

# LAUGHTER IS BRIGHTEST WHERE FOOD IS BEST.

## *Dear Parents, Teachers & Students:*

We understand that your child's safety and health is your top priority. It is also ours. We are in the business of keeping children as healthy as possible!

Due to the concerns surrounding COVID-19 and the transmission of the virus, we have implemented an extensive policy to best protect all students we serve. Here is what we are doing to continue to safely serve all students:

- All meals will be prepared and individually sealed in our A-Rated commissary kitchen. Our kitchen is NOT open to the public.

- All staff to wear face coverings at all times.

- Gloves are to be worn when touching food items and changed regularly per the CDC guidelines.
  - Glove changes will also happen between each lunch service, or when touching anything other than food containers.

- Hands will be washed every 20 minutes.

- The temperature of each staff member will be taken and logged prior to entering our kitchen or a school. Staff with a fever will be sent home and monitored based on symptoms until we have confirmation that they have not contracted COVID.

- Staff with exposure are required to communicate this as soon as they are made aware.

- All work areas and transportation equipment are continually washed and properly sanitized per the CDC Guidelines.

**We are committed to providing all students and staff  
the safest lunch experience possible.**
