Health and Safety Protocols

1 Face Coverings

Wearing face coverings is our #1 weapon to fight this virus and keep school open. By wearing face coverings, we protect each other. Students and staff are required to have a face mask or shield with them at all times. There may be situations when face coverings will not be required.

2 Training

Professional development will be provided to all staff at the start of the school year regarding symptoms, screening measures and cleaning procedures.

3 Divided Clinic Locations

There will be separate clinic areas for students displaying COVID symptoms who are waiting to be picked up and students who are waiting for medication distribution, etc.

4 Seating Charts

Seating charts will be required in all classrooms and areas where students assemble.

5 Hand Washing

Hand washing will be required throughout the day. Additional hand sanitizer will be available in each classroom.

6 Social Distancing

Social distancing guidelines will be followed to the extent possible. Proper cough and sneeze etiquette should be practiced at all times.

7 Water Bottles

Students are encouraged to carry labeled water bottles. No water fountains will be in service.

8 No Outside Food Deliveries

Food deliveries will not be permitted at school for students or staff during the school day.

9 Stay Home If Sick

Families must screen their children before school and keep them home if ill. Sick children will be immediately directed upon arrival to the clinic. Students exhibiting symptoms will be required to return home.

10 Suspected/Confirmed Cases

Oakwood Schools will follow Public Health Dayton & Montgomery County guidelines for suspected and/or confirmed cases of COVID-19 among staff and/or student body.
