

*Stafford MSD*  
*District of Innovation Plan (HB 1842)*  
*2016-2017 Committee*

Stafford MSD is utilizing HB 1842, of the 84<sup>th</sup> Legislative Session, in order to enact true local control. Becoming a District of Innovation is another way of representing our commitment to our students, staff, parents and community as we reflect on what education can and should be for our students. It also represents our commitment to better design learning environments and deliver stellar learning experiences that value and build on the individual talents, needs, interests and aspirations of every SMSD student. It is also our commitment to nurture the strengths, talents and development of our staff, parents and community in bold ways while cherishing our core values. This is a great opportunity for SMSD to tailor plans based on the needs of our students, staff and community while holding fast to our mission.

The plan will be in effect for the 2017-2018 school year throughout the 2021-2022 school year. This plan may be amended at any time by the committee with approval of the SMSD Board of Trustees.

**The SMSD District of Innovation Committee**
