

Marin Academy's Test-Optional Policy

Just like MA itself, our admissions process is designed with students at its heart. As you embark upon your high school journey, we are here to help you find a school to make your home. This includes re-imagining the ways you get to know Marin Academy and ensuring your time with us is not only informative and safe, but also full of care and meaningful connection.

MA is committed to an equitable and accessible admissions experience and implements a holistic approach to reviewing each students' application. Given the unknown nature of COVID-19's impact on students' ability to safely access standardized testing, we are taking our test-flexible policy a step further this year: **Marin Academy will be test-optional for the 2020-21 school year.** SSAT, ISEE, or HSPT scores will not be required to apply to MA. While students may still choose to submit scores, students who choose not to submit them will not be disadvantaged in the process. For more information about the MA application process, click here for our "[Application Steps](#)."
