On limited occasions, the campus may be partially open to accommodate specialized training, but only in the area required for the training. Supervisory personnel will be present during those times to ensure safety of the students and property on the Great Plains Technology Center campuses.

B. Security considerations used in the maintenance of campus facilities
As Great Plains Technology Center Campuses, both in Frederick and Lawton, are remodeled or maintained, security measures are examined. Current security includes lighted parking lots and digital surveillance of campus areas. Campus wide surveillance has been installed to monitor areas and collect digital evidence.

5. Policy on Campus Law Enforcement.
For the reporting year ending December 31, 2016, Great Plains Technology Center did contract with off-duty Lawton Police Department personnel to assist with crime prevention. These security officers may investigate crimes and refer to the Lawton Police Department for arrest purposes The Frederick campus does not employ security officers and relies on the Frederick Police Department for investigation and/or arrest, if necessary. No personnel on any campus can make an arrest and the designated security personnel will contact law enforcement to conduct criminal investigations or make arrests, if necessary.

A. The Campus Director/Principal is designated as head of security for the Lawton Campus and the Associate Superintendent is designated as head of security for the Frederick Campus. These persons, and or their designees shall maintain a working relationship with local law enforcement officials. (Policies and Procedures, p. 109).

The campus security personnel shall have the authority to enforce all the policies and procedures approved by the Board of Education. However, the authority to make arrests shall remain with local law enforcement agencies.

B. Students and employees are encouraged to make prompt and accurate reports of crimes to designated school officials. Designated school officials will take appropriate action on all reports and contact law enforcement agencies, when necessary and desired.

C. Great Plains Technology uses a Student Care Team comprised of Student Support Services Staff who will ensure the care and safety of all students on campus, except those who are in the medical treatment areas. The Student care team will be responsible for assisting with the psychological and emotional needs of the students and staff (EMG, p. 7)

6. Orientation and In-Service Procedures and Practices.
All students, both adult and secondary, during their orientation shall be informed and advised to report any criminal acts or activities of a suspicious nature to their teacher and/or administrator. All employees will be updated annually during employee in-service training about the prevention of crimes. Employees will also be updated annually regarding campus security and their responsibilities in this area. Teachers are required to encourage students to be responsible for their own security and safety as well as the security and safety of their fellow students. (Policies and Procedures, p. 109)

Administrators and employees of GPTC work closely with local and state law enforcement officials to educate both secondary and adult students on how to protect themselves and their property. This is accomplished through campus-wide assemblies, classroom orientation, and individual student and employee conferences. Campus-wide assemblies are held annually and orientation is conducted with each entering class. New employees complete a year-long orientation to all campus policies and procedures, including security.
8. Monitoring and recording criminal activities in which students engage at off-site locations of student organizations officially recognized by the institution.

Student organizations currently available at Great Plains Technology Center include:

ii) All school policies are in effect during the entire trip. No consumption of alcohol or drugs by secondary OR adult students, no smoking by secondary students, no smoking while in professional dress by adults, dress code enforced.

iii) Entire delegation will stay at the same hotel. If special arrangements are needed, these must be made known to the Activities Coordinator before reservations are made – usually two months in advance. (Policies and Procedures, pp. 78).

DRUG FREE STATEMENT
Using alcohol and other drugs carries risks. Alcohol and drugs impair your judgment, making you more likely to hurt yourself or others, have trouble with the law, to do poorly at work and school, and to have relationship trouble. Alcohol and drugs also have specific health risks: They can damage major organs, increase your risk of cancers, and even cause death.

There are three (3) alcohol and drug treatment centers serving Comanche, Tillman, and Kiowa counties – they are Reflections, Southwestern Medical Center. Silver Linings, Comanche County Memorial Hospital, and Taliaferro Community Health Center.

All students have a right to attend school in an environment conducive to learning. Since alcohol and other drug use is illegal and interferes with both effective learning and the healthy development of young people, the Great Plains Technology Center has a fundamental legal and ethical obligation to prevent drug use and to maintain a drug free educational environment.

Because of the extensive abuse of alcohol, tobacco, and drugs and their continuous promotion in our society, the Great Plains Technology Center provides drug education units. Which are integrated with the standard curriculum. These units are necessary to prepare students for decision-making against drug and alcohol use.

Drug use, possession (including paraphernalia,) and sale on the school grounds and at school functions will not be tolerated. Specific infractions and appropriate disciplinary actions are listed in the Great Plains Technology Center Student Handbook. Some possible actions include parental contact, suspension, or expulsion. (Student Handbook, Section 14.0, p. 35).

11. Sexual assault programs, prevention, and procedures

A. Great Plains Technology Center is a secondary/postsecondary educational institution serving both high school students and adults. It does not have any formal awareness program addressing rape, acquaintance rape, or sexual assault. Individual classroom or Career Technical Student Organization materials may address these issues, but no formalized system of awareness has been established. Certified school counselors and a certified school psychologist are available for incident-specific counseling and a formal awareness program is currently in development.

B. Procedures for reporting a sexual assault are outlined in the Emergency Management Guide, page 16 as follows:
   1. Call 911
   2. If the victim needs medical assistance, the School Nurse should be contacted immediately. Notify the Campus Director/Principal or designee if an assault occurs on campus in order to determine the course of action. Secure the area so police can investigate. When possible, the center’s officials should accompany the individual for medical treatment.
   3. The Campus Director/Principal or designee should contact the police immediately. The police will lead the criminal investigation, and the Campus Director/Principal or designee will act as the liaison between the police investigation and the center.
   4. Notification of students of existing on and off-campus counseling services:
      The Campus Director/Principal or designee will recommend any party having difficulty dealing with the situation to speak with the Student Care Team. (Any long-term counseling should be referred outside the Great Plains Technology Center). (Emergency Management Guide, p. 22)

C. Great Plains Technology Center will follow the Student Handbook code of discipline, Sections 2.0 – 2.7 in dealing with both the accuser and the accused. Any internal discipline will follow these guidelines and all parties will remain informed, to the limits of the policies in place. (Student Handbook pp. 24-27)
D. Sanctions which may be imposed following the final determination of an institution’s internal disciplinary proceedings regarding sex offenses include but are not limited to:
   i) In-school detention
   ii) Removal from a class or group (temporary or permanent)
   iii) Referral to other social or educational agencies
   iv) Suspension
   v) Expulsion
   vi) Involve law enforcement
   vii) Any other disciplinary action deemed appropriate under the circumstances
       (Student Handbook, Section 2.7, p. 27).

12. Domestic Violence/Violence Against Women
   In the course of any disciplinary proceeding of an alleged sexual offense, both the accuser and the accused will be entitled to the same opportunities to have others present. In addition, both the accuser and the accused will be informed of the outcome of the proceeding and any sanctions imposed following such a proceeding.
   The Student Support Services Department shall maintain information including:
   i) Rape
   ii) Acquaintance Rape
   iii) Forcible Sexual Assault

This list of resources will be made available in the Student Support Services Department and will be distributed to all teachers during orientation. This information shall also appear in the Student Handbook, which is available to all students and parents of students on the Great Plains Technology Center website. Students will also be informed regarding the presence of security on campus and available assistance in notifying the authorities, if the student requests such assistance.
