

Mandated Health Screening

SCOLIOSIS SCREENING

Scoliosis screening is performed in grades six and seven.

VISION SCREENING

Vision screening is performed in kindergarten through 12th grade.

HEARING SCREENING

Hearing screening is performed in grades kindergarten, one, two, three, seven, and eleven and as needed.

HEIGHT, WEIGHT and BMI

Height and weight measurements are obtained K-12 as mandated by the state. In addition, the State requires that parents be notified of their child's Body Mass Index (BMI), a ratio of height to weight for age that indicates that a student may be at risk for weight concerns. In that event, parents will be advised to consult with their Physician.
