1	INTROS (6:00-6:05)	Include report from DPC from Jeanne Flaska	Lisa Velick, Jeanne Flaska, Laurie Harford, Janine Fitzgerald, Jerry Anderson, Charlie Schoep, Brigitte Mutter
2	Staff Update (6:05-6:25)	Science - Charlie Schoep	2 goals: improving overall performance and test scores of minority students; working on scientific literacy skills. 1- minority student outreach: highlight opportunities available, talk to kids one on one and invite into programs/advanced classes. Reach out to parents re: safe space, inviting space, help with signing student up for advanced classes/CU succeed, etc. Remain aware of standardized test data and public education through "No Child Left Behind" data. Challenge is inconsistency in testing protocol. 2-scientific literacy: new set of science standards. Aligning curriculum with new standards focusing on inquiry learning. Biology and Chem AP tests have changed - less math, more inquiry/critical thinking. Reading the textbook correctly - scientific reading differentiates from language arts reading. Scientific writing; correct writing is also a focus with lab reports. BVSD - discussions regarding common assessments across the district. Challenge is creating a test that would be applicable to all high schools. Chemistry is now a fully flipped classroom. (Students watch lectures at home; use class time for hands on activity).
