

Barbers Hill Soaring Eagle Band

Fall Preparations

To: Middle School Band Students & Parents
From: Kevin Stone, Director of Bands
Re: 2020-2021 Fall Preparations

As stated in the BHISD Returning to Excellence Fall 2020 Plan, the Student Self-Assessment is a crucial step in ensuring a safe return to campus for everyone. We appreciate everyone doing their part in preparation for fall.

Listed below are details of the planning and precautionary measures we are implementing across our band programs.

Creating Spatial Separations: 8 foot social distanced markings on band hall floors. Small group rehearsals will be used until further notice. Congregating in common areas, hallways, and restrooms are not allowed. Modified schedules built around building usage.

Improving Indoor Air Quality: Installation of air filtration technologies have been installed in all band halls. The air in the space is turned over completely and filtered, freshened and disinfected up to 6 times an hour.

Increasing Cleaning and Hygiene: Sanitizing stations will be located throughout the band hall. Electrostatic sprayers will be used to augment disinfections of high-traffic and high-touch areas. Performance gaiters and bell coverings for all band students will be provided by BHISD (*items are district property and should be returned upon completion of school year*). **Students will provide their own black washcloth for water valve key clean-up.** Mi-T Mist, a disinfectant mouthpiece spray, is available to all students as needed.
