

COMBINATION WELDER 2025-26

Class Meets: Monday - Friday

Class Time: 8:00 am to 3:00 pm

Instructor: B. Stone 960 hours

This program will teach students to do quality welding for a variety of construction and manufacturing jobs using multiple structural welding techniques. Instruction will cover welding theory and safety, fabrication, layout, print reading, symbols, math, welding codes, metal characteristics/properties, and oxyfuel cutting. Students will learn to perform high-quality welds in accordance with welding procedure specifications used in a variety of welding occupations. They will also gain an introduction to pipe welding skills, using SMAW, FCAW, and GTAW techniques.

Tuition and fees or documentation from your funding agency are due by the first day of class each semester. Students who are enrolled in a program for more than 5 scheduled school days will be responsible for the full semester's tuition and fees, regardless of enrollment or funding status. Out-of-district adult students will pay in-district tuition plus \$1000 for an "out-of-district" fee.

Board Approval: 3/4/25
