

Dear Families,

Welcome to Kindergarten! We know that this is an unusual year, so please bear with us as we work on creating the best learning environment for your child. We will need you to purchase supplies to be used both at home for distance learning, and then at school when we transition back to campus. We will be asking the students to set up some of these supplies to be ready for the first day of distance learning.

On the following page is the list of supplies your child will need this year. Most of these items are on sale for back to school, so we suggest you purchase them now, rather than later when they are "regular" price.

Your child will need a quiet space to work from at home. Please help them put the crayons, 4 sharpened pencils, 1 pencil eraser, and 1 fine tip black expo dry erase marker into the pencil box to be ready. Please keep the rest of the supplies in a safe place. You will also need to find a container to store the white board, an old sock, (for a whiteboard eraser) and all the textbooks and workbooks that will be sent home.

If you are able to purchase extra supplies for another student who may not have resources at this time, please drop them off at the school in a bag/baggie marked "Kindergarten," and they will be distributed.

Thank you for supporting our class as we begin the 2020-2021 school year!
