								Contact Description Due to the slope of Craigmoor Road, from our uphill neighbor's gutters (Neighbor A) leads to pooling against our house. This has led to damage in our basement and prevents any efforts to complete the basement as a dry space. After multiple professional opinions, a french drain was recommended to allenate the water issues by having the drain end within our property, it will also not impose any extra waer burdon on our downhill neighbor's house (Neighbor B). The intent is to move the water from alongside our house to the backyard, while complying with town laws and ensuring doing so while acting to proper regulations. Thank you.
