Dear Lower School Families,

St. Paul’s Lower School teachers strongly encourage reading and math activities for all students this summer. We can’t stress enough the importance of promoting curiosity while keeping skills sharp over the summer months. Research has indicated that students who are engaged with reading and math activities over the summer come back to school ready to thrive and learn. You will receive an email in early June with your IXL information.

All summer work is also posted on the St. Paul’s School summer work website.

**Here are direct links to the summer work:**
Click [here](#) to view the Summer Reading and Math letter with directions.
Click [here](#) to view the Reading Log and Math IXL Log.
Click [here](#) to view all Rising K-2 Summer Reading and Math Bingo Boards.
Click [here](#) to view all Rising 3-4 Summer Reading and Math Bingo Boards.

**Optional Summer Work:**
Click [here](#) to purchase the optional math and reading summer skills workbook *for the grade your child just completed*. P-1st students may complete the Kindergarten workbook.
