

Kareena

Class of 2021

From: Summit, NJ

First Year at Horace Mann: 6th grade

Favorite Classes: One of the harder questions one can ask, but my favorite classes are English, Advanced Biology, Treble Choir, 8th Grade World Religion History.

Why HM?: Horace Mann has provided me with a space to explore my interests and curiosities in a multi-faceted way. From the choirs in the Music Department, to the various clubs and publications, to sports and Service-Learning, to the faculty, Horace Mann has a plethora of resources available that have helped guide me in finding my niche. The amicable culture of Horace Mann allows students to foster great relationships with their peers and teachers all while finding the opportunity to focus on personal growth and development.

Activities: Treble Choir, Concert Glee Club, Service-Learning Team, Student Ambassador Leader, Spectrum Magazine & The Horace Mann Review Magazine

Favorite Spot On Campus: The Shakespeare Garden! This nature spot near Spence Cottage is a calm and quiet space on campus for students to relax, read a great book, catch-up with friends, or work on a paper. The constant sun and sound of birds brighten everyone's day and make it a great place to have class outside or just pause during a busy day!

Favorite Things About HM: The teachers! Part of the reason why my Horace Mann experience has been beyond incredible is thanks to the inspiring teachers that I have learned from. Not only do they find ways to make learning interactive and engaging, but they also share from their own experiences and offer great new perspectives. Through our intellectual discussions in class to my insightful conversations with my teachers one-on-one, I have acquired new passions and become curious about subjects that I never would have imagined before!
