<b>2527</b>	The different activities are always engaging and it's nice to see how you can create many with stuff out of your home. It is helpful to see that my child is developing at an age appropriate level.
<b>2534</b>	The activities that are done during the sessions as well as advice and suggestions provided
<b>2537</b>	I love Mary Chris, she is very knowledgeable, friendly and helpful when I have questions.
<b>2545</b>	We feel reassured by our parent educator that we are doing the best for our child's development while giving us ideas for new activities.

<b>2580</b>	I like all the information I get from Suzanne on development - it is so helpful especially now that we are at home and not sending our child to daycare.
<b>2592</b>	The monthly check ins are great. They give us time to reflect on what our child has been doing and what questions we have! We also talk about upcoming milestones and how to plan.
<b>2598</b>	I love our time with Mary Chris. She is helpful, knowledgeable and helps me learn about developmental stages, activities to do with my baby, and feel more confident as a first time mom.

<b>2665</b>	The resources in the community I would not have known about
<b>2666</b>	The ability to attend sessions on specific topics, utilize the play center
<b>2675</b>	Our monthly visits to provide recommendations, and checks that my child is developing as he should.
<b>2683</b>	Especially in the work from home environment and moving to full time caregiver and working mom I've been given lots of ideas and resources to ensure my son is being development.

<b>3594</b>	Jen inspires both me and my child to overcome challenges.
<b>3598</b>	While we really enjoy the one on one meetings we already really enjoyed the special activities (specifically the conscious discipline course). While necessary it's disappointing that this will be limited due to COVID.

<b>5432</b>	Having a person to chat with about our child's development helps my confidence levels in parenting. Sometimes I don't want a specific and concrete answer, but simply want someone to talk to for general guidance, which helps a lot.

<b>5639</b>	I am able to have a go to person to answer all parenting/baby questions!

<b>5655</b>	I really enjoyed the home visits we had with our parent educator. It was nice talking through any concerns we had. She was a great resource.
<b>5681</b>	The encouragement and information of the current development stage that my child is in.
<b>5683</b>	The handouts with activities. It was only our first month, but those were great.
<b>5709</b>	Having access to outside activities, before covid, knowing our daughter is growing and hitting milestones or what we need to work on moving forward. Being able to ask someone questions about different things that are going on with her and getting advice on how to move forward.
<b>5716</b>	I really appreciated the vision referral. That was excellent peace of mind.

<b>5758</b>	In home visits
<b>5760</b>	Home visits
<b>5768</b>	I am a stay at home parent so I have found it helpful to have a second pair of eyes on my child. This has helped open some blinders I have had in the day to day of parenting.

<b>5802</b>	Yes
<b>5814</b>	Having someone to get ideas from and someone I can ask any kind of questions to.
<b>5816</b>	I really appreciate the activities Jennifer does with my kids, and going to the play center weekly has been such a blessing.

<b>5876</b>	The advice on growth and development and discipline
<b>5885</b>	The in person visits are extremely valuable and the ability to speak with someone outside my personal network has been essential as well.
<b>5920</b>	This program has let me develop new ways to look at parenting. Gives me tools that I never would think. Allows me to be more engaged
<b>5935</b>	The consistency in which Janet shows up and the information and support she provides.
<b>5955</b>	This program is helpful for when I have questions regarding my child's development and what milestones he should be meeting. <b>6017</b>	Understanding development goals, games to play, managing parent expectations.
<b>6023</b>	While sometimes embarrassing, I appreciate the constructive feedback on how I interact with my child, especially when they are acting up. It's been helpful to be honest and have someone provide you with other means of redirecting My child's energy or disciplining him.

<b>6050</b>	Getting helpful parenting suggestions from our parent educator.
<b>6197</b>	Have someone to talk to- as a first time parent the advice and years of experience are invaluable!
<b>6206</b>	Having someone come into my home to help my child socialize with another adult. My child knew that when the parent educator came, it was time to focus on my child. My child was always excited to see what we were going to do during the visit.
<b>6443</b>	I like the trusted research based resources provided so I don't have to comb the internet. It's really nice having someone to talk to about the specific needs and goals of my family.
<b>6446</b>	The home visits have helped us as this is what we benefited the most from. Our parent educator was great and always helped us learn more about our child's development and gave us some ideas of this to try when we were having issues with certain behaviors.

<b>6938</b>	Just talking to someone on a regular basis about my child's development and needs.
<b>7148</b>	Kathie has been amazing. The activities and handouts help me understand where my children are developmentally and where we can practice more. Knowing when he was ready to help in the kitchen and exercises to help her get to walking helped me better understand that the kids are ready to take on more.
<b>7481</b>	The individual attention and the time my educator spends listening to me and helping me think through the challenges we are facing. The play center, Mr. Bradley's Story time, and the parent education classes have also been very beneficial for us. I have learned so much from being in this program and I'm very thankful for the support and resources.

### What could be improved about this program?

#	Responses
<b>2527</b>	I would like more informal (besides the play center) ways to meet other families. Like a park party or something along those lines.
<b>2537</b>	Everything is great. :)
<b>2580</b>	Nothing - thanks for continuing visits even though they are virtual!
<b>2592</b>	We have enjoyed the tele communication since Covid. I see the online platform as a resource to connect with more families. A structure and activities to consider would be great to help the child stay engaged!
<b>2598</b>	Nothing
<b>2661</b>	Nothing really...we're very pleased with the program!
<b>2663</b>	I love this program and I've recommended it to others as well.
<b>2665</b>	Less paper
<b>2666</b>	Offer the play center once a month on Saturdays. Working parents cannot utilize the center on weekdays and having it only open on Saturdays 2-3 times a year is not enough.
<b>2675</b>	I am very satisfied.
<b>2676</b>	More relevant activities that are very age specific that we are NOT already currently doing. Practical toy recommendations. Some recommendations are generationally out of date. The few meetings we attended at the Education Community Center have not been helpful. This program doesn't feel very relevant to our needs.
<b>2715</b>	Love this program so no comment here
<b>2720</b>	N/A

<b>2741</b>	I don't have anything to offer at this time. Good work!
<b>2786</b>	Connecting families with children in similar age groups
<b>2790</b>	I think it's a great program!
<b>2811</b>	More hours at the play center and more "12 month and younger" group activities
<b>2852</b>	I think an area of improvement might be mode of communication- the handouts are great but maybe having the option of sending electronically would be nice as well.
<b>2882</b>	I wish there were more online webinars and content during this time when we can't go to programs in person.
<b>2894</b>	N/A We will have the ability to connect with families in the fall. Spring and the flu plus covid 19 didn't allow us to feel comfortable at the play center is why I feel we haven't met other families.
<b>2926</b>	Loved it.
<b>2928</b>	Nothing - except for maybe allowing multiple children in family to participate after the first child has turned 3
<b>2933</b>	Allow for the parent educator to continue visits for 2nd child
<b>2995</b>	More in meeting activities (I only have a 7 month old though, so maybe this happens more as a child gets older??)
<b>3121</b>	I don't know, I am not a professional...just a Mom
<b>3166</b>	More ideas given. A lot of times she just asks me if I have any questions, and if I don't (because sometimes I don't know what to ask), then I end up not getting very good information.
<b>3181</b>	NA

<b>3199</b>	I wish that we were able to actually play with the child instead of doing questionnaires. Maybe as the child gets older this will happen.
<b>3457</b>	I really enjoy the program as it is.
<b>3587</b>	n/a
<b>3594</b>	nothing
<b>3598</b>	More special activities.
<b>3605</b>	N/A
<b>3609</b>	None.
<b>3610</b>	A document that talks about different parenting discipline strategies and helping parents discern which method works best
<b>3644</b>	Doing activities at the visit instead of just talking.
<b>3645</b>	I think it could be helpful if the parent educator reached out a couple days before the visit for topics of discussion. That would allow them to bring more targeted resources as necessary.
<b>3665</b>	This is nothing I would change - I Love them!
<b>3667</b>	Extend to age 18!
<b>3700</b>	I love this program and have recommended it to several other families. I wish the in-home visits were not just for your first child but I understand resources are limited. I look forward to going back to in person visits instead of virtual once it is safe to do so.
<b>3701</b>	The only improvement would be more group activities for the children to interact and parents to meet, however the COVID pandemic has prevented that from happening. Hopefully we will be able to interact with other families again to help my child develop more social skills.

<b>3791</b>	The video sessions don't really work with a busy 2 yr old so that's a little stressful, but I know that is out of everyone's control!
<b>3793</b>	Why so many papers! Can you hand out one binder or book at the beginning? Or one combined PDF?
<b>3821</b>	It would be nice to have a booklet instead of all the handouts. Happy to pay for it.
<b>3830</b>	Options for kids to stay longer :)
<b>3849</b>	NA
<b>3863</b>	Having it extended to age 4.
<b>3866</b>	Nothing
<b>4071</b>	Nothing!
<b>4094</b>	None
<b>4116</b>	NA
<b>4152</b>	Sometimes your activities seem a little unrealistic, especially for working parents. More simple activities and options to purchase instead of make things to accomplish the skill would be nice
<b>4167</b>	Maybe a hand out before the stage and months because my son reach some milestones before we discussed them
<b>4205</b>	Not sure
<b>4206</b>	Nothing comes to mind.
<b>4243</b>	nothing

<b>4308</b>	Nothing
<b>4451</b>	N/a
<b>4452</b>	Nothing comes to mind as we were so pleased with all the tools and resources we were provided. Wish we could continue to have help now that our son is turning 3 and if we were to have a 2nd child.
<b>4602</b>	It's not as effective virtually obviously but I still enjoy the online "visits" Also more activities on the weekends during the school year for working parents
<b>4638</b>	no comments at this time
<b>4741</b>	N/a
<b>4814</b>	Nothing I can think of right now.
<b>4823</b>	Nothing
<b>4871</b>	Virtual classes!! Potty training, discipline, etc.
<b>4916</b>	I would like my parent educator to listen more and talk less
<b>4947</b>	Nothing
<b>4987</b>	Nothing
<b>5066</b>	Provide More information about parenting adopted children and parenting in biracial family
<b>5074</b>	I prefer to receive the handouts electronically; the pandemic has allowed this to happen and I would hope that might continue in the future.
<b>5130</b>	More play centers

<b>5144</b>	Nothing
<b>5282</b>	Maybe a binder or book of all the handouts up front so I don't have to go back and organize them later...
<b>5284</b>	Nothing
<b>5288</b>	It's good that we've been cautious with COVID and the video calls have been fine but it would be even better if we could transition to possibly doing the meetings live but outside. Safety comes first, but when the time is right, we are ready for live interactions.
<b>5428</b>	Send the next level handouts if some skills are mastered.
<b>5430</b>	I just hope to help more people learn about it and support it.
<b>5442</b>	Nothing Jennifer is the best! Really couldn't ask for more so impressed!
<b>5512</b>	I wish it was available for more than just your first child
<b>5581</b>	Maybe a website with the reference materials?
<b>5604</b>	Once covid passes more in person courses. We really enjoyed this
<b>5629</b>	I would like her to interact more with my child when she is here. She mainly just talks to me.
<b>5630</b>	Nothing
<b>5635</b>	Not an improvement but we do prefer in person visits versus video and hope to be able to resume those soon. It is challenging to keep a 1 year old engaged in video chat.

<b>5636</b>	I know each educator is probably different in their style. That being said, I have several friends who have gone through the program as well and they reported the educator bringing activities or developmentally appropriate toys for interaction with the child. I have not seen that in my experience so far. My educator has great interaction and communication with me, but I feel her interaction with my child could be improved.
<b>5640</b>	Less paper handouts, more digital handouts (when we do in home visits)
<b>5646</b>	Nothing! I recommend this program to all my friends with children.
<b>5655</b>	I wish we could have still had a few home visits after our child turned 3, even if it was just once a quarter or twice a year.
<b>5683</b>	We are in a pandemic, so it's hard to answer that!
<b>5709</b>	?? Maybe having some hands on activities prepared to share, like making something together in an activity or a simple game or song to learn together.
<b>5716</b>	It will be nice to resume in-person visits!
<b>5732</b>	N/a
<b>5737</b>	Would be nice to have digital paperwork instead of so much paper.
<b>5758</b>	More play center
<b>5760</b>	More play centers
<b>5768</b>	Jennifer is great. We thoroughly enjoy her.
<b>5802</b>	I'm learning so many things.
<b>5814</b>	Nothing I can think of.
<b>5833</b>	More play centers

<b>5850</b>	I would have liked to interact with more families but with the pandemic that isn't an option, which I understand.
<b>5885</b>	I would love for the program to extend beyond my first child.
<b>5920</b>	If this program would allow us to connect with other parents around our area, it would help with other areas in our parenting/marriage. Work/life balance, parenting, growth...
<b>5955</b>	I can't think of anything that needs to be improved with this program.
<b>5980</b>	Nothing that I can think of.
<b>6017</b>	Get rid of covid, 1 week in advance reminders, scheduling and materials.
<b>6050</b>	It would be helpful if all of the handouts were online or stored on a jump drive that we could purchase.
<b>6197</b>	More activities in the meeting
<b>6206</b>	I did not feel as though my family was very connected to my parent educator. There were times that I had to contact my educator to ask about having a visit. I was highly disappointed in the way the visits went once we had to go virtual.
<b>6443</b>	Trying to keep any advice or guidance closely aligned to current AAP recommendations. I believe some eating/nutrition resources might be outdated?
<b>6446</b>	More opportunities to build relationships with other families. Most of the events were also planned by a PTA not by the program itself. To attend these events cost money. If they had some free events that allowed families to meet and talk with one another and socialize more especially during a weeknight or weekend for families with two working parents that would be extremely helpful. I often feel disconnected from other parents as we are a household where both parents work. I know there are others who feel the same.
<b>6494</b>	None
<b>6517</b>	I would like for the in person visits to begin as soon as they can!

<b>6552</b>	I know safety takes first priority, but wish we could do visits live (outside maybe) rather than virtual.
<b>6641</b>	Can't think of anything
<b>6653</b>	Nothing!
<b>6684</b>	The video connection sometimes is difficult
<b>6846</b>	More handouts on activities to do at home each month- first child, still often feel like I'm not sure what would be best to be doing with my child
<b>6938</b>	None
<b>7148</b>	I obviously want the visits to go on forever but I understand why they stop at 3.

<b>7490</b>	The program is outstanding - I am very sad we cannot continue in our new home in Missouri.
<b>7491</b>	Last longer!!! I would love is this would continue until age 5.
<b>7492</b>	Maybe a conscious discipline class? More frequent toilet training classes> Extension to age 5?
<b>7495</b>	Continue program through age 4.

<b>2580</b>	Thanks so much for continuing with the visit virtually!!

<b>2663</b>	I'm not sure about visits. Whenever Ford could start we did and he's over 2 years old now. We have really enjoyed having Janet as our parent educator. She's so nice and easy to talk to and I feel like she really cares about Ford!
<b>2676</b>	Our Parent Educator is a nice, knowledgeable lady. The agree/disagree statement questions need a "not applicable" column. Some of my ( <i>disagree</i> ) answers were because the statement wasn't applicable.
<b>2790</b>	We love this program and I tell every new parent about it. I am a daycare provider so I also get to use the new strategies on my other kids!
<b>2882</b>	Love this program! I've learned so much from classes and my parent educator. We definitely miss going to the play center. Thank you for all the work you do! Also, Suzanne is awesome. She's easy to talk to and full of advice. Very lucky to have her as my Parent Educator.
<b>2926</b>	They went well.
<b>3181</b>	Our Educator is wonderful and have loved getting to know her and appreciate her insight and guidance in learning alongside our daughter.
<b>3418</b>	We love having Suzanne come over and bring fun new things to learn and play with!

<b>3830</b>	Kim Schulz is our educator and she's fantastic!
<b>4116</b>	Jen goes above and beyond. She has brought so much comfort to us as new parents.
<b>4149</b>	We love Jennifer and appreciate the guidance and tips/tricks she provides as we navigate different issues with our kids.
<b>4152</b>	We moved to the district in August and had to wait a bit for placement. We were previously in the program through SMSD
<b>4205</b>	Not totally sure on number of visits
<b>4206</b>	None
<b>4243</b>	Kathy Pope is wonderful! whole family loves her
<b>4452</b>	Going to greatly miss our PAT Educator now that our son is turning 3, makes us so sad!
<b>4638</b>	Janet is wonderful and we really enjoy having her and have learned a lot from this great program.
<b>4777</b>	Kathie is so great, we love all the ideas she gives us and it's so nice seeing our child excited to see her and play with her each month!
<b>4900</b>	Thank you very much for providing the opportunity to learn child development. I was confident in raising my son because of the program.
<b>5288</b>	We moved from Wyandotte County so we just started in Johnson County this year but have loved both of our parent educators.
<b>5393</b>	We have really enjoyed the program and Ms. Kathie! Would highly recommend her and the program to other families!
<b>5422</b>	Jen is amazing, we look forward to our monthly calls even if it is working through trying times. We would be lost without her guidance

<b>5430</b>	Our parent educator is excellent and adept and presents new options for us to consider. She also helps us reflect on how far we have come - which can be easy to miss when dealing with day to day tasks.
<b>5431</b>	Jennifer is great and provides encouragement, strategies and always follows up on items from previous meetings.
<b>5581</b>	We love Jennifer!
<b>5629</b>	I think Carrie is very kind and compassionate, and we enjoy when she comes to see us. But I do not get a lot out of our visits. We LOVE the classes offered and have done multiple. We also love the play center
<b>5630</b>	Suzanne Sawalich is great!
<b>5636</b>	8 in person, 4 over video visits
<b>5637</b>	We love Mary Chris!
<b>5646</b>	My educator Bea has been a wonderful asset to my family. She's kind, helpful, and resourceful.
<b>5709</b>	This is just a suggestion and a thought but if people are still not comfortable with in home visits, could we do social distancing park visits? We have done these with family members so that they could see our daughter and chat and then the parent educator would be able to actually see the child in person.
<b>5716</b>	Suzanne is wonderful. I really appreciate her.
<b>5814</b>	Annie Clark was our facilitator and she was wonderful.
<b>5816</b>	Jennifer is amazing! She's truly invested in my kids and I appreciate her patience and wisdom that she shares with me. I genuinely believe she has helped me be a better mom by watching her interact and teach my kids. I feel so lucky we are able to have her. Thank you JW!
<b>5868</b>	I participated in the program for a little while but ultimately it became hard to schedule during the week with work so we are no longer participating in the home visits.

<b>5920</b>	I love the fact that Janet pays attention to our personal lives and remembers small details about our lives. She is genuinely invested in our well being
<b>6017</b>	Covid
<b>6197</b>	It's hard with our experience because our son became a toddler during Corona. Our in person visits were before he was really walking and talking. Now that he is all over the place, everything is online. I feel like this is when I yearn for hands-on play and activities - to help learn how to help him grow in his motor skills and beyond.
<b>6206</b>	It was difficult to stay involved after Covid-19. I did not hear from my educator when I felt like I needed the most resources. Working from home with a toddler increased stress levels and it would have been helpful to have guidance and more ideas on how to work through the challenges my child and myself were having. Additionally, I struggled to stay informed about upcoming events. I would get emails but it would be the week of the event. It would have been helpful to hear from my educator about events.
<b>6443</b>	Love and appreciate this program in our community! I wish it went past age 3.
<b>6445</b>	This program has been great! We've learned a lot and Janet has provided a ton of helpful information.
<b>6548</b>	We really enjoy the program. Was especially helpful for skills to enhance language for my 2 year old
<b>6552</b>	We love Ms. Mary Chris!
<b>6623</b>	Very happy with this program and wish it went until kindergarten or age five like other districts
<b>6641</b>	We have really appreciated our parent educator. She is knowledgeable and willing to listen.
<b>6689</b>	It has been an excellent experience, which I have recommended to my friends! Love the program and love Mary Chris, our educator. She's fantastic! I have really enjoyed and appreciated getting to work with her.

<b>6846</b>	Really appreciate Kim and her ability to be genuinely caring, personable, and encouraging. Only feedback I would give is that I don't always have time to ask questions during our meetings and sometimes I haven't ever received handouts that were promised to be emailed to me.
<b>6938</b>	This was such a great experience for my family and I. I would absolutely recommend SMSD Parents as Teachers to anyone. I loved being able to talk to my parent educator and get all of my questions answered. As a new mom, this was invaluable.
<b>7148</b>	Our oldest is smart but challenging. Kathie really helped us with options on his behavior and how to appropriately set limits for him. Even just hearing from our educator that it wasn't just me, he really is that challenging helped me feel less stressed.
<b>7481</b>	Kathie is very good at what she does. She's exceptionally professional, knowledgeable and compassionate. She's helped me become an even better mother. We will miss our visits!
<b>7494</b>	We loved Mary Chris and will miss our visits!
<b>7495</b>	Mary Chris was WONDERFUL. We are going to miss our monthly meetings now that Lauren has aged out of the program.
