<td>Department Update (6:10 - 6:25)</td>
<td>World Language - David Tencer</td>
<td>Philosophy - communicative approach: listening, reading, writing, speaking. CCFLT Conference coming up to hone in on new skills and learn new skills. Four Honor Societies at MHS&lt;br&gt; French: hosted 20 students in the fall, MHS will have about 20 students do the exchange in the spring. Jennifer Farrell - French teacher - has ramped up the program&lt;br&gt; ASL - Melissa Peterson - deskless classroom. Students seated in a circle so they can see the signing. Videos assist with literacy. ASL students are striving toward the Seal of Biliteracy&lt;br&gt; MHS has one of the highest number of students receiving the Seal of Biliteracy. Discussion about requirements. Arabic - 8 year program.&lt;br&gt; German - GAP Award of Excellence - 20 year German exchange program. Sister school in Northern Germany. 20 MHS Students attending in June for three weeks after</td>
</tr>
</tbody>
</table>
### 20 German students were here in the fall. Kagan structures and learning are a focus of Emily's instruction. Spanish - Honor Society teams up with Fireside Elementary. Share-A-Gift program. Students are going to Panama for a service trip over Spring Break. Kagan structures are also implemented in the Spanish classroom. Question of Latin offering comes up each year. BHS offers Latin. Mandarin is also a potential language of interest. Hosting AP Chinese test at MHS this year.

#### Principal Update (6:30 - 7:15)

**State Assessment Data Review**

Utilize MHS Data Presentation and handouts for collaborative data analysis

19 - 20 MHS Assessment Calendar

"State Report Card" - for all BVSD schools

Academic growth is the most important focus at Monarch. Student Engagement is also important. MHS is consistently a performance-rated school. We are in low-participation because our juniors have a trend of not taking the CMAS test. We are second in performance rating and we are closing the gap with first (FHS). 96.6% Graduation Rate, which is also 2nd.

Academic Achievement Rating - improved (measured on SAT)

Academic Growth - improved - measured on tests from year to year

Post-Secondary Workforce Readiness - combination of several components.

Question: why is the Academic Achievement being measured on the PSAT instead of the SAT?

Detailed review of charts and graphs took place. One example: Math - high achievement and high growth - attributed to better instruction with less lecturing more collaborating.

Measured in April.

Due to results, MHS has outlined about 15 action items to focus on needs identified by data

Review of the 2020 State Assessment Schedule

#### Remaining Topics (7:15 - 7:30)

<table>
<thead>
<tr>
<th>Committee Reports</th>
<th>DAC, Department Chair, DPC</th>
</tr>
</thead>
</table>

Janine reporting from DAC has a SAC Accountability Review she is going to fill in on behalf of MHS

Paige attended the DPC meeting last night. Schools are shifting to being the center of attention with the District supporting them vs. vice-versa. Huge district-wide shift.

Viz Lab update was given at the meeting

Complimented Brigitte and her data!

Discussion regarding Sexual Assault Specialists

Meeting adjourned at 7:57 p.m.
