

Cafeteria News

We will have to adhere to a strict schedule to get all classes through the lunch line, socially distancing them, and then get them back to the classroom. To accomplish this, we have to make sure the lines run as efficiently as possible. Because of this, our cafeteria lines will not be able to provide change, so all remaining money will be applied to the student's lunch account.

We are asking that parents consider pre-paying for student meals. You may do this through the [MyPaymentsPlus](#) located on our website. Students may also bring money for the week on **Monday** to put on their account.

We will **not** have extra sales at lunch (i.e. drinks, extra food, etc).
