Change of Status Policy

Any family needing to withdraw or transfer a student from the Academy is asked to formally advise the Academy that the student is being withdrawn by contacting the Director of Admissions and Communications, who will make appropriate arrangements for the student's withdrawal or transfer.

Any family seeking a change in status for a student – either from on-campus learning to remote learning or from remote learning to on-campus learning – is also asked to contact the Director of Admissions and Communications to discuss their child/ren's change of status.
