

The Parent Survey is for everyone who will have a child in the Beaverton School District in September. We would like to know your thoughts about school opening in September.

This survey is voluntary. You may opt-out of completing the survey at any time. All survey data will be summarized so that each person who answers will remain anonymous. Nothing in the survey or District software will be used to identify you.

It is OK to go back and change your answer to a previous question, but you must finish the survey in one sitting.

Thanks in advance for participating in the Parent Survey!

If you have more than one child in school, please answer these survey questions for one child. You will have the opportunity to complete these questions for another child if you wish.
