Champion Zone is a licensed after school and summer camp program that offers quality programs in the Central Texas area. We are currently located at the China Spring Elementary School, China Spring Intermediate School, Lorena Primary, Bosqueville Elementary and our summer camps are based out of the Bosqueville Baptist FLC. Schools receive a portion of proceeds based on enrollment to be used locally at each individual school. This boosts each community and keeps funds local! Thank you for choosing Champion Zone and making a difference in your community and school! We will be following Covid 19 guidelines set forth by TDFPS and Child Care licensing. We will also be following guidelines developed by China Spring ISD and will maintain smaller group sizes and overall our program numbers will be limited to start the school year.
