REQUIRED

For students to take their laptop home, a laptop sleeve **or** laptop backpack is required!

»» I ask that you do not send anything to school other than the suggested items. Extra items will be sent home due to the lack of storage space.

»» Please have all suggested items removed from their packaging

»» Label with your student's name or initials. Please label the USB plug for the wireless mouse as well. Modge podge or some other sealant should be used over the writing, so the marker does not wear off over time.

»» **If your child does not have the suggested items, I will provide them with what is needed. However, teacher provided headphones will not be allowed to go home. If a mouse is not sent from home, your child will have to use the mouse pad on the laptop.**
