- Farah Nashat- Facilities
- Jalean Tillman- Custodial Floater

Work Order Process- As maintenance and repair work is needed for existing systems and equipment already in place, personnel shall notify the authorized delegate (administrators, lead custodian) at each site, who will input a “request” for the work needed into School Dude.
The work order request is reviewed and if approved, is assigned, printed and distributed to the appropriate tradesman. If the work order is not approved, its status is changed to “declined, void.”
The tradesman shall complete the information on the work order and return the completed work order to the Maintenance Department.
Please allow all requests 10 days in advance.
