

# 2020-2021 TRANSPORTATION GUIDE

*Last Updated: July 21, 2020*

-

In light of COVID-19, we encourage families to arrange for private transportation whenever possible during the 2020-21 school year. Students returning to campus on public transit may be asked to quarantine on arrival. For those who are unable to arrange private transport, transportation to the local Concord Coach station, Tilton Junction, is free of charge. Transportation to Manchester Airport and from Logan Airport is a fee-for-service arrangement unless otherwise noted\*.

*\*Tilton will provide several transports to campus from Manchester and Logan Airports during campus move-in and after the Winter Break free of charge. Tilton provided transportation is scheduled at times that will accommodate the broadest number of our students on international flights. Students who will need transportation outside of these pre scheduled dates should arrange private transport using the shuttle services listed below. Times will be communicated closer to departure date.*

## AIRPORT AND TAXI SERVICE

-

Located 40 miles south of Tilton, Manchester-Boston Regional Airport is New England's most convenient airport, with a growing schedule of non-stop, direct service flights

throughout the country. Logan Airport is located in Boston, Mass., 96 miles southeast of Tilton.
