

Dear Parents,

As a part of our new safety procedures, our car rider line will operate differently this year. Students will report to the cafeteria after school to wait for their ride. We will need an identifying tag in order to call for your student. Please fill in the google form below with your child's first/last name and grade level. We will provide one tag for your car window. Any additional tags can be requested through the front office after the first day of school for \$1.00.

Additional information will be sent in the near future about picking up the tags before the first day of school. Thank you for helping create the safest environment for car rider dismissal.

Lance Murphy
BHMSN Principal
