Week for Life debuts this year

Action Table and Maternity Dirve meant to raise awareness

BY JACK GODAR REPORTER

he Students for Life Club sponsored a Life Week for SLUH this week in what they hope will be the first of many events to raise student awareness about pro-life issues. The two major parts of Life Week were the Action Table outside of the cafeteria and the Maternity Drive. In addition, the Students for Life Club led the school in morning prayer. Members of the club hope to teach people that being pro-life is more than being anti-abortion.

"Its probably the first time (that something like this has occurred) in four or five years," said moderator David Callon, "It's kind of like a mutual idea. It came up in a meeting last year."

One of the major goals of the week was to broaden students' understanding of what being pro-life means.

Senior David Farel said, "I think people have this stereotype

ing loss.

REPORTER

Pensions were high at Saturday's Metro Catholic Conference Championship as the top runners from SLUH, CBC, DeSmet, Chaminade, and Vianney met at Forest Park's Central Fields to crown a conference champion. All of SLUH's top seven varsity runners showed their immense talent and dedication none of them finishing below 10th place out of a race of

and true. The boot gave Eureka a three-

point lead and SLUH another heartbreak

With 5.7 seconds remaining, the

Senior Tim Rackers came in first place overall, finishing with a stunning time of 15:57. In third place overall, second for SLUH, came senior Joe Meier, finishing just 20 seconds behind Rackers in 16:17 Juniors Michael McLaughlin and Nathan Rubbelke finished in third and fourth for SLUH, respectively. Both of their times were recorded as 16:21 but McLaughlin just barely finished in front of Rubbelke to claim his place as SLUH's third-fastest runner in

The rest of the varsity team performed remarkably: seniors Alan Ratermann and Dan Raterman and junior Joe Esswein rounded out the squad, and nobody from SLUH's team finished with a time over 17 minutes

the team has won almost all the conference championships in recent history. But the championship wasn't just handed to them.

'The weeks before the (Conference race), we had been working really hard, so the week before, we prepared for the race by taking a down week - we let our muscles rest a little. Then we came into the race confident, full of energy and ready to win," said Rackers of the team's preperation. "I think that's the way we'll do it for State - taper off a little, but come into the race with a strong mental focus."

Head coach Joe Porter had "a very good feeling about (SLUH's) fitness level coming into the race" and said that the team exceeded expectations. Porter highlighted the importance of the team's focus on minimizing the time between SLUH's first and fifth runners finishes. Rackers' time of 15:57 to Alan Ratermann's time of 16:41 established the first-to-fifth time spread of SLUH's fastest runners at an incredible 44 seconds.

"The one-five spread, at 44 seconds, is exactly where we want it to be," said Porter.

"But we are going to continue to work on closing the gap all the way to Tim (Rackers).' Rackers, who is now the fastest cross

ountry runner in the entire Metro Catholic Conference, said of Saturday's race, "It feels great to be conference champ." Although he admits he didn't run the race "as fast as I wanted, you have to be happy coming home with a first place medal in the Conference Championships.

Tomorrow SLUH races its third seven at the Borgia Invitational in Washington, Mo. The weeks after that are the District meet at McCluer North, Sectionals in St. Charles, and then finally the State meet in Jefferson City.

Porter believes SLUH's prospects at a State win for SLUH still seem bright.

"If we can have our one-five spread where it is now for the State meet, then we will definitely be in the hunt, and that's where we want to be. One of the things I've noticed over the years is that you just need a little bit of luck to go your way on the right day, and if that happens we can definitely win it," said Porter

Soccer on a seven-game streak

BY PATRICK HART REPORTER

LUH soccer truly seems in top form. The team is currently on a sevengame winning streak, which has moved them up to No. 14 nationally on ESPN's high school soccer rankings. Senior Brian Bement was also named High School Athlete of the Week by KTVI.

When asked about the recent rise to the top 20, senior captain and midfielder Richie Hoffman said, "We can't let it go to our heads. It's pretty cool, but we have got a lot left to do. We have to focus on dominating our opponents and keep up our style of play."

Throughout this week, the Bills have been steadily taking apart opponents with

a seemingly unstoppable combination of rock-solid defense and a lightning-quick attack. Many of the goals seem to come off great clearances and crosses by senior captain and back Rob Carr. His calm demeanor on the field has set the tone for the team.

Last Thursday, the team trekked to St. Charles for a matchup with Francis Howell North. Troubles with field conditions seemed to affect the Bills initially, but as they became settled, the attacks started to flow like usual. The goals came from juniors Paul Buehler, Mason 'The Ace" Suess, and Ryan Merrifield. It looked as if many more goals would have been possible had it not been for some very skilled opposing goalkeeping.

On a bright and warm Saturday afternoon, the Bills hosted unranked Jefferson City. The fans were treated to a glimpse of the depth of SLUH's goalkeeping squad when junior Ryan Suddarth got the start and eventually the shutout, his second of the season

Although it was hot, Hoffman was all over the field and his efforts were rewarded when he scored his second goal of the season. Hoffman shouldn't be overlooked as an offensive threat, as most of the goals this season for the Jr. Bills have come off of great runs and passes by Hoffman.

Junior defenseman Sam Steurer beat the keeper on an odd shot from the inline to make the game 2-0.

The heat seemed to take a toll on both teams. Most of the second half was played on Jeff City's half of midfield with the Bills attacking sporadically, although another goal did not result.

Tuesday night was the big game of the week. The Jr. Bills had an opportunity to avenge their early loss to Vianney in the CBC Tournament. Carr came out hot with a precise free kick to the head of Steurer

10 minutes into the game. It looked like a goal, but the Vianney keeper was able to get a hand on the ball to knock it out.

Although SLUH was unable to score in the first half head, coach Charlie Martel said in a postgame interview, "We had great chances the entire first half. The last touch inside the box is what kept us from scoring, but besides that it was a great first half."

Eighteen minutes into the first half, the crowd got a glimpse of impressive goalkeeping on the SLUH end when senior captain Andrew Evola (who was playing with a stomach virus) stopped a Vianney breakaway that might have left a lesser goalie grabbing the ball out of the back of the net.

The first goal of the night finally came

Senior Richie Hoffman dribbles around a Vianney player in the team's victory last Tuesday.

when Merrifield took a through ball at the top of the box from fellow junior Tommy Behr. Merrifield dribbled closer and closer to the goal while fighting off a Vianney defender who was all over his back. Just as the goalie committed to coming off his mark and challenging the attack, Merrifield spun suddenly and ripped a spectacular shot past the flat-footed goalie.

Eight minutes later Seuss unleashed a shot that looked straight off a highlight reel. A high pass came in, and Suess chested the pass down to his foot and drilled a dirty shot toward the far post. Vianney's goalie was forced to lay out to get a fingertip on the ball and prevent the goal.

In the 34th minute, senior Ben Emnett stepped up to score the insurance goal to end the game. After receiving a pass, Emnett beat two defenders on his own and blasted a shot past the outstretched hands of the Griffin goalie.

After the game, Martel praised Emnett, saying,"We talked about him pressuring Vianney's wings at halftime, and that's exactly what he did. It was a great, great goal.

The Jr. Bills play next at MICDS, on Monday, Oct. 18 at 4:15.

1-2 Metro Catholic Conference) had a chance to escape with a miracle victory, but the same hook and ladder play used against CBC fell short yet again. Overall, the

punishing Eureka ground attack kept the explosive Jr. Bill offense off the field wore out a banged up Jr. Bill defense, and led

the Wildcats to their sixth victory and the Jr. Bills' to their second straight loss.

The high-flying Jr. Bill offense lived up to its billing on their first snap of the game. Junior signal caller Trevor McDonagh slid back and spun a strike to fellow junior standout Stefan Sansone on a post route up the middle. Sansone raced to the end zone to give SLUH the early 7-0 lead.

Of the offense, McDonagh said, "It's awesome having more than one option every play because everybody can make a play.

After the Wildcats used the running game to smash the ball down into field goal range, junior defensive end Jamil Irvin-Mohammad pounced on Eureka running back Spencer Stein twice for consecutive sacks. The sacks pushed Eureka out of field goal range.

Turnovers killed Jr. Bill drives and gave the Wildcats extra opportunities, though. McDonagh tried to force the ball to Sansone up the seam and was picked off by a Eureka defender. On the following possession, Eureka defenders swarmed and stripped junior running back Terek Hawkins as he fought for extra yardage. With a short field, the Wildcats pounded the ball inside, and quarterback Sean Strehl eventually scored from 7 yards out. After another long catch by Sansone, junior running back Cameron Stubbs scored on a 9-yard sweep.

With the second quarter ticking away the Jr. Bills had a chance to pull ahead with the score 14-10. Another interception brought the drive to an untimely end however, and the first half closed with the Jr. Bills slightly ahead.

"It's hard when you don't have the ball but it was us turning the ball over that hurt us," said McDonagh

Ward nails Jr. Bills with 5.7 to go

As the second half progressed, the Matt Ward, Eureka's senior kicker, stood poised in his stance waiting Eureka running game began to take its toll. With senior captain John Brusati missing at strong side linebacker and key junior starter Paul Simon out at free safety, the Jr. Bill defense had to shuffle the lineup. Stefan Sansone played both ways at receiver and free safety while four junior linebackers had to compensate for the absence of Brusati.

Assistant coach Matt Buha said, "When you're missing key players every single week, it's hard for kids to play as one unit,

and I think we've run into that defensively."

Not only was the defense banged up, but battling the sheer number of plays run against them was a daunting task. The Wildcats ran 44 running plays and 69 plays total. They piled out a total of 283 yards rushing split between Strehl and Stein who alone had 203 vards. Strehl ended with three rushing touchdowns, which were Eureka's only touchdowns. Ward's two field goals made the difference, though.

Brian Silvestri booted a 39-vard field goal early in the third quarter to give SLUH a seven point lead.

Once again the offense ran through the McDonagh-to-Sansone connection. McDonagh went 10 for 15 for 211 yards and Sansone caught seven balls for 188 yards and a touchdown.

Early in the fourth quarter, with the game tied at 17, McDonagh fired a rope to Sansone on a corner route. Sansone snatched the ball a few yards short of the pylon and was knocked out of bounds before he could make a move. McDonagh shuffled in behind senior center Will Meiners for the score moments later.

Moving down the field with the game tied at 24 and the clock ticking down, the Jr. Bills were looking for a big play. The Jr. Bill fans asked, and Sansone provided. With the ball thrown behind and slightly above him, he spun in the air while simultaneously reaching out with his right hand. The point of the football flew directly into said hand and into the possession of Sansone. The catch cannot be fully appreciated without seeing pictures or video.

With this catch of the year, the Jr. Bills see FOOTBALL, 6
