

# SETH PAINE ELEMENTARY

## CONSTRUCTION UPDATE

### JULY 2020

- The previous main entrance and office spaces were framed and drywalled the week of July 6.
- Original main entrance is sealed with new exterior wall and windows.
- Most of the renovated spaces have drywall hung and paint in progress. Flooring installation, new cabinets and countertops will be next.
- Heat pumps are installed in all classrooms and will be the source of heat and air conditioning for the building.
- New cabinets and countertops are installed in the 100 wing section.
- New sidewalks and curb began the week of July 13.
- Most of the addition has had its first two coats of paint.
- Cabinets and countertops are installed in new addition section.
- Ceiling grid is in process in the renovation and addition sections.
