

DRIVING PRIVILEGES

Students in grades 9-12 may drive to school and park in the school lots if they have the proper credentials and if they observe the following regulations.

Regulations:

1. All cars driven to school by students must display a green, blue, or gold parking sticker in the front lower-right window; these stickers are issued, at no charge, by the front desk at the beginning of the school year.
2. To promote energy conservation and reduce carbon emissions, spaces have been set aside for students, staff, and faculty who drive low emission/high efficiency vehicles. A green sticker is required to park in those spaces. (See reverse side for green sticker criteria.)
3. Students should never park or leave cars standing in
 - a. areas reserved for admissions or visitors
 - b. drop-off areas
 - c. fire lanes
 - d. handicapped spaces (unless they have the appropriate decal)
 - e. spaces reserved for low emission/high efficiency vehicles without a green sticker
4. The parking lot is off limits except to leave school when officially excused.
5. It is each student's responsibility to drive carefully at all times. Reckless driving will result in the suspension of driving privileges.
6. Students will be subject to disciplinary action for violating any of the above rules. Parking violations on campus carry the following penalties:

First Offense:	1 Hour Detention
Second Offense:	2 Hours Detention
Third Offense:	Further Disciplinary Action

Parent: I have read the above and give my permission to my child(ren) to drive to school and understand that a student's failure to follow these rules will result in disciplinary action.

Parent Signature _____ Date _____

Student: I have read the above and agree to abide by these conditions and regulations. I understand that failure to do so will result in disciplinary action.

Student Signature _____ Date _____

Grade _____ Last Name (Printed) _____

(Over)

Green Sticker Criteria

To obtain a green parking sticker, cars must satisfy one of the following criteria:

1. Electric cars
2. Cars that earn at least 38 mpg city/highway combined *
