business and civic organizations, and coordinate home stays for our international guests similar to those our students experienced in Finland and Hungary.

One of the goals of the International Youth Summit is to allow our community opportunities to interact with our international guests. A schedule of events will be published in the upcoming summer newsletter. We invite members of our community

Forty-two students in the Jazz Band and Chamber Choir performed several concerts in Salo, Finland and Nagykanizsa, Hungary. Andy Erickson, band director, and Michael Shafer, choir director, accompanied the students.

to attend events that will facilitate interaction with our international guests. If you are interested in helping or hosting during this exciting week, please contact Kari Page at 612-706-1200 or email kpape@stanthony.k12.mn.us.

St. Anthony Village High School Jazz Band and Chamber Choir students were featured in the Salon Seudun Sanomat, the local newspaper of Salo, Finland. The article, at left, highlighted their recent visit.

They are soon visited by their middle-aged daughter and her fiancé, who, en route to a European vacation, leave behind his teenage son for the summer. The boy quickly becomes the "grandchild" the elderly couple have longed for, and as Norman revels in taking him fishing and thrusting good books at him, he learns some lessons about modern teenage awareness - and slang - in return.

SANBE Funds St. Anthony Reads

St. Anthony's new community reading program, St. Anthony Reads, gets under way this summer with help from SANBE.

The goal of St. Anthony Reads is to encourage a lifelong love of reading by getting district students involved in book clubs that include adults from the community. The program plans to feature visits with authors of books on the reading list and online book chats. All ages are welcome—adults, district students, even preschool children—and promotional participants include Barnes & Noble and the Hennepin County and Ramsey County libraries.

SANBE granted \$750 to allow St. Anthony Reads to purchase books and promotional material. Most books are non-fiction titles by Minnesota authors. There are books for children, young adults, and adults, and many titles support science, technology, engineering, and math curricula as well as social science curricula in the district. When the summer reading program ends, books will be placed in the libraries of Wilshire Park Elementary School, St. Anthony Middle School, and St. Anthony Village High School.

St. Anthony Reads provides an innovative way to supplement the district's educational objectives. It reinforces the ideas that learning can continue after May, can be a community affair, and can be intergenerational. By opening the program to all residents, St. Anthony Reads highlights the value of the written word to our state and the world at large.

Please help SANBE encourage innovative educational programs like St. Anthony Reads by sending a donation. Your contribution is tax-deductible—and helps build a stronger community.

An Invitation from St. Anthony Reads

St. Anthony Reads—a community reading program developed by several teachers and community members—invites community members of all ages to read non-fiction books by Minnesota authors. This community-wide initiative is designed to bring people together and foster a lifelong love of reading by sharing books across the community and generations. This summer program is made possible by a SANBE grant (see page 11) and donation from the Kiwanis Club of St. Anthony.
