

THE ORATORY

The Oratory School (OS)

SPECIAL EDUCATIONAL NEEDS AND DISABILITIES POLICY

1. Introduction

The Special Educational Needs Policy is written in the light of the Catholic Values of the school. The policy reflects the all-round education we provide, based on our Founder's principles of developing mind, body and soul, and challenges each pupil to excel and to develop his talents to the full in a nurturing and caring environment.

2. Ethos

2.1 All pupils are entitled to an appropriate education, one that is suitable to their needs, promotes high standards and the fulfilment of potential. We place great emphasis on a broad and inclusive education, in a nurturing and supportive environment. This should enable them to:

- Achieve their best and to be the best that they can be
- Become confident individuals living fulfilling lives
- Make a successful transition into adulthood, for a life of learning and fulfilment, and into the fast-changing world of the 21st century as responsible, active, and compassionate global citizens.

2.2 To ensure that all pupils have equal opportunity to access all aspects of the curriculum, all feel valued and secure and all realise their full potential.

2.3 To work in partnership with parents for the best outcome of the pupil.

3. Special Education Needs

A pupil has Special Education Needs (SEN) if they have a learning difficulty or disability which calls for special education provision to be made for him or her.

A child of compulsory age has a learning difficulty or disability if he or she:

- has a significantly greater difficulty in learning than the majority of others of the same age, or
- has a disability which prevents or hinders him or her from making use of facilities of a kind generally provided of the same age in mainstream schools

Special Education provision means educational provision that is additional to or different from that made generally for children of the same age.

(SEND code of Practice 2015)

4. Disability

Children have a disability if they have a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities.

(The Equality Act 2010)

This definition has some overlap with the definition of 'special education needs' but not all pupils are disabled by their SEN and vice versa.

5. Aims of SEND Provision

- 5.1 The School's aims are at the centre of our provision for special educational needs and pupils with SEND are supported practically and emotionally in order to make the best progress they can. Regard has been shown for the Special Education Needs and Disability Code of Practice: 0-25 years (2015), the Equality Act 2010 and the Children and Families Act 2014.
- 5.2 It is the responsibility of the whole school community to work towards providing opportunities for each individual pupil to make progress at his/her own level.
- 5.3 In line with the Special Educational Needs Code of Practice, each subject teacher is responsible for the SEND pupils within their teaching groups. It is essential that they identify and meet the needs of every pupil.
- 5.4 The objectives in this policy will continually be assessed and reviewed to ensure there is consistent SEND practice throughout the school.
- 5.5 To promote the best possible outcomes in terms of academic progress and emotional well-being.
- 5.6 To track pupil progress across the school in order to identify pupils with SEND as early as possible.
- 5.7 To remove barriers to learning to enable pupils to fully access the curriculum on offer.
- 5.8 To make reasonable adjustments for those with a disability to support access to the curriculum, environment and printed information.
- 5.9 To monitor the progress, review the intervention and track and monitor progress.
- 5.10 To collaborate with all external providers and support.
- 5.11 To educate the pupils at The Oratory School adhering to the staged approach in the Code of Practice.

9. Involvement of Parents

9.1 Teachers, Head of Curriculum Support, pastoral and other staff all have an important role in developing positive and constructive relationships with parents.

9.2 The Oratory School should accept and value the contribution of parents by encouraging their participation. Every effort should be made to identify how parents prefer to work with the school, with the recognition that some families will require both practical help and emotional support if they are to play a role in the education of their children.

9.3 The Oratory will support parents in attending support groups and voluntary organisations.

9.4 Parents have the opportunity to provide feedback through parent's evenings and communication with the Head of Curriculum Support.

11.3 In the event of The Oratory School deeming a pupil application to school as unsuitable, meaning that we are 'unable to meet the needs of the pupil's

learning and development', the school will give adequate feedback to justify this decision.

- 11.4 Further information, regarding the disclosure of information on any special education needs a pupil may have, forms part of the admissions process and is detailed in the Parent Contract Terms and conditions (I hope this is as they need to declare this when they join the school) This information allows the school to make reasonable adjustments to the curriculum and learning environment in preparation for pupils starting at the School.

12. Allocation of resources

- 12.1 The Code of Practice recommends that 'it is good practice for the costs of the Head of Curriculum Support to be set against the core or base budget of the school.' (6.38 Pg. 42) The Oratory School does this by providing a budget for materials and resources and also employs two part time teachers to support the needs of the pupils.

- 13.1 Pupils are given the opportunity to be active participants in their own education and are encouraged to set their own objectives through the target setting system in school.
- 13.2 Each pupil receives targets through flightpaths and quarterly grades to show progress. This is also shared with parents.
- 13.3 Where Curriculum Support tutoring is required, a specialist plan will be drawn up, tracked and evaluated. Communication will be made with home and teaching staff in regards to targets. The Curriculum Support tutors will communicate regularly with parents.

This is agreed with parents on an individual basis.

This informs what their needs are; the current provision the pupil is receiving and also teaching strategies. All of this information is confidential and sensitive and is not to be shared with third parties.
- 18.3 All information shared is agreed initially between the parent and the Head of Curriculum Support.

19. Complaints and Concerns
