## Advisors and Resources

In doing their fact-finding and research, the task forces used a variety of resources, professional affiliations, and contacts. Among the sources consulted were the [Center for Disease Control](#), [Hamilton County Health Department](#), [State of Tennessee](#), National Association of Independent Schools, Southern Association of Independent Schools, Tennessee Secondary School Athletic Association (TSSAA). In addition, McCallie's operational partners TKC and Sodexo, legal counsel, athletic trainers, school physicians, and the Director of the Student Health Center provided valuable information. Area medical institutions and professionals were also generous with their information and recommendations.
